Agenda Item			
Ratify a contract with Ovivo USA LLC to provide a turbine drive and installation, in the amount of \$280,000.			
Amount and Source of Funding			
Funding was available in the Fiscal Year 2021-2022 Operating Budget of Austin Water.			
Purchasing Language:	Ratification		
Prior Council Action:	N/A		
Boards and Commission Action:	April 13, 2022 – To be reviewed by the Water and Wastewater Commission.		
MBE/WBE:	This contract is exempt from the City Code Chapter 2-9C Minority Owned and Women Owned Business Enterprise Procurement Program; therefore, no subcontracting goals were established.		

The contract provided a new turbine drive unit and installation to be utilized by Austin Water for the operation of the Upflow Clarifier (UFC) No. 1 at the Ullrich Water Treatment Plant (WTP). The turbine drive units in the upflow clarifiers drive a large diameter turbine that promotes mixing, flocculation, and solids contact with influent raw water as part of the drinking water treatment process. The new turbine drive unit replaces an existing one to allow for the operation of UFC No. 1, restoring full production capacity to Ullrich WTP.
