

ZONING CHANGE REVIEW SHEET

CASE: C14-2021-0130

DISTRICT: 8

ZONING FROM: RR-NP (Tract 1) and
LO-NP (Tract 2)

TO: GO-MU-NP

ADDRESS: 7715 ½ and 7817 West State Highway 71

SITE AREA: 22.17 acers

PROPERTY OWNERS:

Stephen Simon, John Simon, Barbara Simon
Bierner and Marvin H. Kretzschmar

AGENT:

Drenner Group (Amanda Swor)

CASE MANAGER: Wendy Rhoades (512-974-7719, wendy.rhoades@austintexas.gov)

STAFF RECOMMENDATION:

Staff recommends general office-mixed use-neighborhood plan (GO-MU-NP) combining district zoning. *For a summary of the basis of staff's recommendation, see page 2.*

PLANNING COMMISSION ACTION / RECOMMENDATION:

April 26, 2022:

March 8, 2022: *APPROVED A POSTPONEMENT REQUEST BY STAFF TO APRIL 26, 2022, BY CONSENT*

[R. SCHNEIDER; A. AZHAR – 2ND] (10-0) J. MUSHTALER – OFF THE DAIS; J. SHIEH, J. THOMPSON – ABSENT

CITY COUNCIL ACTION:

To be Scheduled

ORDINANCE NUMBER:

ISSUES:

On March 25, 2022, Staff received correspondence from an adjacent property owner removing his name from the zoning petition. The prospective buyer also entered into a private Restrictive Covenant regarding The Applicant has entered into a private restrictive covenant with the adjacent property owner to east regarding building height of townhome structures, boundary fencing, emergency access and an impervious cover limit among other items, as shown in

Exhibit F: Private Restrictive Covenant and Removal of Petition Signature. Previously, on November 11, 2021, Staff received a petition in opposition to this rezoning case. The percentage for this petition was 29.19% and made this a valid petition. The petition, a map and list of property owners within the petition area and signatures received to date are included in ***Exhibit E: Formal Petition.***

The Oak Hill Neighborhood Plan Contact Team and the Oak Hill Association of Neighborhoods (OHAN) is opposed to any rezoning. Staff has also received numerous comments in opposition of this rezoning request. For all written or emailed comments, please see ***Exhibit C: Correspondence Received.***

CASE MANAGER COMMENTS:

This property is currently undeveloped and approximately 22.17 acres in size. It is located on the south side of W. SH 71 and consists of RR-NP and LO-NP zonings. Adjacent zoning consists of LR-MU-CO-NP, LO-MU-CO-NP and RR-NP to the east; SF-6-NP to the south, and SF-6-NP and CS-NP to the west. To the north is W. SH 71 right-of-way and is not zoned. Please refer to ***Exhibit A: Zoning Map and Exhibit B: Aerial Map.***

Per the applicant's rezoning application, they are requesting GO-MU-NP to construct a multifamily development with up to 382 multifamily units and 21 townhomes (total of 403 total units), which amounts to approximately 18 units per acre. There is a 0.7 mile trail that loops around the property and a 9 acre public park on the property that has been coordinated with the Parks and Recreation Department (PARD) staff. The future land use map (FLUM) designates this property as both "mixed use/office" and "single family" and therefore requires a neighborhood plan amendment (NPA) to be considered with the rezoning request. Please refer to case no. NPA-2021-0025.02.

Due to the number of proposed residential units, staff sent AISD the Educational Impact Statement (EIS) forms provided in the application. Their response is included in ***Exhibit D: EIS from AISD.***

Currently the LO-NP portion of this property (Tract 2) is subject to a public restrictive covenant (RC). This RC was created prior to the creation of the SOS ordinance and allows for a higher impervious cover amount as well as compliance to water quality requirements from the Austin City Code of 1981. It also capped the maximum building square footage and required the owner to participate in the construction of a commercial loop with specific design standards. The applicant has submitted a restrictive covenant amendment (RCA) application to amend the requirements of their RC, please refer to case no. C14-85-288.23(RCA).

Neighbors and interested parties have shared concerns about increased development in this area. They have asked if it was possible to transfer some of the impervious cover from Tract 2 to Tract 1 to allow development to be closer to SH 71. Staff from the Watershed Protection Department have confirmed that this is not possible. The Austin Land Development Code (LDC) 25-8-483 prohibits transfers of development intensity within the Barton Springs Zone.

BASIS OF RECOMMENDATION:

1. *The proposed zoning should be consistent with the purpose statement of the district sought.*

The general office (GO) district is intended for offices and selected commercial uses predominantly serving community or City-wide needs, such as medical or professional offices. A building in a GO district may contain more than one use. The mixed use (MU) district is intended to allow for office, retail, commercial and residential uses to be combined in a single development. The neighborhood plan (NP) district denotes a tract located within the boundaries of an adopted Neighborhood Plan.

The property has access to West State Highway 71, an arterial and frontage on Little Deer Crossing, a local street which serves a condominium community.

2. *Intensive multi-family zoning should be located on highways and major arterials.*
3. *Zoning changes should promote compatibility with adjacent and nearby uses.*

Staff recommends GO-MU-NP zoning for the property based on the following considerations:

1) office and multifamily residential development is appropriate on West State Highway 71, an arterial (Level 5) road, 2) it is suitable for residential development, 3) a multifamily development adds to the variety of housing choices available in the area and would assist towards accomplishing housing goals, and 4) the proposed development will be more compact due to a reduction in impervious cover and improvements to water quality controls to be codified through the corresponding Restrictive Covenant Amendment application.

EXISTING ZONING AND LAND USES:

	Zoning	Land Uses
Site	RR-NP and LO-NP	Undeveloped
North	Not applicable	West SH 71 right-of-way
South	SF-6-NP	Undeveloped
East	LR-MU-CO-NP, LO-MU-CO-NP and RR-NP	Undeveloped, vehicle storage, and bed and breakfast
West	SF-6-NP and CS-NP	Undeveloped and convenience storage

NEIGHBORHOOD PLANNING AREA: Oak Hill Combined (West Oak Hill)

TIA: A traffic impact analysis shall be required at the time of site plan if triggered per LDC 25-6-113.

WATERSHED: Williamson Creek Watershed – Barton Springs Zone (Contributing Zone)

SCHOOLS: An Educational Impact Statement is required.

Street	ROW	Pavement	Classification	Sidewalks	Bike Route	Capital Metro (within ¼ mile)
West SH 71	150 feet	77 feet	Level 5	Yes	Wide Shoulder	No

OTHER STAFF COMMENTS:**Environmental**

1. This site is not located over the Edwards Aquifer Recharge Zone. The site is in the Williamson Creek Watershed of the Colorado River Basin, which is classified as a Barton

Springs Zone Watershed by Chapter 25-8 of the City's Land Development Code. It is in the Drinking Water Protection Zone.

2. Project applications at the time of this report are subject to the SOS Ordinance that allows 25% impervious cover in the Contributing Zone.
3. According to floodplain maps there is a floodplain within or adjacent to the project location. Based upon the location of the floodplain, offsite drainage should be calculated to determine whether a Water Quality Transition Zone / Critical Water Quality Zone exist within the project location.
4. Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.
5. At this time, site specific information is unavailable regarding vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.
6. Under current watershed regulations, development or redevelopment requires water quality control with increased capture volume and control of the 2-year storm on site. Runoff from the site is required to comply with pollutant load restrictions as specified in Land Development Code.

PARD Review

PR1: Parkland dedication will be required at the time of subdivision or site plan application for new residential units, per City Code § 25-1-601, as amended. The proposed development meets the criteria for land dedication in City Code Title 25, Article 14. As such, a partial land dedication will be required, as well as any remaining fees in-lieu.

The site is currently park deficient, defined as being outside walking distance to existing parks. The development as proposed will require parkland dedication for the new residential units that will serve this neighborhood through the additional park investment. The Parks and Recreation Department (PARD) would consider a pocket park with connections into the surrounding neighborhood toward satisfying the requirement at time of permitting (whether subdivision or site plan). Such a park would improve neighborhood park access, and satisfy a park need for this new development.

