**Walk Bike Roll**  
*Urban Trails | Sidewalks | Bikeways Plans*

# ATX Walk Bike Roll Project Overview

ATX Walk Bike Roll updates three plans that guide when and where we build places to walk, bike, and roll.

- Urban Trails Plan (2014)
- Sidewalk Plan (2016)
- Bicycle Plan (2014)

Project Website -

<https://www.austintexas.gov/ATXWBR>

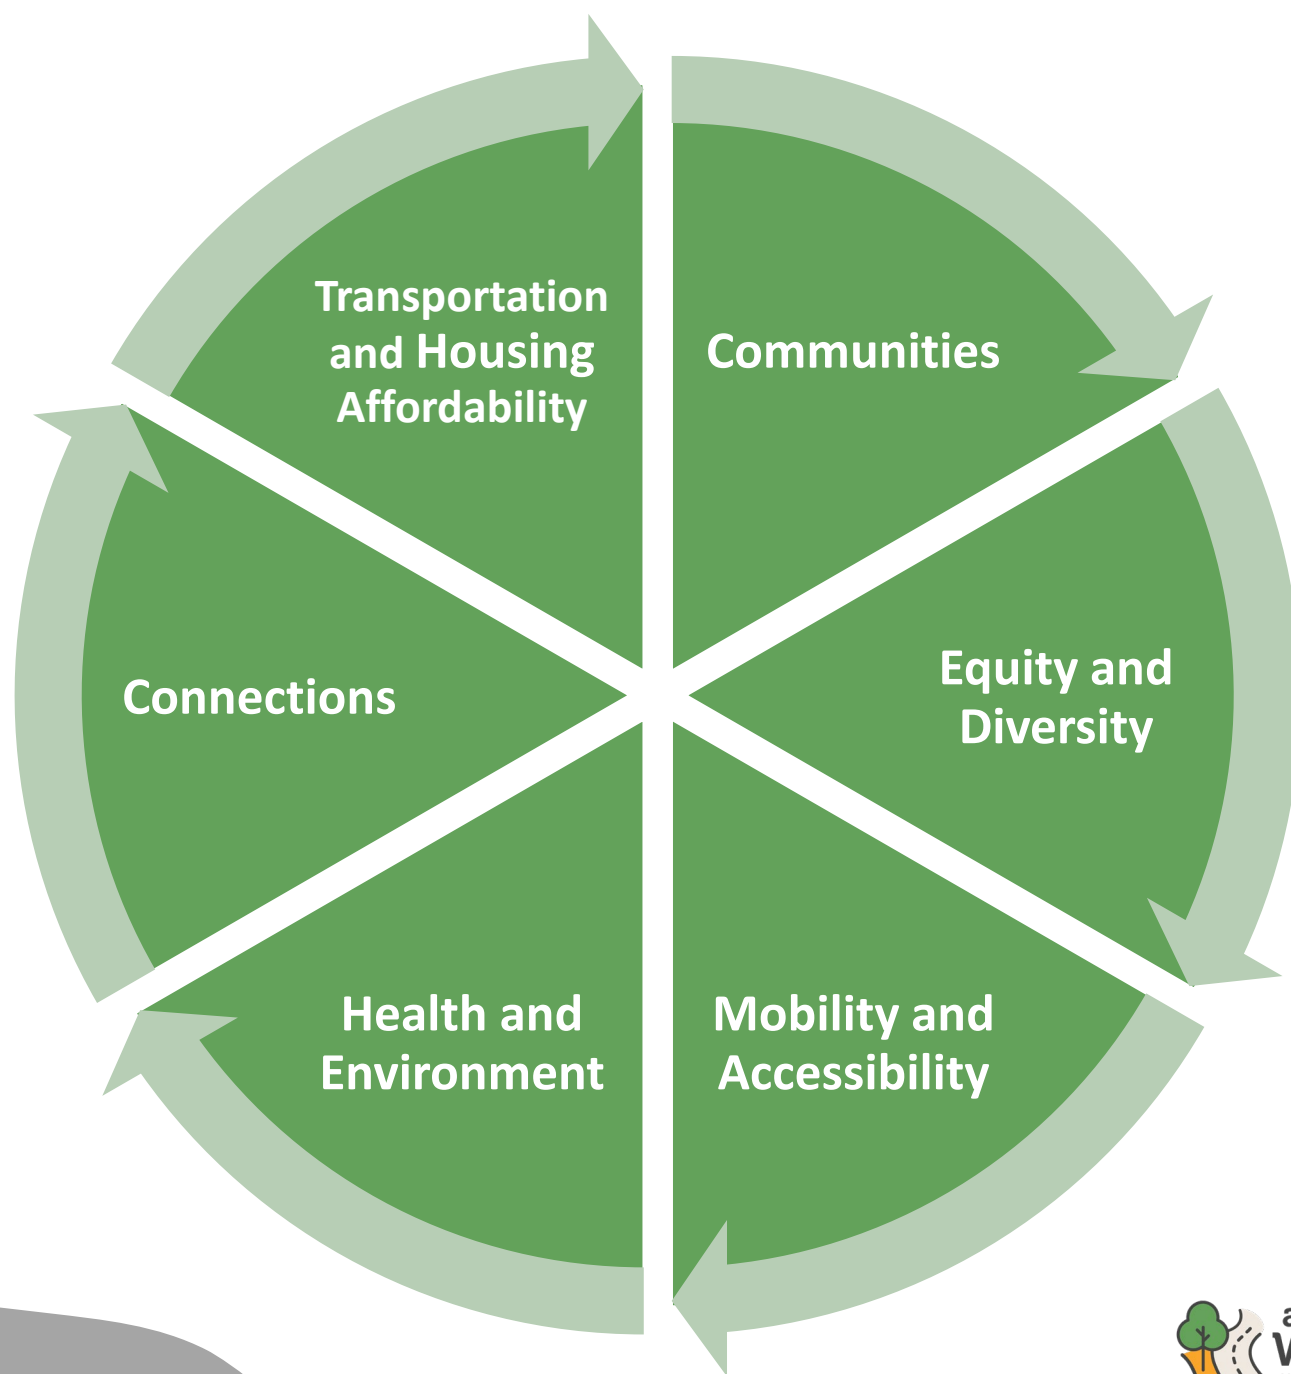

# Centered on Equity

ATX Walk Bike Roll will center on racial equity.

Racial equity can be defined as “the condition when race no longer predicts a person’s quality of life outcomes in our community.”

