As a longtime resident of the Travis Heights Fairview Park National Historic District, I am extremely disheartened to receive notice that the following properties are being considered for destruction. I am appalled that the new owners (spec developers??) have not given the neighborhood the courtesy of attending an SRCC meeting to present their, no doubt wonderful, reasons for tearing down these modest homes. I object to each and every demolition until the applicants have explained why it is important to supersede the intentions of a national historic district. Please make my objection known in every public hearing that is available. Thank you.