Should there be any remaining fees in-lieu, those fees shall be used toward park investments in the form of land acquisition and/or park amenities within the surrounding area, per the Parkland Dedication Operating Procedures § 14.3.11 and City Code § 25-1-607 (B)(1) & (2).

Should the applicant wish to discuss parkland dedication requirements in advance of site plan or subdivision applications, please contact this reviewer: thomas.rowlinson@austintexas.gov. At the applicant's request, PARD has provided an early determination letter of the requirements as stated in this review.

Site Plan

SP 1 Any new development is subject to Subchapter E. Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted.

SP 2 The site is subject to compatibility standards. Along the south property line, the following standards apply:

- No structure may be built within 25 feet of the property line.
- No structure in excess of two stories or 30 feet in height may be constructed within 50 feet of the property line.
- No structure in excess of three stories or 40 feet in height may be constructed within 100 feet of the property line.
- No parking or driveways are allowed within 25 feet of the property line.
- A landscape area at least 25 feet wide is required along the property line. In addition, a fence, berm, or dense vegetation must be provided to screen adjoining properties from views of parking, mechanical equipment, storage, and refuse collection.

SP 3 Additional design regulations will be enforced at the time a site plan is submitted.

Transportation

Transportation Assessment

Assessment of required transportation mitigation, including the potential dedication of right of way and easements and participation in roadway and other multi-modal improvements, will occur at the time of site plan application. A traffic impact analysis shall be required at the time of site plan if triggered per LDC 25-6-113.

ASMP Assessment

The Austin Strategic Mobility Plan (ASMP) right-of-way needs are met for this segment of SH 71.

An Urban Trail is proposed along the SH 71 frontage, to be constructed as part of the Oak Hill Parkway project.

Austin Water Utility

AW1. The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, utility relocations and or abandonments required by the land use. The water and wastewater utility plan must be reviewed and approved by Austin Water for compliance with City criteria and suitability for operation and maintenance.

Based on current public infrastructure configurations, it appears that service extension requests (SER) will be required to provide service to this lot. For more information pertaining to the Service Extension Request process and submittal requirements contact the Austin Water SER team at ser@austintexas.gov.

The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater utility tap permit.

Re: C14-2021-0130 / NPA-2021-0025.02

Dear Kate:

I am writing to you to express my disapproval for the referenced Rezoning and Neighborhood Plan Amendment for the property located at 7715 W. SH 71. The following information is provided as justification for my protest of these applications.

I am the owner of twelve acres immediately adjacent to the tract attempting to be rezone and have a single family residence directly East of what is proposed to be nearly 400 apartment units of a proposed height of 5 stories. That is an unacceptably abrupt transition. In addition as a landowner in Oak Hill I consider this level of development to have the potential to detract from the area.

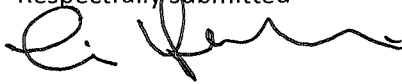

1. The proposed rezoning is contrary to the intent of the Oak Hill Combined Neighborhood Plan in number areas. Specifically:
 - a. The amount of impervious cover proposed is in conflict with Item 4.A.1(a), which states:
“**4.A.1a**—Consider implementation of policies recommended in the Regional Water Quality Protection Plan for the Barton Springs Segment of the Edwards Aquifer and its Contributing Zone. Regional land development regulations designed to protect sensitive recharge and contributing zone areas of the Edwards Aquifer would help achieve regional and local water quality goals. Note: Some property owners represented on the Oak Hill Contact Team believe land use regulations should be applied on a regional level; if a certain land use is restricted in Oak Hill’s recharge zone, they feel that land use should be restricted in other recharge areas as well.”
 - b. The number of living units is in conflict with Item 4.A.1(b), which states:
“**4.A.1b**—Where appropriate, maintain rural density in Oak Hill. To help achieve regional water quality goals, manage the urbanization of Oak Hill by minimizing dense development and guiding new development away from the recharge zone.”
 - c. The 5 story height of the proposed apartment buildings which aside from the ACC building would be the tallest structures in the area, is in conflict with Item 6.B.1, which states:
“**6.B.1** Encourage zoning to be compatible with existing and neighboring land uses and seek optimal and most appropriate use of land.
6.B.1a—Rework zoning to allow/support the vision of the Oak Hill Neighborhood Plan.
6.B.1b—Cluster higher density development in appropriate areas, striving to balance the interests of stakeholders while taking into consideration environmental concerns.”
 - d. The density proposed will present a dangerous and unworkable traffic situation, as all the vehicular traffic will exit onto Highway 71. Even after TxDOT finishes their project, the traffic will traveling at a faster rate of speed, and entering/exiting traffic has a higher potential to create a very dangerous situation.

The city should use the request to amend the restrictive covenant amendment as a tool to reduce the impervious cover. The restrictive covenant was entered into prior to the dangers to the Edwards Aquifer by impervious cover being fully understood. The landowners should not have it both ways by at once relying on an old and unreasonable impervious agreement, while at the same time increasing the square footage by nearly 250%. If they want to have the impervious cover to remain the same, then their zoning should remain. If they want to change the zoning, then they should have a more responsible impervious cover.

I feel this Rezoning and Neighborhood Plan Amendment is not in the best interest of the community, as the proposed multi-family project does not meet the intent of the Oak Hill Combined Neighborhood Plan and does not show favorable stewardship of the Edwards Aquifer.

Feel free to contact me with any questions or to discuss the above information. Thank you for your consideration.

Respectfully submitted

A handwritten signature in black ink, appearing to read 'E. Yerkovich', with a stylized flourish at the end.

Eric Yerkovich

*** External Email - Exercise Caution ***

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and Planning Department:

As a homeowner and resident in close proximity to the above referenced rezoning tract I would like to strongly object to the rezoning of 7715 ½ W. SH 71 to Multifamily. I think that it would be too abrupt an upgrade in density from the SF and RR which is directly adjacent to the tract attempting to be rezoned. The proposed 60 ft allowable height is far too tall, especially considering that most of the apartments would be on one of the tallest hills in the area. The amendment of the restrictive covenant would allow far too much impervious coverage in an environmentally sensitive Edwards Aquifer contributing zone. The Oak Hill combined plan and FLUM are clear on what the residents of the area want on that tract and allowing anything else would be a failure in the representation of Oak Hill Residents.

Please add me on the notification list of any hearing, meetings and updates.

Thank You,

Renee Vlahakis

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and Planning Department:

Please don't allow this, there is no need to create so much density here When there are so many communities willing to grow outside of Travis county why pack everyone in like sardines.

As a previous resident of Los Angeles California, I beg you not to make the same mistakes as California the dense living followed by tent cities followed by traffic jams for hours and people living on top of each-other it doesn't have to be this way.

As a homeowner and resident in close proximity to the above referenced rezoning tract I would like to strongly object to the rezoning of 7715 ½ W. SH 71 to Multifamily. Subject: Proposed Apartments on Hwy 71

*** External Email - Exercise Caution ***

To Whom It May Concern:

I am writing to oppose the following rezoning applications:

Rezoning case No. C14-2021-0130 and RCA case No. C14-85-288.23(RCA)

This area is a critical Edwards Aquifer contributing zone that currently allows only 25% impervious cover. This sensitive ecological area should NOT allow such dense development with 65% impervious cover.

Our neighbors were clear when drafting the [Oak Hill Combined Neighborhood Plan](#). The entire development scheme is in direct contradiction to the Oak Hill Combined Neighborhood Plan and the FLUM (Future Land Use Map).

If this proposed plan passes, many of our neighbors will have a massive apartment complex towering over their backyards.

This proposed plan will allow for nearly 400 apartment units and 60 feet high on one of the tallest points in Oak Hill. The traffic and environmental impacts to our area will be significant.

Oak Hill is one of the most targeted areas for developers in Austin, with over 7% of all apartment development that has taken place in Austin in the last 5 years.

We are already being negatively impacted by the massive highway development on both Hwy. 71 and Hwy 290. The additional traffic, and environmental impact of such a massive apartment complex being built in our area is far more than we should be expected to tolerate.

I have lived in this area since 1999, and feel as if the City of Austin is doing everything in its power to take away any rights of the single family homeowners to live here. I moved here to have a safe, quiet place to raise my daughter, in a home I plan to keep. I do not want to be forced to sell and leave this area.

Please vote against these rezoning changes, and prevent this apartment complex from being built.

