Construction documents approved by the building official are approved with the intent that such construction documents comply in all respects with City technical codes. The review of construction documents is not exhaustive of all code requirements. The issuance or approval of plans and specifications or other construction documents is not an approval of any violation of the technical codes or of any other ordinance of the jurisdiction. The issuance of an approval based on plans, specifications and other data shall not prevent the building official from requiring the correction of errors in the plans, specifications or other data.

The City of Austin has not conducted a plan review of the mechanical, electrical or plumbing on this plan set. Be advised that all work performed on this project must be as per applicable trade code.

### Inspection requirements

Building Inspection

Electric Inspection

Mechanical Inspection

Plumbing Inspection

All Buildings, Fences, Landscaping, Patios, Flatwork And Other Uses Or Obstructions Of A Drainage Easement Are Prohibited, Unless Expressly Permitted By A License Agreement Approved By COA Authorizing Use Of The Easement.

**City Code Chapter 25-12, Article 13: A permit expires on the 181st day if the project has not scheduled nor received an inspection. A "Cancelled" and/or "Failed/No Work Performed" inspection result does not extend the expiration date.**

The following permits are required as a separate permit: See Mechanical, Electrical, Plumbing permits for Related Fees and Inspections.
