

# REACH Update

## *Austin Energy Utility Oversight Committee*

Erika Bierschbach

VP, Energy Market Operations & Resource Planning

April 5, 2022

© 2018 Austin Energy

# REACH

Reduce Emissions Affordably for Climate Health

## Affordable

Protect customer rates

## Flexible

Dispatch during higher prices

## Reduction

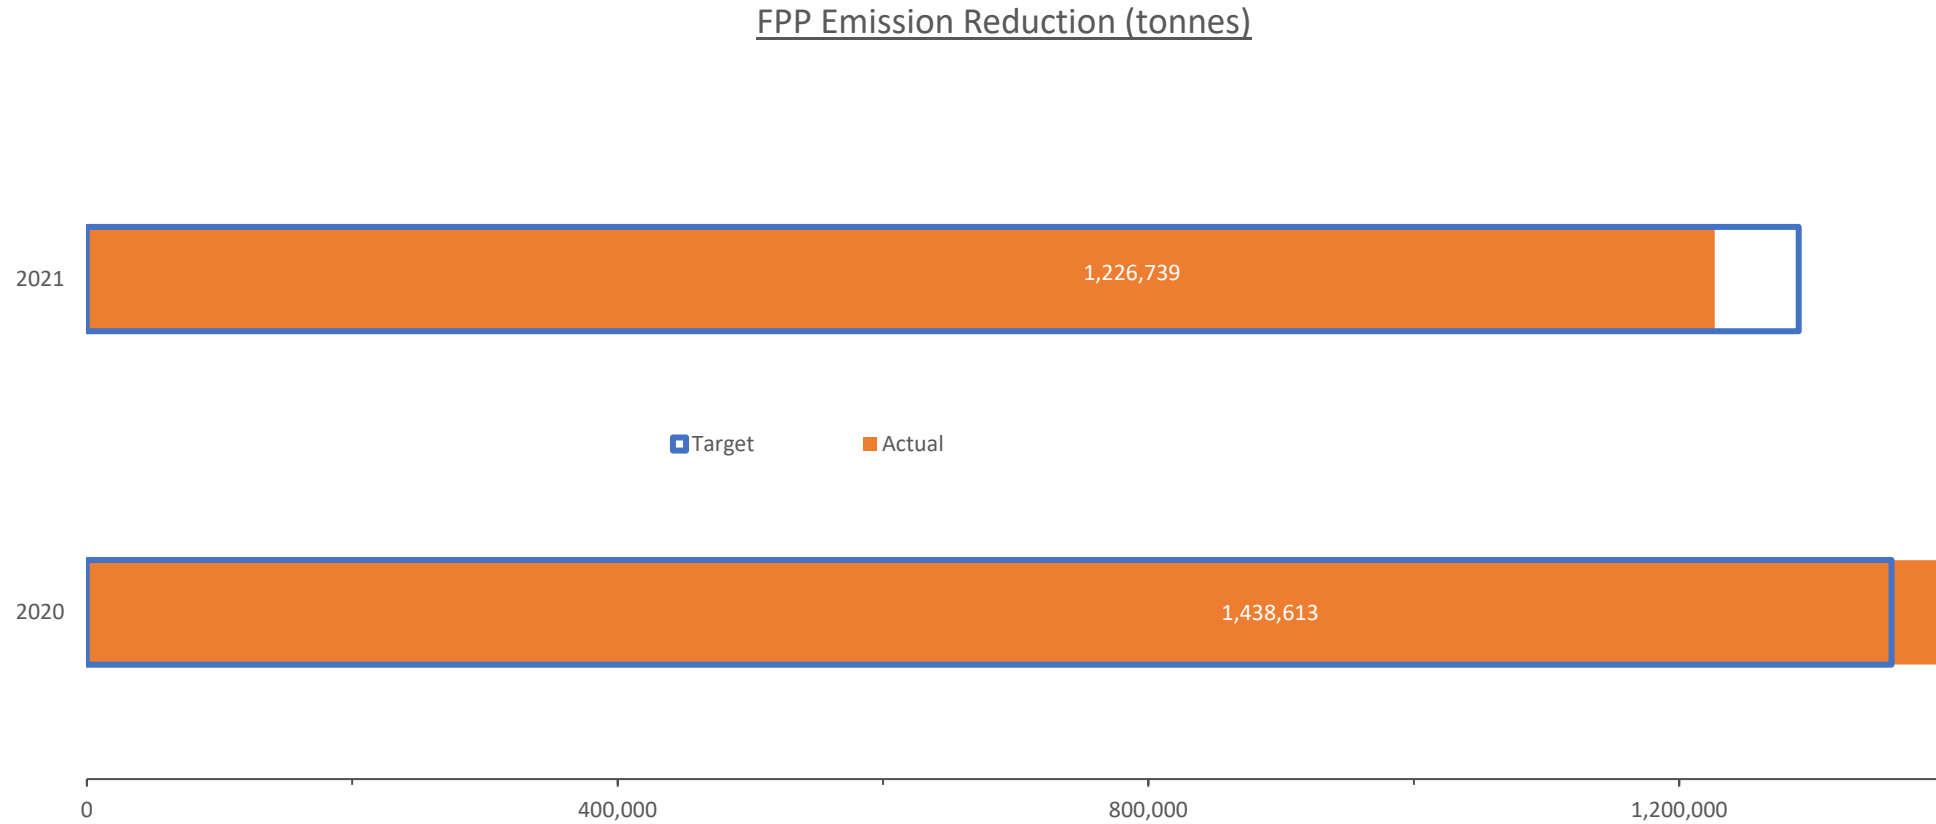

2.7 mil tonnes in 2020 & 2021