Thank you,

Nancy Lanier

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and Planning Department:

I have been a homeowner in close proximity to the above referenced rezoning tract for over 37 years. I would like to strongly object to the rezoning of 7715 ½ W. SH 71 to Multifamily. I think that it would be too abrupt an upgrade in density from the SF and RR which is directly adjacent to the tract attempting to be rezoned. The proposed 60 ft allowable height is far too tall, especially considering that most of the apartments would be on one of the tallest hills in the area. The amendment of the restrictive covenant would allow far too much impervious coverage in an environmentally sensitive Edwards Aquifer contributing zone. The Oak Hill combined plan and FLUM are clear on what the residents of the area want on that tract and allowing anything else would be a failure in the representation of Oak Hill Residents. Please add me on the notification list of any hearing, meetings and updates.

Thank You

*** External Email - Exercise Caution ***

I own a home in close proximity to the proposed development of a massive apartment complex at 7715 W. SH 71. I oppose this rezoning request. It is an environmentally sensitive area located over the Edwards Aquifer contributing zone and the plan calls for too much impervious cover. I have owned this home for over 37 years. This neighborhood has always been single family residence and a high density apartment complex would significantly alter the feel of this older, established neighborhood. Traffic issues are already an issue, and this development would compound the problem. Houston Developers should not be allowed to contradict the Oak Hill Combined Neighborhood Plan.

I am strongly opposed to this request for a zoning change.

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and Planning Department:

I strongly oppose this rezoning. I am a licensed landscape architect and very familiar with the development process. Please do not allow this to go forward. It is not an appropriate land use and not compatible with the adjacent tracts.

As a homeowner and resident in close proximity to the above referenced rezoning tract I would like to strongly object to the rezoning of 7715 ½ W. SH 71 to Multifamily. I think that it would be too abrupt an upgrade in density from the SF and RR which is directly adjacent to the tract attempting to be rezoned. The proposed 60 ft allowable height is far too tall, especially considering that most of the apartments would be on one of the tallest hills in the area. The amendment of the restrictive covenant would allow far too much impervious coverage in an environmentally sensitive Edwards Aquifer contributing zone. The Oak Hill combined plan and FLUM are clear on what the residents of the area want on that tract and allowing anything else would be a failure in the representation of Oak Hill Residents. Please add me on the notification list of any hearing, meetings and updates.

Thank you for representing my objections to the rezoning.

Hello. My name is Joy Hernandez, and I'm a longtime resident of Valley View/Scenic Brook. I STRONGLY oppose rezoning of the small piece of land. THERE IS ENOUGH TRAFFIC IN OAK HILL!!! KB Homes has already come through and destroyed the homes of the local coyotes, foxes, rabbits, roadrunners, opossums, and owls. They've also ruined our neighborhood streets.

Please wait until the 290/71 road construction is completed to try to smash more people into tiny boxes.

Thank You,

Joy Hernandez

Hi all,

We do not support the rezoning of this property. We do not want high rise apartments in our neighborhood. They are not an appropriate project for our rural and single family neighborhood and will increase light pollution, bring more traffic and create more impervious cover and bring further harm to an ecologically sensitive zone.

This area is quickly becoming inundated by construction and development which is causing a negative impact on the quality of life as well in this community.

People are moving to Austin to have a good quality of life and live in a sustainable way. This is not a sustainable project and is not the "Austin" people are moving here for.

Outside developers do not get the say so, the residents directly impacted by their huge and inappropriate projects get the say so.

Please, support us by not allowing this rezoning to happen,

Amy Jackson

Subject: We oppose Rezoning case No. C14-2021-0130 and RCA case No. C14-85-288.23(RCA)

*** External Email - Exercise Caution ***

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and Planning Department: As a homeowner and resident in close proximity to the above referenced rezoning tract I would like to strongly object to the rezoning of 7715 ½ W. SH 71 to Multifamily. I think that it would be too abrupt an upgrade in density from the SF and RR which is directly adjacent to the tract attempting to be rezoned. The proposed 60 ft allowable height is far too tall, especially considering that most of the apartments would be on one of the tallest hills in the area. The amendment of the restrictive covenant would allow far too much impervious coverage in an environmentally sensitive Edwards Aquifer contributing zone. The Oak Hill combined plan and FLUM are clear on what the residents of the area want on that tract and allowing anything else would be a failure in the representation of Oak Hill Residents. Please add me on the notification list of any hearing, meetings and updates.
Thank You

*** External Email - Exercise Caution ***

GREETINGS,

I come to you as a concerned resident of the Scenic Brooke neighborhood in Oak Hill. 78736.

We are already experiencing the destruction of so much natural beauty in our neighborhood due to the new highway flyover construction, and these additional apartment plans and clearings are additionally upsetting, destructive and a betrayal of why we chose to move here in the first place. Thank you for your consideration in helping us preserve what is left. There is a serious collective grief for us.

TOO MUCH IMPERVIOUS COVER FOR THE ECOLOGICALLY SENSITIVE EDWARDS AQUIFER CONTRIBUTING ZONE.

This area is a critical Edwards Aquifer contributing zone that currently allows only 25% impervious cover. This sensitive ecological area should NOT allow such dense development with 65% impervious cover.

THIS PROPOSAL IS IN DIRECT CONTRADICTION TO THE OAK HILL COMBINED NEIGHBORHOOD PLAN.

Our neighbors were clear when drafting the [Oak Hill Combined Neighborhood Plan](#). The entire development scheme is in direct

contradiction to the Oak Hill Combined Neighborhood Plan and the FLUM (Future Land Use Map).

TOO ABRUPT A CHANGE FOR RURAL AND SINGLE FAMILY RESIDENCES.

If this proposed plan passes, many of our neighbors will have a massive apartment complex towering over their backyards.

TOO DENSE AND TOO HIGH.

This proposed plan will allow for nearly 400 apartment units and 60 feet high on one of the tallest points in Oak Hill. The traffic and environmental impacts to our area will be significant.

Ms Clark,

I strongly oppose this 400 unit project moving forward. Do not allow this to impact the recharge zone and place this in the middle of single family residences.

Please maintain the integrity left to Oak Hill.

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and Planning Department:

As a homeowner and resident in close proximity to the above referenced rezoning tract I would like to strongly object to the rezoning of 7715 ½ W. SH 71 to Multifamily.

I think that it would be too abrupt an upgrade in density from the SF and RR which is directly adjacent to the tract attempting to be rezoned. The proposed 60 ft. allowable height is far too tall, especially considering that most of the apartments would be on one of the tallest hills in the area.

The amendment of the restrictive covenant would allow far too much impervious coverage in an environmentally sensitive Edwards Aquifer contributing zone. The Oak Hill combined plan and FLUM are clear on what the residents of the area want on that tract and allowing anything else would be a failure in the representation of Oak Hill Residents. Please add me on the notification list of any hearing, meetings and updates.

PLEASE DO NOT ALLOW THIS TO MOVE FORWARD AS PLANNED BY THE DEVELOPERS IN QUESTION.

Far too often in our world today, those with enough money and persistence can push forward plans to make even more money by circumventing the wishes of ordinary citizens who have less access than they to authority figures in government. None of us in this part of Austin wants this kind of development in our neighborhood and elected officials such as yourselves are sworn to stand by us and our collective wishes – especially when these wishes greatly impact the future of our lives here in Austin. Please do your duty and make sure we and our sensitive environment are not pushed aside in favor of this toxic business plan.

Thank You

Hello Team,

I live in Oak Hill. We've done our part by accepting the 14 lane concrete monstrosity with flyovers that is now under construction. I don't also support this 400 unit apartment complex in my neighborhood. I am all for balanced development, but enough is enough. This project should go somewhere else nearby, but outside of Oak Hill.

Thank you for your consideration,

Thaddeus Zaharas

*** External Email - Exercise Caution ***

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and Planning Department: As a homeowner and resident in close proximity to the above referenced rezoning tract I would like to strongly object to the rezoning of 7715 ½ W. SH 71 to Multifamily. I think that it would be too abrupt an upgrade in density from the SF and RR which is directly adjacent to the tract attempting to be rezoned. The proposed 60 ft allowable height is far too tall, especially considering that most of the apartments would be on one of the tallest hills in the area. The amendment of the restrictive covenant would allow far too much impervious coverage in an environmentally sensitive Edwards Aquifer contributing zone. The Oak Hill combined plan and FLUM are clear on what the residents of the area want on that tract and allowing anything else would be a failure in the representation of Oak Hill Residents. Please add me on the notification list of any hearing, meetings and updates.

