Attn: Amber Allen:

I OBJECT to the demolition of this altered structure in the National Register Historic District but not because it is contributing to the pre-war bungalow character of the neighborhood. I do object to the wholesale demolition of smaller homes to build multi-story mansions, (definitely NOT affordable housing), which are out of scale with the neighborhood. Many trees would also be sacrificed in this location if the current structure is demolished.

I received 3 different applications for demolition in this area alone this week. This should not be allowed in a National Register Historic district
