

## MOTION SHEET

I move to approve item 38 with the following direction

The City Manager is directed to return to Council by May 5<sup>th</sup> with recommendations for potential funding sources, excluding Austin Public Health's existing budget, and an associated funding action to restore \$282,821 in annual funding for the Prime Time afterschool program serving children in Title 1 schools.

*Restoring this funding would allow Prime Time to serve over 4,900 children; doing otherwise would see a potential cut in services for an estimated 1,500 children.*