Thank You

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and Planning Department,

As a homeowner and resident in close proximity to the above referenced rezoning tract, I would like to **strongly object** to the rezoning of 7715 ½ W. SH 71 to Multifamily. This change would be too abrupt an upgrade in density from the SF and RR, which is directly adjacent to the tract attempting to be rezoned. The proposed 60 ft allowable height is far too tall, especially considering that most of the apartments would be on one of the tallest hills in the area. The amendment of the restrictive covenant would allow far too much impervious coverage in an environmentally sensitive Edwards Aquifer contributing zone.

The Oak Hill combined plan and FLUM are clear on what the residents of the area want on that tract, and allowing anything else would be a failure in the representation of Oak Hill Residents. When the people of this neighborhood chose to purchase property in the Oak Hill suburban area, we did so seeking peace, tranquility and distance from the common issues one faces while living in highly populated areas. Oak Hill is already Austin's biggest sought area for apartment development - unsustainable! This not only elevates density and brings all the kinds of troubles that come with excess population, but forces residents into facing the misery of long-term construction - its nuisances and noises. Rezoning all the outskirts of our beautiful (and once tranquil) neighborhood goes directly against the idea of preserving our areas' identity and character. All of us only purchased expensive property here because we knew it to be a single-family housing zone. Rezoning and seeking apartment building at this stage is extremely unfair to the already established single-family owners who live here. We urge you not to let the profits of big corporations be prioritized in opposition to the environment and to the will of thousands of people who already reside here.

I'd be thankful if you can add me on the notification list of any hearing, meetings and updates about this topic.

Respectfully,
Gabrielle Chueh

This is to let you know that I strongly oppose to the rezoning of 7715 1/2 West SH 71. With the highway development of Hwy 290/Sh 71 giving our community much disruption, this rezoning would add just that much more disruption to our community. After the completion of the highway, we need to have some open land to enjoy on our way down the road.

Oak Hill is no longer a "sleepy little community". We are far from it because of developments like this being able to use their money to get cases like this pushed through. Somewhere all of this needs to stop and let us enjoy what scenic views we have left.

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and Planning Department:

I bought my first home in Oak Hill last year. I loved the quiet and quaint older neighborhood lined with oaks. Building a massive apartment in the neighborhood will cause too much impervious cover for the ecologically sensitive Edward's aquifer contribution zone. The apartments would also go against our neighborhood plan and negatively affect many of my neighbors who would have towering apartments on the hill behind their houses. Lastly, the proposed plan is too dense and tall. 400 new apartment units will cause significant traffic and negative environmental impacts to our area.

Thank you,
Mia Dance

*** External Email - Exercise Caution ***

I live in Scenic Brook and I'm OPPOSED to rezoning this plot of land for the planned high-density housing project.

This neighborhood was designed to support detached homes with pervious ground cover to protect the area from flooding and damage.

Even I, as a homeowner, have to ensure that any impervious cover is less than 45% of my lot but this developer gets a pass for 65% impervious cover? Are you kidding me?

Aren't we done giving a pass to big-ticket corporations who talk big and leave messes behind for residents to clean up?

Do we need more housing in Austin? Yes. Do we need more luxury, high-density, high-rent (unaffordable) apartments that pose an environmental risk to the rest of the established neighborhood and area? Absolutely not. We already have enough of that in Scenic Brook.

We've had over 2235 apartment units built in our neighborhood in the past 5 years alone. Enough.

We are residents of the Scenic Brook subdivision and we are writing to you to document our strong objection to the rezoning of 7715 1/2 SH 71 West which we believe will lead to the destruction of our neighborhood and property values. Scenic Brook does not need or desire another large apartment complex in our area.

Thank you!

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and Planning Department: As a homeowner and resident in proximity to the above referenced rezoning tract I would like to strongly object to the rezoning of 7715 ½ W. SH 71 to Multifamily.

In addition to the stated reasons below, the occupants of these multi family units will have entry/exit point only on the free lanes of the coming Hwy71 toll road and/or Scenic Brook Drive. Such a large increase in traffic on the only free lanes will increase wait times at the "Y" for current residents who will also use these free lanes. The whole purpose of the toll road is to reduce congestion at the "Y" but new multi family units with no access to the toll road is in direct conflict with that purpose and keeps the congestion problem for residents using the free lanes.

I think that it would be too abrupt an upgrade in density from the SF and RR which is directly adjacent to the tract attempting to be rezoned. The proposed 60 ft allowable height is far too tall, especially considering that most of the apartments would be on one of the tallest hills in the area. Hi,

I am writing this email regarding the Rezoning case No. C14-2021-0130 and RCA Case No . C14-85-288.23(RCA). I object to this rezoning in our neighborhood. We already have enough urbanization and we do not need more building and construction which destroys the green space, and also affects the climate around it.

I strongly Oppose this rezoning of 7715 1/2 W. SH 71 and development of another massive apartment complex in our neighborhood.

Regards

VINOD SINGH

Hello Kate and Maureen,

West Oak Hill was quiet and peaceful.. now, we have a giant project by KB Homes that has covered our neighborhood in silt, have heard jackhammering 12/hrs day 6 days/week for two months, along with giant construction trucks going up and down Scenic Brook- where people go for walks on their own, with babies/kids, and dogs. Looking at the project it's really sad that no green space was preserved at all- how does this help us, the environment, or wildlife? Now there is a rezoning request for a huge apartment complex near the same area. How much can one area take? What about water run off? More construction trucks destroying the roads? I strongly oppose this.. traffic here will already increase due to the other development project going on (on top of people using it as a cut through due to the 290 project). Our neighborhood wasn't built for this much traffic and capacity. Please consider the residents here and the negative impact it would have on us.

Sincerely,

-Karen Galecki

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and Planning Department:

As a homeowner and resident in close proximity to the above referenced rezoning tract I would like to strongly object to the rezoning of 7715 ½ W. SH 71 to Multifamily.

I think that it would be too abrupt an upgrade in density from the SF and RR which is directly adjacent to the tract attempting to be rezoned. The proposed 60 ft allowable height is far too tall, especially considering that most of the apartments would be on one of the tallest hills in the area.

The amendment of the restrictive covenant would allow far too much impervious coverage in an environmentally sensitive Edwards Aquifer contributing zone. The Oak Hill combined plan and FLUM are clear on what the residents of the area want on that tract and allowing anything else would be a failure in the representation of Oak Hill Residents.

Please add me on the notification list of any hearing, meetings and updates.

Thank You ,

Olga Nieto

Hello,

I'm writing to inform you that I am not in favor of the following two cases that have been brought to my attention:

Rezoning case No. C14-2021-0130 and
RCA case No. C14-85-288.23(RCA)

This proposed rezoning will allow nearly 400 apartments in over 8 buildings up to 60 feet in height. The Houston apartment developer is attempting to take advantage of a Restrictive covenant placed on the property of the 1980's which allowed for a maximum 65% impervious coverage for a LO (Limited Office) zoned construction of a maximum of 146,000 square ft. The rezoning request wants to change the use AND increase the maximum square footage by nearly threefold.

THIS PROPOSAL IS IN DIRECT CONTRADICTION TO THE OAK HILL COMBINED NEIGHBORHOOD PLAN.

Please help speak up for our community by voicing our opposition and supporting our efforts in stopping this project.

Thank you,

Keri Cardenas

Chinook Dr, 78736

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and Planning Department:

As a nearby homeowner (7004 Chinook Drive) and the owner of several nearby rental properties (7002 Chinook Drive, 7003 Chinook Drive, 8103 Little Deer Crossing) I strongly feel that the rezoning of this land in question is inconsistent with the zoning of nearby properties. The adjoining land that is currently being developed that is being used as an example of similar use HAS NOT been approved for multi-family apartment-style buildings and CAN NOT be considered as existing zoning/buildings. I, and many others, worked hard on the FLUP and FLUM to make sure that NONE of this land was developed as office or high-density multi-family use. Single-family, duplex or quadplex multi-family are the only acceptable land uses for these lots.

