History

In 2012, City Council approved an ordinance consenting to the creation of the Pilot Knob MUDs. These MUDs include approximately 2,214 acres located in southeastern Travis County at a designated center and transportation corridor as indicated in the draft Imagine Austin Growth Concept Map within the City's

extraterritorial jurisdiction. As part of the agreement consenting to the creation of the MUDs, the City would defer full-purpose annexation of the MUDs for approximately 25 years or longer but would annex the MUDs for limited purposes shortly after giving consent to MUD creation.

The City and the MUDs also entered into a Strategic Partnership Agreement (SPA) and the City annexed the area for limited purposes. At that time, several outparcels within the larger project area had not yet been acquired by the developer. If the developer acquires fee simple title to those tracts of land, the agreements between the City and the MUD provide a process for annexing future tracts to the MUD and to the City's limited-purpose jurisdiction. Previous agreed-to annexations of outparcels include:

- 165.8 acres within Pilot Knob MUD No. 3, Tracts B-E and G-H, and Pilot Knob MUD No. 5, Tract F, in 2019; and
- 242.5 acres within Pilot Knob MUD No. 1, Tract I; Pilot Knob MUD No. 4, Tracts J, L, and M; and Pilot Knob MUD No. 5, Tract K, in 2021.

Strategic Outcome(s):

Government that Works for All.