# Planning Values

# Shared Streets & Related Endeavors

Shared Streets concept from  
2016 Sidewalk Plan

Healthy Streets program  
during pandemic &  
beyond

Living Streets petition and  
Council Resolution  
20211021-027

# Example Design Treatments

Curb extensions

Traffic Circles

# Example Design Treatments

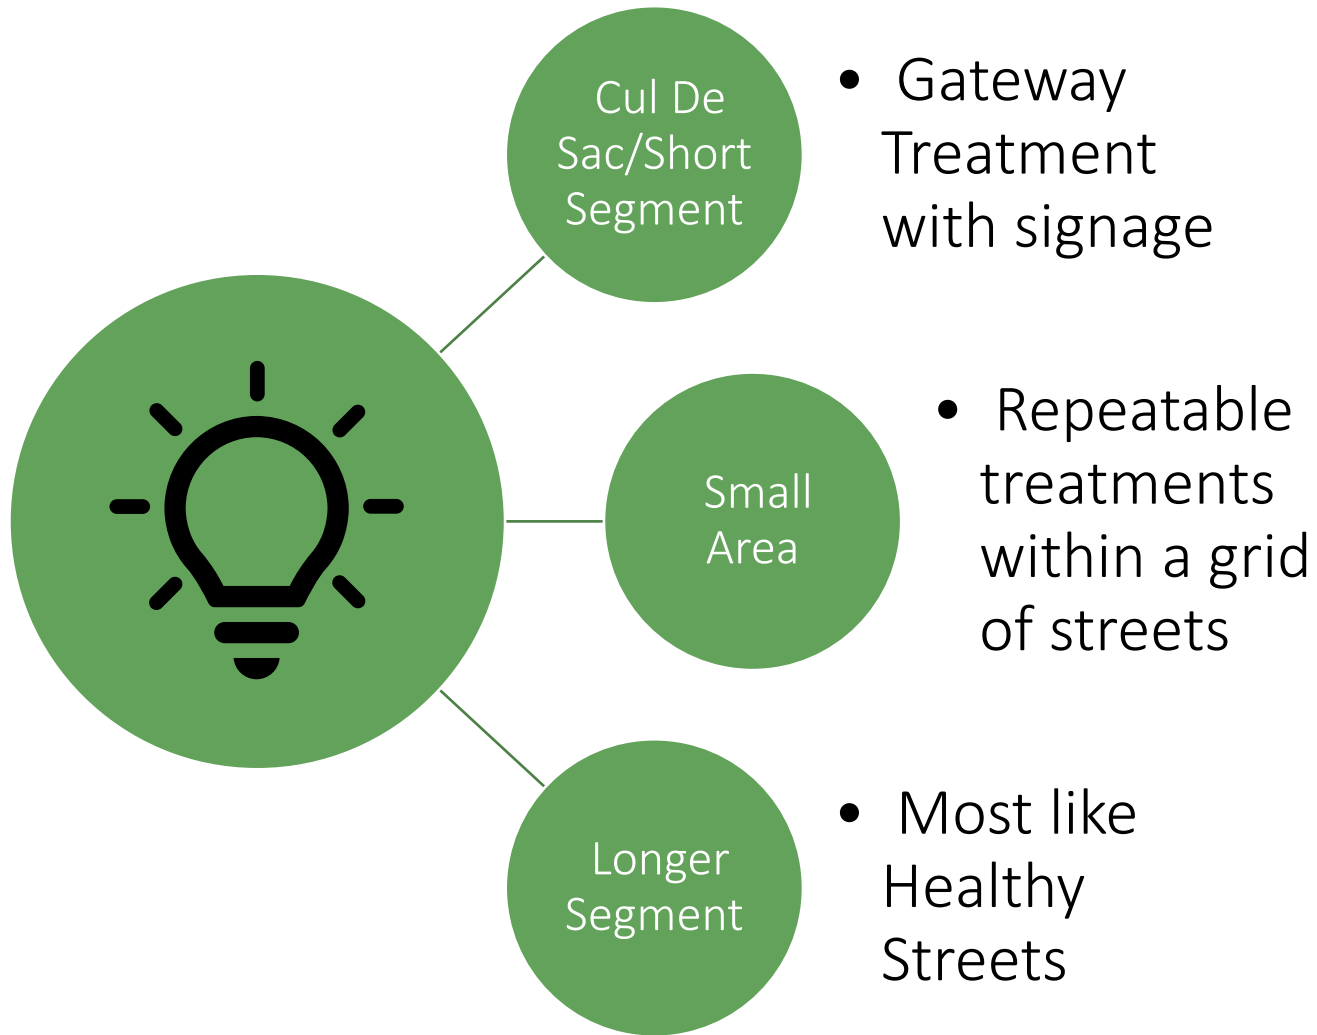

Curb extensions, pinch points

Traffic circle, chicanes

# Types of Shared Street Pilot Areas

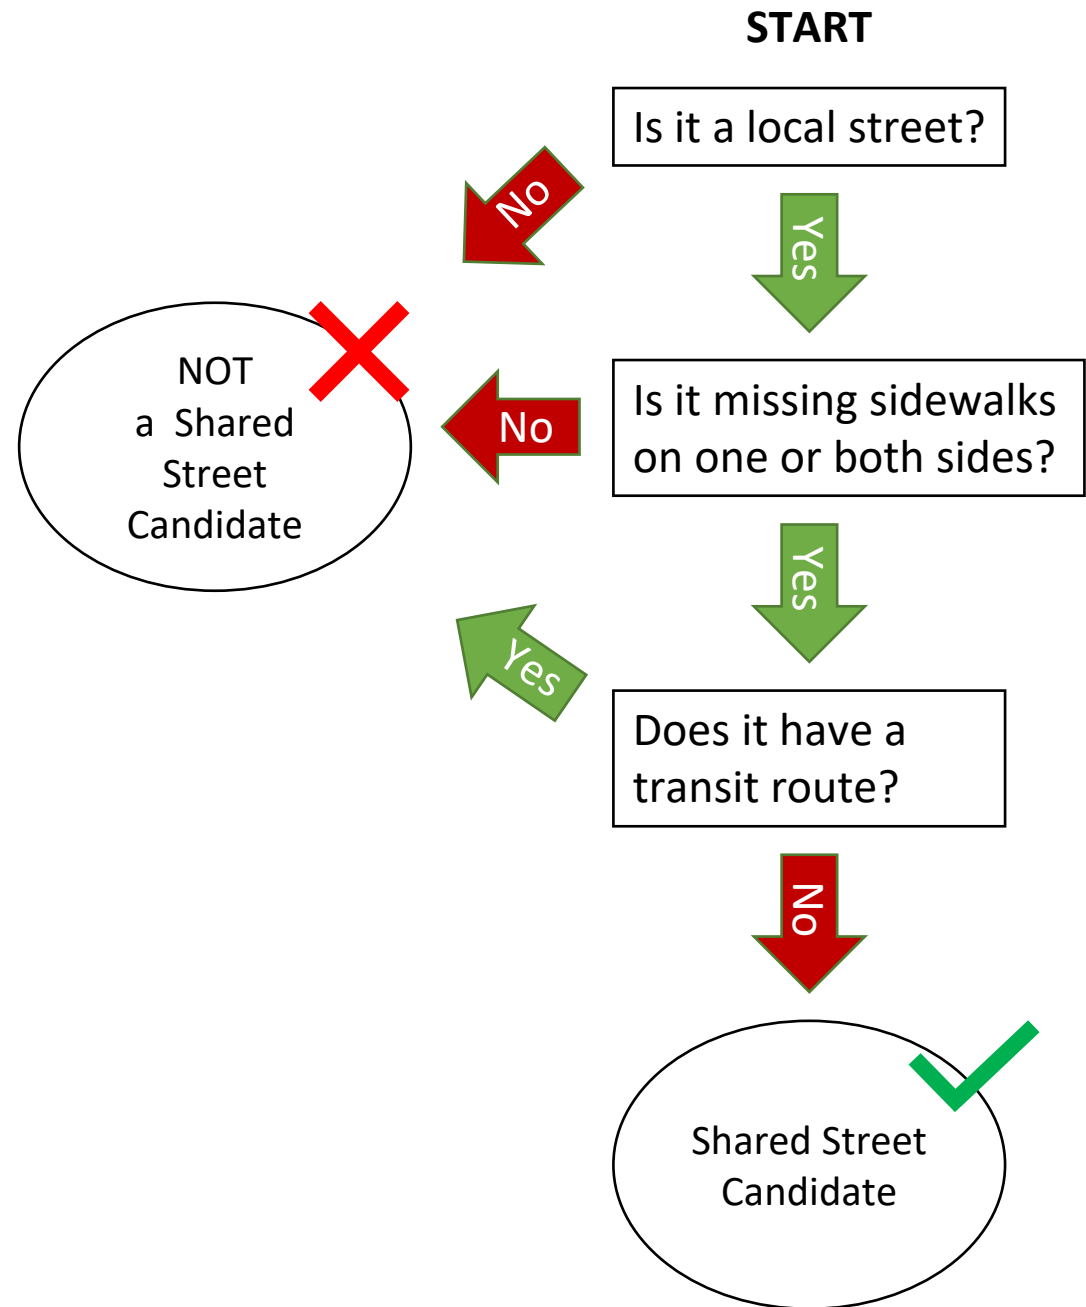

# Screening for Candidate Streets

Initial analysis only; Pedestrian Attractor Score and Pedestrian Safety Score will be used for prioritization.

All potential candidate streets will be assessed individually for suitability.

Community will be involved in design process.

# Discussion Questions

- What do you like about this concept?
- What don't you like?

# Next Steps

- Finalizing potential candidate streets
- Reach out to neighborhoods to test support
- Develop designs for installation and evaluation