Additionally, the extra impervious cover limits will only contribute to the flooding that already happens downstream along Williamson Creek – specifically at the Oak Hill Youth Sports Association Baseball/ Softball Fields located at 290 & Joe Tanner Lane.

Please do not allow this rezoning to be approved.

Thank you,

Natalie Uzoff Galletti & Joseph Galletti
7004 Chinook Drive, Austin, 78736-1840

*** External Email - Exercise Caution ***

To Whom It May Concern,

I want to go on record formally opposing the rezoning laws.

We rent a home in Oak Hill, and the whole reason we moved to this neighborhood was because of the location relative to the city, and how quiet and beautiful it is with that. We like that there aren't many apartment complexes, and the wildlife component is great.

The new proposed apartments will disrupt the wildlife further than it is already being disrupted - driving animals into the streets and people's yards, creating conflict with their pets and even potential dangers for them. For example, since the construction on 290 has started, Coral snakes have been showing up in my yard on a regular basis. The apartments should not be built on such a sensitive aquifer area. They will also majorly disrupt the flow of traffic, which we are already having a problem with, and they will ruin the appeal of the area for many homeowners.

Cheers,

Alix

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and Planning Department:

As homeowners on Scenic Brook Dr and residents in close proximity to the above referenced rezoning tract we would like to strongly object to the rezoning of 7715 ½ W. SH 71 to Multifamily. My wife and I just purchased our home here last summer, particularly because it backs up to a creek and also because of the dense foliage all around. We do not want our creek to dry up nor have tall apartment buildings in our horizon nor added congestion to the area (we are already experiencing enough disruption with the Oakhill Parkway project).

We think that it would be too abrupt an upgrade in density from the SF and RR which is directly adjacent to the tract attempting to be rezoned. The proposed 60 ft allowable height is far too tall, especially considering that most of the apartments would be on one of the tallest hills in the area.

The amendment of the restrictive covenant would allow far too much impervious coverage in an environmentally sensitive Edwards Aquifer contributing zone. The Oak Hill combined plan and FLUM are clear on what the residents of the area want on that tract and allowing anything else would be a failure in the representation of Oak Hill Residents. Please add us to the notification list of any hearing, meetings and updates.

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and PI,

As a homeowner and resident in close proximity to the above referenced rezoning tract I would like to strongly object to the rezoning of 7715 ½ W. SH 71 to Multifamily.

The proposed 60 ft allowable height is far too tall, especially considering that most of the apartments would be on one of the tallest hills in the area.

Traffic in this area has reached its peak under current circumstances. Adding hundreds of people to a small condensed area would only exasperate the traffic problems. In addition, construction has begun on the 290/71 Super HWY causing its own amount of delays. I don't see how we can allow more construction to commence in this very tight quadrant.

The amendment of the restrictive covenant would allow far too much impervious coverage in an environmentally sensitive Edwards Aquifer contributing zone which has already been disturbed by the building of the Super HWY.

The Oak Hill combined plan and FLUM are clear on what the residents of the area want on that tract and allowing anything else would be a failure in the representation of Oak Hill Residents. Please add me on the notification list of any hearing, meetings and updates.

Thank You,

Susan Shipp Robison

Oak Hill, TX 78736

Dear Kate,
Please add us to the record OPPOSING the rezoning of
7715 1/2 W. SH 71 and the development of another
Massive apartment complex in our neighborhood.

This project faces Scenic Brook and our neighborhood
on Little Deer Crossing, which has been a peaceful, low
traffic street of single family home sites. If this high density
apartment project goes through we would directly be affected
with high traffic on a street only 16' wide. We recommend that
our street be blocked with a locked gate and sign saying " For
Construction Use Only".

Thank you for your support.

Ken & Fun

*** External Email - Exercise Caution ***

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and Planning Department: As a homeowner and resident in close proximity to the above referenced rezoning tract I would like to strongly object to the rezoning of 7715 ½ W. SH 71 to Multifamily. I think that it would be too abrupt an upgrade in density from the SF and RR which is directly adjacent to the tract attempting to be rezoned. The proposed 60 ft allowable height is far too tall, especially considering that most of the apartments would be on one of the tallest hills in the area. The amendment of the restrictive covenant would allow far too much impervious coverage in an environmentally sensitive Edwards Aquifer contributing zone. The Oak Hill combined plan and FLUM are clear on what the residents of the area want on that tract and allowing anything else would be a failure in the representation of Oak Hill Residents. Please add me on the notification list of any hearing, meetings and updates.

Thank You

There are more apartment buildings than hills in Oak Hill. The current plan will remove the hills from sight and will be left without a landscape. Breaks my head and my heart. I will vote accordingly.

Dear Ms. Clark,

My husband and I have lived in Austin since 1972. We moved to the Scenic Brook area in question 16 years ago. We love it here!

We moved here to have more quiet, fewer people, and less traffic than in Austin proper. We just paid off our mortgage last year and plan to be here for the rest of our lives.

We greatly oppose the proposed rezoning of our area. I ask you to please do all you can to prevent this rezoning.

Thank you so much,
Marsha Walker

*** External Email - Exercise Caution ***

Hello,

My name is Desiree Coleman and I have lived at 7121 Scenic Brook Dr. for 30 years. I am strongly opposed to the request, being made by the developer. In the 30 years I have lived in my home, I have seen drag racing, speeding cars and increased traffic, especially if Scenic Brook is used as a detour. I was a big proponent to have the speed humps added, due to the aforesaid. In addition, I have a video of a woman who was almost plowed down on her morning jog. The driver went up the curb at my house, mowed down the trash cans, my mail box and the next neighbor's mail box. It is a miracle this woman is alive as she had the incentive to jump out of the way. I believe this request will undoubtedly increase the traffic on our street. There are numerous families who have children that live on Scenic Brook, that like to play out front, and their safety is at risk, not to mention those who take their families and pets for a walk at any give time of the day. We have no side walks to protect these people. When vehicles are parked in the street, this limits the width of the road, making this narrow for walkers or joggers to safely go around the parked vehicle. I am pleading with all, to not allow such progress to be developed at 7715 1/2 W St Highway 71, as I believe Scenic Brook will be used as an alternative entrance. I thank you for your time, understanding, consideration, and your vote of NO, for the sake of a safe place to live for Oak Hill/Scenic Brook residents.

Sincerely,

Desiree Coleman

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to participate in a public hearing, you are not required to participate. This meeting will be conducted both online and in-person at which you will have the opportunity to speak FOR or AGAINST the proposed development or change. Contact the case manager for further information on how to participate in the public hearings. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

Staff is conducting a pilot program to receive case-related comments online which can be accessed through this link or QR code:
<https://bit.ly/ATXZoningComment>.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website: www.austintexas.gov/planning.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before the public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice. Correspondence and information submitted to the City of Austin are subject to the Texas Public Information Act (Chapter 552) and will be published online.

*** External Email - Exercise Caution ***

Hello Wendy,

I am writing to voice my opinion and concerns to the Case NPA-2021-0025.02.

My family leaves at 7007 Chinook Dr. We oppose this change for several reasons.

One the increase in traffic is not sustainable. The roads in this neighborhood are extremely narrow and we are already seeing a significant increase in traffic due to the recent construction in the area. This is an extreme hazard for the children who enjoy playing in this neighborhood.

Second, with the increase construction already taken place and taking into account the terrain of the area there are considerable concerns about potential structural issues and drainage problems.

Thank you for your consideration

Christel and Lars Gustafson

*** External Email - Exercise Caution ***

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and Planning Department: As a homeowner and resident in close proximity to the above referenced rezoning tract I would like to strongly object to the rezoning of 7715 ½ W. SH 71 to Multifamily. I think that it would be too abrupt an upgrade in density from the SF and RR which is directly adjacent to the tract attempting to be rezoned. The proposed 60 ft allowable height is far too tall, especially considering that most of the apartments would be on one of the tallest hills in the area. The amendment of the restrictive covenant would allow far too much impervious coverage in an environmentally sensitive Edwards Aquifer contributing zone. The Oak Hill combined plan and FLUM are clear on what the residents of the area want on that tract and allowing anything else would be a failure in the representation of Oak Hill Residents. Please add me on the notification list of any hearing, meetings and updates.

