Plans to be Redone

Email from Owner:

- Hi James,
- I wanted to let you know FAB went on-site yesterday and confirmed that there is an issue with the current plans and those large limbs of tree #4. I understand the Reviewer from the city had a similar finding so we're all in agreement that the plans need to be adapted to ensure there is no impact on the tree. I'm not sure what happened with the FAB team on the initial plans but I can assure you it was not intentional.
-
- Once we have an update plan we'll share those with the city and work with the Arborist to ensure the trees are safe.
-
- Thank you,
- Matt
