

## MEMORANDUM OF UNDERSTANDING

This **MEMORANDUM OF UNDERSTANDING** (this "MOU") ), dated as of [signing date], 2021 and made effective as of the date this MOU is approved by City Council (the "Effective Date"), by and between **THE AUSTIN ECONOMIC DEVELOPMENT CORPORATION**, a Texas local government corporation (the "AEDC"), and **THE URBAN RENEWAL AGENCY OF THE CITY OF AUSTIN**, a Texas urban renewal agency (the "URA"). AEDC and URA are each referred to herein individually as a "Party" and collectively as the "Parties".

### **BACKGROUND:**

A. On October 1, 2019, the City of Austin (the "City") and the URA entered into an "Agreement Concerning Implementation of East 11th and 12th Streets Urban Renewal Plan" (as amended, the "URA Agreement"). The URA Agreement discusses the coordination and implementation of the East 11th and 12th Streets Urban Renewal Plan prepared by the URA and approved by the City pursuant to Chapter 374 of the Texas Local Government Code (the "UR Plan").

B. As a component of the UR Plan, the City transferred two parcels of land within the redevelopment area known as Block 16 and Block 18, totaling approximately 2.05 acres, as more fully described in EXHIBIT A attached hereto (the "Land"), and the URA has agreed to undertake the redevelopment of the Land in a manner that supports the goals of the UR Plan (the "Project").

C. Public input activities regarding the Land have taken place continuously over the past twenty (20) years. As such, numerous planning documents incorporating public input have been introduced, such as the 1999 Central East Austin Master Plan, the 2001 Central East Austin Neighborhood Plan, a 2009 RFP that was the product of a public engagement process, and the 2012 East 11<sup>th</sup>-12<sup>th</sup> Street Development Strategy plan. More recently, in January 2019, the URA accumulated the years of public input and began identifying development priorities for the Land. These priorities included (i) project creativity and need, (ii) additional affordable housing, (iii) community parking, (iv) incorporation of the African American Cultural & Heritage Facility or the Historic Victory Grill, (v) minority and women owned businesses, (vi) green building, and (vii) other public benefits (the "Development Priorities").

D. At the recommendation of the AEDC and the URA, the City has approved an "Addendum No. 4 (East 11th and 12th Street Neighborhood Renewal Project)" (the "Addendum") pursuant to the Interlocal Cooperation Agreement entered into by and among the AEDC, the City and the Austin Industrial Development Corporation June 10th, 2021 (the "Interlocal Agreement"). The Addendum authorizes the AEDC to aid and act on behalf of the City by providing assistance and services with respect to the redevelopment of the Land be achieved through a long-term master lease, ground lease, or public-private partnership transaction to be agreed upon pursuant to a competitive solicitation process. This process is most likely to result in the highest and best use of the Land as modified by the Development Priorities and the priorities set forth in the UR Plan.

**ACCORDINGLY**, in order to accomplish the foregoing purposes, the Parties hereby agree as follows:

**Section 1 General Description of the Project.** The Parties intend to pursue the redevelopment of the Land in a manner that supports the goals of the UR Plan through one or more real estate transactions with one or more public or private development partners to be identified and selected pursuant to a competitive solicitation process as more fully described in this MOU. The Project will be transacted to accomplish the purposes of the UR Plan in accordance with the terms of the URA Agreement, and a commitment to establishing priority goals to ensure diversity, equity and inclusion from community engagement through developer selection, and construction. The redevelopment of the Land may be

achieved through a master lease, ground lease, or public-private partnership transaction to be agreed upon pursuant to a competitive solicitation process. Unless otherwise agreed upon, fee title to the Land will remain with URA for the entire term of the transaction.

**Section 2 Solicitation Process and Contents.** The AEDC will be primarily responsible for supporting the URA with preparing, issuing, and administering a solicitation for Project (the "Solicitation"). The Solicitation may take the form of a RFP, and will fully describe the Project's objectives and the criteria whereby respondents will be evaluated.

- (a) *Contents of the Solicitation.* The Solicitation will contemplate, among other things, the following:
  - (i) The Solicitation will identify priorities and objectives for the redevelopment of the Land, s, for the accomplishment of the UR Plan, including any contemplated or potential public and private uses.
  - (ii) The Solicitation will list the potential sources of funding for the Project, as more fully described in Section 5; however, respondents will be asked to submit their proposal for the sources and uses of funds in achieving the development of the Project, including any private sources of funding and financing.
  - (iii) The Solicitation will include the key assumptions and conditions for the redevelopment of the Land, such as encumbrances, entitlements, land use and permitting, environmental conditions, utilities, ad valorem tax treatment, and the availability of sales and use tax exemptions.
  - (iv) The Solicitation will identify any public and community interest requirements applicable to the Project and respondents, such as prevailing wage requirements, utilization of women and minority-owned businesses, and applicable State law requirements.
  - (v) The Solicitation will provide for a selection of one or more proposals that provides the best overall value to the URA and the City. The Solicitation will clearly list the key terms and evaluation criteria by which respondents will be evaluated, including: (a) the manner in which the proposal achieves the URA's objectives and priorities, (b) the overall transactional and financing structure for the Project, (c) key contract terms such as revenue sharing, rent, and lease terms, (d) commitments and obligations (if any) expected from the URA and the City, (e) the pro forma development budget; and (f) prior experience, general qualifications, references, and financial capacity of the respondent and other key transaction parties; (g) commitment to diversity, equity and inclusion both in: (1) populations served by the completed development and (2) the composition of the respondent's team; and (h) adherence to Project requirements.

At the conclusion of each phase, the Parties will discuss the upcoming phases and timeline in detail to confirm roles/responsibilities and confirm timeline and performance expectations. The final two phases, transaction negotiation and approvals will be as much determined by external parties, their timelines and processes, as it will be driven by the Parties desire to conclude this process efficiently.