Thank You

Subject: FW: Oak Hill Neighborhood Plan
Date: Wednesday, March 23, 2022 10:32:11 AM

Wendy,

Please see email below about comment for zoning case. They do not mention which one, but I would guess it is for the SH71 cases.

Subject: Oak Hill Neighborhood Plan

*** External Email - Exercise Caution ***

WE DO NOT SUPPORT THIS IN OUR NEIGHBORHOOD!

1. TOO MUCH IMPERVIOUS COVER FOR THE ECOLOGICALLY SENSITIVE EDWARDS AQUIFER CONTRIBUTING ZONE.

This area is a critical Edwards Aquifer contributing zone that currently allows only 25% impervious cover. This sensitive ecological area should NOT allow such dense development with 65% impervious cover.

2. THIS PROPOSAL IS IN DIRECT CONTRADICTION TO THE OAK HILL COMBINED NEIGHBORHOOD PLAN.

Our neighbors were clear when drafting the [Oak Hill Combined Neighborhood Plan](#). The entire development scheme is in direct contradiction to the Oak Hill Combined Neighborhood Plan and the FLUM (Future Land Use Map).

3. TOO ABRUPT A CHANGE FOR RURAL AND SINGLE FAMILY RESIDENCES.

If this proposed plan passes, many of our neighbors will have a massive apartment complex towering over their backyards.

4. TOO DENSE AND TOO HIGH.

This proposed plan will allow for nearly 400 apartment units and 60 feet high on one of the tallest points in Oak Hill. The traffic and environmental impacts to our area will be significant.

Attachments: [Save Scenic Brook Petition \(Responses\) - Form Responses 1.pdf](#)

*** External Email - Exercise Caution ***

MS. Rhoades and Meridith, Please find a petition attached signed by 267 neighbors who live in close proximity of the above referenced cases. There is not one person in the neighborhood who is in favor of allowing this zoning change. The height and density is not compatible with the single family neighborhood on all three sides. The Flum and neighborhood plan both prohibit this rezoning and must be followed. There is no point in getting community input on the future vision of our neighborhoods only to disregard those wishes. What are the next steps of the rezoning process and the approximate dates? Additionally the developer has stated that putting the development down by the highway by trading impervious cover entitlements is impossible due in part of the existence of legacy trees. Would it be possible to get a map of the tree inventory for the subject tracts. Putting the development by the highway would be the best accommodation to the neighborhood and still provide the developer with a viable project. I appreciate your help on this matter.

Regards
Eric Yerkovich

SAVE SCENIC BROOK PETITION

The purpose of this petition is to oppose the rezoning of one of the last open tracts of land in the Scenic Brook, Valley View, Covered Bridge, and Windmill Run area of Oak Hill.

The 23 acre tract located at 7715 ½ W. SH 71t is currently being considered for rezoning from Single Family to Mixed Use.

Rezoning case No. C14-2021-0130: https://abc.austintexas.gov/public-search-other?t_detail=1&t_selected_folderrsn=12749162&t_selected_propertyrsn=912686

The proposed rezoning will allow nearly 400 apartments in over 8 buildings up to 60 feet in height. The Houston apartment developer is attempting to take advantage of a Restrictive covenant placed on the property of the 1980's which allowed for a maximum 65% impervious coverage for a Limited Office zoned construction of a maximum of 146,000 square ft. The rezoning request wants to change the use and increase the maximum square footage of nearly threefold.

RCA case No. C14-85-288.23(RCA): https://abc.austintexas.gov/public-search-other?t_detail=1&t_selected_folderrsn=12749289&t_selected_propertyrsn=912686

This is in an area which currently allows only 25% impervious coverage as it is in the critical Edwards Aquifer contributing zone and should not allow such dense development.

The entire development scheme is in direct contradiction to the Oak Hill Combined Neighborhood Plan https://www.austintexas.gov/sites/default/files/files/Housing_%26_Planning/Adopted%20Neighborhood%20Planning%20Areas/23_OakHillCombined/oakhill-np.pdf

Please sign this petition to voice your opposition to this rezoning plan:

RE: Vote “NO” on NPA-2021-0025.02 / 7715 ½ W. SH 71
C14-2021-0130 / Restrictive Covenant C14-85-288.23 (RCA)

Dear Chair Shaw, Vice-Chair Hempel, and Commissioners Mushtaler, Llanes Pulido, Thompson, Schneider, Cohen, Praxis, Connolly, Howard, Shieh, Azhar, Cox, Flores, and Singh,

The Oak Hill Neighborhood Planning Contact Team Board voted unanimously to recommend leaving the current zoning and land use in place on both subject tracts, and requests that commissioners vote “no” on these cases.

Members of the Oak Hill Community, affected stakeholders, and the petitioner (who has submitted a valid petition) have clearly communicated support for maintaining the current zoning and land use (LO-NP and RR-NP).

Thank you in advance for supporting the will of the community stakeholders.

Sincerely,

OHNPCT’s Board of Directors

President, Cynthia Wilcox; Vice-President, Tom Thayer; Secretary Leigh Ziegler

RE: 7715 ½ W. SH 71 (NPA-2021-0025.02, C14-2021-0130, C14-85-288.23 (RCA))

At the Oak Hill Association of Neighborhoods Membership Meeting on January 19, 2022, a motion was unanimously approved by a vote of the membership to oppose the proposed rezoning and land use changes for the property located at 7715 ½ West US Highway 71 (NPA-2021-0025.02).

Please include this statement in the official backup material.

Sincerely,

Board of Directors, Oak Hill Association of Neighborhoods (OHAN)

PROJECT NAME: 7715 West State Highway 71

ADDRESS/LOCATION: 7715-7817 West State Highway 71

CASE #: C14-2021-0130

☐ NEW SINGLE FAMILY

☐ DEMOLITION OF MULTIFAMILY

☒ NEW MULTIFAMILY

☐ TAX CREDIT

SF UNITS: _____ STUDENTS PER UNIT ASSUMPTION
Elementary School: _____ Middle School: _____ High School: _____

MF UNITS: 350 STUDENTS PER UNIT ASSUMPTION
Elementary School: 0.157 Middle School: 0.085 High School: 0.114

IMPACT ON SCHOOLS

The student yield factor of 0.356 (across all grade levels) for apartment homes was used to determine the number of projected students. This was determined by the district's demographer by looking at similar projects in the area.

The proposed 350-unit multifamily development is projected to add approximately 125 students across all grade levels to the projected student population. It is estimated that of the 125 students, 55 will be assigned to Patton Elementary School, 30 to Small Middle School, and 40 to Bowie High School.

The percent of permanent capacity by enrollment for School Year 2025-26, including the additional students projected with this development, would be within the optimal utilization target range of 85-110% at Patton ES (96%), Small MS (90%), and Bowie HS (110%). Please note, additional capacity at Bowie HS will be provided by the new fine arts and athletics modernization project.

TRANSPORTATION IMPACT

Students attending Patton ES, Small MS and Bowie HS will all qualify for transportation. One additional bus trip will need to be created for all three schools.

SAFETY IMPACT

There are not any identified safety impacts at this time.

Address of

Rezoning Request: 7715 West Highway 71

To: Austin City Council

I, the undersigned owner of property affected by the requested zoning change described in the referenced file, do hereby protest against any change of the Land Development Code which would zone the property to any classification other than currently zoned use.

I am the owner of twelve acres immediately adjacent to the tract attempting to be rezoned and have a single family residence directly East of what is proposed to be nearly 400 apartment units of a proposed height of 5 stories. That is an unacceptably abrupt transition. In addition as a landowner in Oak Hill I consider this level of development to have the potential to detract from the area.

