

PUBLIC HEARING INFORMATION

The proposed amendment will be reviewed and acted upon at two public hearings: first, before the Planning Commission and then before the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed amendment. You may also contact a registered neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a plan amendment request or approve an alternative to the amendment requested.

If you have any questions concerning this notice, please contact the City of Austin Housing and Planning Department at the number shown on the first page. If you would like to express your support or opposition to this request, you may do so in several ways:

- by attending the Public Hearing and conveying your concerns at that meeting

- by writing to the city contact listed on the previous page

Comments: The zoning change is not in compliance with the FLUM, the South Congress Combined Neighborhood Planning mapping plan, or Imagine Austin's criteria for new development. If allowed, a new development will cause unsafe conditions (rerouting two pipelines, and placing pedestrians in high traffic areas without crosswalks, bike lanes, and stop lights.)
