INTRODUCTION

In 1993, the downtown property owners petitioned the City of Austin to create a Public Improvement District (PID) to address the unique needs of downtown Austin. The primary funding for the Downtown Austin Alliance (Downtown Alliance) comes from this special assessment on large downtown properties assessed over \$500,000 (homestead properties exempt) and is reinvested within the PID's geographic boundary. In 2012, the PID was renewed for a 10-year term. The Downtown Alliance collected petitions from the property owners representing 85% of the aggregate assessed value and 71% of the land area, well in excess of the statutory requirement to reauthorize the PID.

The Downtown Austin Alliance's mission is to create, preserve and enhance the value and vitality of downtown Austin. As the Downtown Alliance continues to lead downtown Austin, the proven economic heart of our region, we work in close collaboration with many other partners to advance our collective vision for the future of downtown. No collaboration is more important than the one with the City of Austin. Key stakeholders include:

- property owners
- residents
- business owners
- workforce
- community organizations
- government officials and staff
- educational institutions
- visitors

The Downtown Alliance is engaged in a diversity of projects, initiatives and efforts that increase the appeal of downtown Austin to residents, employees and visitors. We advance downtown's vision through education, community engagement, advocacy and planning, as well as the provision of direct services supporting improved safety, cleanliness and hospitality within downtown, and the maintenance and programming of public spaces.

THE DOWNTOWN AUSTIN VISION

In the fall of 2017, more than 3,000 Austin-area residents helped shape an ambitious vision for the future of downtown Austin. Led by the Downtown Austin Alliance and guided by a steering committee with diverse community perspectives, the process included extensive public engagement. An experienced group of Austin-based consultants were enlisted to help conduct workshops, interviews, events, focus groups and a community-wide survey—all with the goal of gaining insight into residents' values and aspirations for their downtown.

The resulting Downtown Austin Vision is a forward-looking framework that outlines the community's collective vision of downtown Austin's future and identifies long-term strategic priorities for making that vision a reality. It is envisioned that the full intent of the Downtown Austin Vision would be realized by 2039 (Austin's 200th anniversary), with notable progress visible by 2030.

The Downtown Austin Vision includes a vision statement for downtown, core values to guide the work, and goals and strategies within four priority areas for achieving the vision. It also introduces a number of transformative initiatives that will help advance multiple dimensions of the vision. Some of the key elements of the vision are included below.

THE DOWNTOWN ALLIANCE'S STRATEGIC PLAN

In April 2018, the Downtown Austin Alliance Board adopted a new five-year strategic plan to guide the organization's work. The Downtown Alliance Board aligned our 2018-2023 Strategic Plan with the Downtown Austin Vision, identifying aspects of the Vision where we can effect the most change and best serve our stakeholders in the next five years. The Downtown Alliance sets goals each year to accomplish the priorities of the strategic plan and reports annually on its progress and accomplishments.

In fall 2020, as a result of the COVID-19 pandemic, the Downtown Austin Alliance and Downtown Austin Alliance Foundation boards engaged in a process to develop a Roadmap to Recovery and Resilience. Our strategic plan was modestly updated in April 2021 to reflect new direction resulting from the Roadmap to Recovery and Resilience.