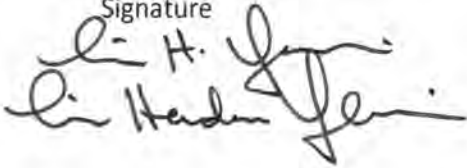

1. The proposed rezoning is contrary to the intent of the Oak Hill Combined Neighborhood Plan in number areas. Specifically:
 - a. The amount of impervious cover proposed is in conflict with Item 4.A.1(a), which states:
"4.A.1a—Consider implementation of policies recommended in the Regional Water Quality Protection Plan for the Barton Springs Segment of the Edwards Aquifer and its Contributing Zone. Regional land development regulations designed to protect sensitive recharge and contributing zone areas of the Edwards Aquifer would help achieve regional and local water quality goals. Note: Some property owners represented on the Oak Hill Contact Team believe land use regulations should be applied on a regional level; if a certain land use is restricted in Oak Hill's recharge zone, they feel that land use should be restricted in other recharge areas as well."
 - b. The number of living units is in conflict with Item 4.A.1(b), which states:
"4.A.1b—Where appropriate, maintain rural density in Oak Hill. To help achieve regional water quality goals, manage the urbanization of Oak Hill by minimizing dense development and guiding new development away from the recharge zone."
 - c. The 5 story height of the proposed apartment buildings which aside from the ACC building would be the tallest structures in the area, is in conflict with Item 6.B.1, which states:
"6.B.1 Encourage zoning to be compatible with existing and neighboring land uses and seek optimal and most appropriate use of land.
6.B.1a—Rework zoning to allow/support the vision of the Oak Hill Neighborhood Plan.
6.B.1b—Cluster higher density development in appropriate areas, striving to balance the interests of stakeholders while taking into consideration environmental concerns."
 - d. The density proposed will present a dangerous and unworkable traffic situation, as all the vehicular traffic will exit onto Highway 71. Even after TxDOT finishes their project, the traffic will be traveling at a faster rate of speed, and entering/exiting traffic has a higher potential to create a very dangerous situation.

The city should use the request to amend the restrictive covenant amendment as a tool to reduce the impervious cover. The restrictive covenant was entered into prior to the dangers to the Edwards Aquifer by impervious cover being fully understood. The landowners should not have it both ways by at once relying on an old and unreasonable impervious agreement, while at the same time increasing the square footage by nearly 250%. If they want to have the impervious cover to remain the same, then their zoning should remain. If they want to change the zoning, then they should have a more responsible impervious cover.

I feel this Rezoning and Neighborhood Plan Amendment is not in the best interest of the community, as the proposed multi-family project does not meet the intent of the Oak Hill Combined Neighborhood Plan and does not show favorable stewardship of the Edwards Aquifer.

Feel free to contact me with any questions or to discuss the above information. Thank you for your consideration.

YERKOVICH TRACT
LSI PROJECT NUMBER 1818

DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS

This Declaration of Covenants, Conditions and Restrictions (this "Declaration") is entered into by and between 5606 SOUTH RICE LLC, a Texas limited liability company ("Owner"), and Eric Yerkovich, an individual ("Neighbor"), as of the 24 day of March 2022.

RECITALS

WHEREAS, Owner owns the property generally located to the south of State Highway 71 and to the west of Stillridge Dr., Austin, Texas 78735, more particularly described in Exhibit A, attached hereto (the "Property");

WHEREAS, Neighbor owns three neighboring tracts of land generally located to the east of the Property, which are more particularly described in Exhibit B, attached hereto (the "Neighboring Property").

WHEREAS, Owner intends to redevelop the Property (the "Project") and has made related applications with the City of Austin (the "City") in Zoning Case No. C14-2021-0130, Neighborhood Plan Amendment Case No. NPA-2021-0025.02, and Restrictive Covenant Amendment Case No. C14-85-288.23(RCA) (collectively, the "Entitlement Applications");

WHEREAS, Owner has agreed that upon the final unappealable approval of the Entitlement Applications by the City (the "Entitlement Approvals"), the Property shall be restricted by these covenants, and that these conditions shall be filed of record with the Official Public Records of Travis County, Texas, and shall henceforth bind the Owner and its successors and assigns, and restrict the use of the Property as described herein, and such restrictions shall be made enforceable by Neighbor through this Declaration for the fixed Term described herein, except where specifically stated otherwise;

WHEREAS, upon the effective date of the Entitlement Approvals, and subject to all of the terms and conditions of this Declaration, Owner has voluntarily agreed to henceforth restrict the Property with certain restrictive covenants for the Term hereof, which are described herein.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and subject to all of the terms and conditions of this Declaration, the undersigned Owner shall hold, sell and convey the Property subject to the following covenants, conditions and restrictions, which are impressed upon the Property for the Term described herein by this Declaration.

I. DECLARATIONS AND AGREEMENTS

- 1.1 Utilization of Zoning Entitlements. Owner may only utilize the entitlements made applicable to the Property by the Entitlement Applications if the Project contains the conditions expressed in this covenant.
- 1.2 Covenants, Conditions and Restrictions upon Property. Owner declares that the Property is subject to the following covenants, conditions and restrictions, which shall run with the Property and bind all parties having right, title, or interest in or to the Property or any part, their respective heirs, successors, and assigns for the Term as set forth herein. Each deed or conveyance of any kind conveying all or a portion of the Property will conclusively be held to have been executed, delivered, and accepted subject to these covenants, conditions and restrictions, regardless of whether or not they are set out in full or by reference in the deed or conveyance.
 - 1.2.1 Garbage Collection and Storage. The Project shall not locate trash collection facilities within 200 feet of its eastern boundary.
 - 1.2.2 Development Standards. All Town Home structures shall be limited to 2 stories and 35 feet in height, as calculated pursuant to the City of Austin Land Development Code in effect on the Effective Date.
 - 1.2.3 Project Layout. The final approved Project layout shall comply with the height limitations outlined in the hatched areas shown on the rough bubble plan concept, attached hereto as Exhibit C, calculated pursuant to the City of Austin Land Development Code in effect on the Effective Date. Additionally, no multifamily structures shall be constructed in areas shown as planned parkland in Exhibit C. For the avoidance of doubt, no structures exceeding the height limitations called out generally in the hatched areas of Exhibit C shall be permitted. The exact building locations will be determined by Developer in its sole and absolute discretion so long as the foregoing provisions in this paragraph are met.
 - 1.2.4 Boundary Fence. Developer will construct an 8-foot tall wrought-iron fence along the entire eastern boundary of the Property, as well as an 8-foot-tall solid masonry fence in the area generally as shown on Exhibit C. The boundary fence shall include 3 lockable gates, each 4-feet in width, with digital locks, at locations reasonably determined by Neighbor.
 - 1.2.5 Emergency Access. Access to and from the Property to the Neighboring Property shall be for emergency purposes and vehicles only. Ingress and Egress by residents is prohibited.
 - 1.2.6 Photometric Plan. As the Project is developed, Developer will share with

Neighbor a copy of its photometric plan showing no light crossing over the Property boundary lines and will meet relevant dark sky standards, both as required by City Code.

1.2.7 Impervious Cover. The maximum impervious cover of the Property shall be 50 percent, as calculated pursuant to the City of Austin Land Development Code in effect on the Effective Date.

1.2.8 Cooperation. Owner shall support a rezoning or variance request with respect to the three tracts owned by Neighbor in the form of a letter to City staff or through testimony at a public hearing before the Land Use Commission or City Council, unless a redevelopment of such tracts by Neighbor involves Adult-Oriented Businesses or uses permitted under Major Industry or Industrial Park zoning districts, each as described in the City of Austin Land Development Code in effect on the Effective Date.

1.2.9 Attorney Review. Owner shall pay for Neighbor's reasonable attorney's fees up to ten thousand dollars (\$10,000.00) for the review and negotiation of this Declaration.

1.3 Terms of Support. Notwithstanding any other provision of this Declaration, the items listed in Section 1.2 above are enforceable by Neighbor only under the condition that the Neighbor withdraws its protests of the Entitlement Applications and positively supports the Entitlement Applications during the Austin City Council, Land Use Commission and Environmental Commission meetings in which votes for the Entitlement Applications take place. This support may be in the form of a letter to the Land Use Commission, the Mayor of Austin and the Austin City Council Members, or by a public statement during such Land Use Commission and City Council meetings. To the extent that any action is taken or statement is made contrary to this paragraph by Neighbor or an authorized representative of Neighbor prior to the City granting the Entitlement Approvals, this Declaration shall be deemed null and void.

