

MOTION SHEET

Motion: I move to postpone item 24 indefinitely with additional direction to the City Manager.

Direction: Council wishes to indefinitely postpone the establishment of a Marshal's program as a division of the Austin Municipal Court (Item 24). The Manager is directed to conduct public engagement with stakeholders and community members to discuss how best to meet the civilian and sworn staffing and security needs of the Municipal Court and the Downtown Austin Court. If the results of that engagement identify needs which require Council action, the Manager is directed to return to Council for the appropriate approvals. Stakeholder engagement should begin within the next 30 days.
