

Esteemed Council Members,

**Regarding the Special Called City Council Discussion/Meeting November 30, 2021:**

We believe that all changes to the Land Development Code at this time are not welcome, particularly since the City's judgment has not been issued yet by the 14<sup>th</sup> Court of Appeals (heard on November 17, 2021). Changing ongoing regulations would trigger state mandated protest rights. These proposals do not reflect each District's Constituents' concerns regarding proper process. The City Council is denying the citizenry due process without providing transparency with proper vetting and citizen input during the Holidays.

Please take the time to do this right.

Justin P. Irving  
President  
Austin Neighborhoods Council