I. DEFAULT AND REMEDIES

2.1 Remedies. Following the occurrence of a breach of (i) Owner's obligations under Section 1.2 of this Declaration or (ii) Neighbor's obligations under Section 1.3 of this Declaration, only Owner, including its successors and assigns, and Neighbor shall be entitled to institute proceedings for full and adequate relief from the consequences of said breach or threatened breach, including the right to enforce the provisions by pursuing any and all remedies available at law or in equity, including without limitation by specific

performance and injunctive relief. If Owner or Neighbor shall fail to comply with any term, provision or covenant of this Declaration (a "Defaulting Party") and shall not cure such failure within thirty (30) days after receipt of written notice (or if the default is of such character as to require more than thirty (30) days to cure and the Defaulting Party shall fail to commence to cure the same within such period or shall fail to use reasonable diligence in curing such default thereafter) from a person or entity with the right hereunder to seek relief for such breach (a "Non-Defaulting Party") to the Defaulting Party of such failure, the Non-Defaulting Party shall have the option of pursuing any remedy it may have at law or in equity, including, without limitation, specific performance or injunctive relief from a court of competent jurisdiction. For the avoidance of doubt Neighbor shall not be liable for damages in the event that the Entitlement Applications are not approved notwithstanding Neighbor's compliance with Section 1.3 of this Declaration.

II. GENERAL PROVISIONS

- 3.1 No Third-Party Beneficiary. The provisions of this Declaration are for the exclusive benefit of the parties hereto, and their successors and assigns as owners of the Property and Neighboring Property, and not for the benefit of any third person, including without limitation, the City of Austin, nor shall this Declaration be deemed to have conferred any rights, express or implied, upon any third person or the public.
- 3.2 No Dedication. No provision of this Declaration shall ever be construed to grant or create any rights whatsoever in or to any portion of the Property other than the covenants, conditions and restrictions specifically set forth herein. Nothing in this Declaration shall ever constitute or be construed as a dedication of any interest herein described to the public or give any member of the public any right whatsoever.
- 3.3 Notice. All notices required or permitted to be given hereunder, or given in regard to this Declaration, shall be in writing and the same shall be given and be deemed to have been served, given and received (a) one (1) business day after being placed in a prepaid package with a national, reputable overnight courier addressed to the other party at the address hereinafter specified; or (b) if mailed, three (3) business days following the date placed in the United States mail, postage prepaid, by certified mail, return receipt requested, addressed to the party at the address hereinafter specified. Owner may change their respective addresses for notices by giving five (5) business days' advance written notice to the other in the manner provided for herein. Until changed in the manner provided herein, Owner and Neighbor's addresses for notice is as follows:

Owner:

C/o Jason Hauck – Morgan Group
3815 S. Capital of Texas Highway, Suite 300
Austin, TX 78704

200 Lee Barton Drive, Suite 100
Austin, Texas 78704
Attn.: Amanda Swor

Neighbor:

Eric Yerkovich
P.O. Box 90174
Austin, Tx
78709

- 3.4 Attorneys' Fees. The unsuccessful party in any non-appealable and final action brought to enforce this Declaration shall pay to the prevailing party a reasonable sum for costs actually incurred by the prevailing party in enforcing this Declaration, including reasonable attorneys' fees and court costs.
- 3.5 Entire Declaration. This Declaration constitutes the entire agreement between the parties hereto regarding the matters set forth herein. The parties do not rely upon any statement, promise or representation with respect to the matters set forth herein that is not herein expressed, and, except in accordance with Section 3.11 below, this Declaration once executed and delivered shall not be modified or altered in any respect except by a writing executed and delivered in the same manner as required by this document.
- 3.6 Severability. If any provision of this Declaration shall be declared invalid, illegal or unenforceable in any respect under any applicable law by a court of competent jurisdiction, the validity, legality and enforceability of the remaining provisions shall not be affected or impaired thereby. It is the further intention of the parties that in lieu of each covenant, provision or agreement of this Declaration that is held invalid, illegal or unenforceable, that be added as a part hereof a clause or provision as similar in terms to such illegal, invalid or unenforceable clause or provision as may possible and be legal, valid and enforceable.
- 3.7 Rights of Successors; Interpretation of Terms. The restrictions, benefits and obligations hereunder shall create benefits and servitudes running with the land. Subject to the other provisions hereto, this Declaration shall bind and inure to the benefit and burden of the

parties and their respective successors and assigns. Reference to "Owner" includes the future owners of their respective portions of the Property, including any portions of the Property that may in the future be created as separate tracts pursuant to a resubdivision of any portion of the Property. Reference to "Neighbor" includes the future owners of all or any portion of the Neighboring Property. The singular number includes the plural and the masculine gender includes the feminine and neuter.

- 3.8 Estoppel Certificates. Owner (or any mortgagee holding a first lien security interest in any portion of the Property) may, at any time and from time to time, in connection with the leasing, sale or transfer of its tract, or in connection with the financing or refinancing of its tract by any bona fide mortgage, deed of trust or sale-leaseback made in good faith and for value, deliver a written notice to the other party requesting that such party execute a certificate, in a form reasonably acceptable to such party, certifying that, to such party's then current actual (not constructive) knowledge, (a) the other party is not in default in the performance of its obligations to or affecting such party under this Declaration, or, if in default, describing the nature and amount or degree of such default, and (b) such other information regarding the status of the obligations under this Declaration as may be reasonably requested. A party shall execute and return such certificate within twenty (20) days following its receipt of a request therefor.
- 3.9 Counterparts; Multiple Originals. This Declaration may be executed simultaneously in two or more counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument.
- 3.10 Conflict with Ordinance. To the extent that any of the covenants, conditions and restrictions contained within this Declaration conflict with terms or conditions addressed in the zoning ordinance issued by the City of Austin in connection with the Entitlement Applications, or any supporting materials, for purposes of this Declaration the terms and conditions of this Declaration shall control.
- 3.11 Approval of the City Applications. Notwithstanding any other provision of this Declaration to the contrary, the agreements of Owner reflected herein are conditioned upon final approval (i.e., third reading) of the Entitlement Applications by the City of Austin City Council, with no subsequent appeal, and in a form and on terms and conditions acceptable to Owner in its sole discretion. If the Entitlement Approvals are not granted in a form acceptable to Owner, the covenants, conditions and restrictions contained within this Declaration shall not be applicable and shall be terminated. To the extent that (i) this Declaration is not deemed applicable and terminated pursuant to the immediately preceding sentence, (ii) Neighbor violates Section 1.3 hereof, (iii) the Declaration expires pursuant to Section 3.11; or (iv) Owner and Neighbor, or the then owners of the Property and Neighboring Property, agree to terminate the Declaration, this

Declaration shall be deemed of no further force and effect and shall terminate and an affidavit executed by Owner and recorded in the Official Public Records of Travis County, Texas, certifying the facts supporting and evidencing the termination of this Declaration (a "Termination Affidavit") shall be deemed sufficient to release this Declaration from the Official Public Records of Travis County, Texas, such that this Declaration shall no longer encumber the Property. Third parties shall have the right to rely on such Termination Affidavit, provided, however, at Owner's request and expense, Neighbor shall execute and acknowledge a counterpart to such Termination Affidavit.

- 3.12 Term. This Declaration shall expire automatically and according to its own terms on the tenth (10th) anniversary of the Effective Date.
- 3.13 Effective Date. This Declaration shall become effective upon the final effective date of the Entitlement Approvals by the City of Austin in a form acceptable to Owner. If the Entitlement Applications are not approved in a form acceptable to Owner, then, consistent with Section 3.11 above, this Declaration shall be void and of no effect.

Re: Withdrawal of Protest of Zoning Case No. C14-2021-0130,
Neighborhood Plan Amendment Case No. NPA-2021-0025.02,
and Restrictive Covenant Amendment Case No. C14-85-288.23
regarding the property generally located at 7715 ½ West State
Highway 71, Austin, Texas 78735 (the “Property”)

Dear Ms. Rhoades,

My name is Eric Yerkovich. As the owner of three tracts of land located generally to the east of the Property, I previously sent in a protest of the above applications pursuant to Chapter 211.006 of the Texas Local Government Code. After meeting with the applicant, I withdraw my prior protest in full and give my full support to the applications. Please feel free to reach out if you have any questions.

Sincerely,

Eric Yerkovich