REACH is flexible and allows the utility to reduce emissions while at the same time protecting customers from rate increases arising from volatility in the ERCOT market

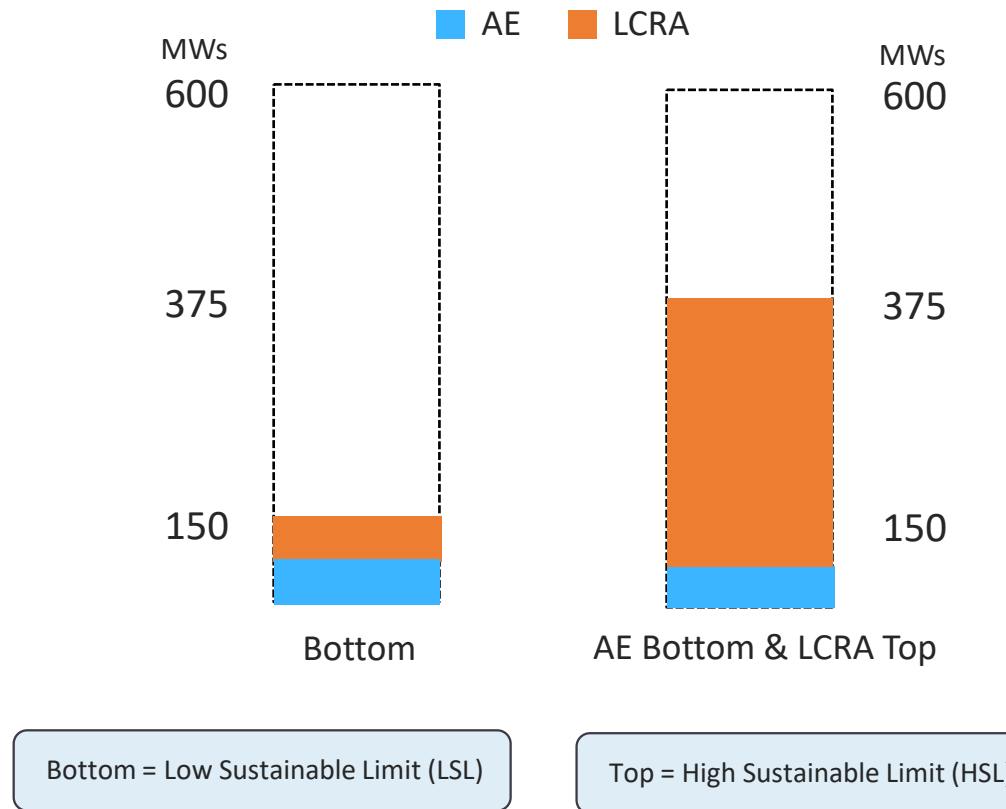

# Overall REACH Performance

*March 26, 2020 – December 31, 2021*

# How REACH Can Operate at FPP

In 2019 to 2021, prices over \$100 occurred 2% of the time and accounted for 91% of plant revenue
