CASE MANAGER COMMENTS:

The South Austin Medical Center PUD is bounded by West Ben White Boulevard Eastbound Service Road and main lanes to the north, medical offices across James Casey Street to the east (LO-V-NP; LR-V-NP), medical offices to the south (GO-V-NP; LO-V-NP; LO-NP), and the Union Pacific Railroad tracks to the west. The PUD and surrounding properties to the east and south are located within the Hospital Special District established by the South Austin Combined (South Manchaca) Neighborhood Plan approved by Council in November 2014. ***Please refer to Exhibits A (Zoning Map) and A-1 (Aerial View).***

The PUD was approved by Council in June 1996 and is limited to uses allowed in the general office (GO) zoning district, along with hospital services (general) as an additional permitted use of the property, and established specific development standards including height (C814-95-0001). The first amendment to the PUD was approved by Council in October 1998 and resulted in the addition of three adjacent lots along James Casey Street.

The purpose of the PUD amendment is to facilitate the creation of additional capacity for more than 140 hospital beds. Specifically, the proposed PUD amendment would increase the allowable height from 60 feet and 80 feet up to 120 feet on an interior area set back from James Casey Street. The proposed height increase is an extension of the 120 foot height limit that is allowed within the PUD along the eastbound frontage road of US 290 at its intersection with James Casey Street and extending approximately 800 feet south. The remainder of the south portion of the PUD will retain the 60 feet and 80 feet height limits consistent with prior Council approval. ***Please refer to Applicant's Summary Letter and Revised Zoning Exhibit for the Proposed Height Increase (Attachment A).***

BASIS OF STAFF RECOMMENDATION:

1. *The proposed zoning should be consistent with the purpose statement of the district sought.*

Per the Land Development Code, PUD district zoning was established to implement goals of preserving the natural environment, encouraging high quality, sustainable development and innovative design, and ensuring adequate public facilities and services. The City Council intends PUD district zoning to produce development that achieves these goals to a greater degree than and thus is superior to development which could occur under conventional zoning and subdivision regulations. The PUD provides a canvas for the design of a large scale project, with the end goal to allow flexibility, and also inform and communicate the possibilities for development. Additional effort is required by all parties to ensure that development standards are clear and municipal and citizen needs are addressed. The PUD ordinance and related exhibits are key because once approved, they provide the regulations under which the project will be built, which provides certainty for developers and their agents.

2. *Zoning should promote the policy of locating retail and more intensive zoning near the intersections of arterial roadways or at the intersections of arterials and major collectors.*

Staff recommends the Applicant’s request because the PUD is bounded by existing highway frontage and is within the Hospital Special District as shown on the Character District Map of the adopted South Manchaca Neighborhood Plan. The proposed PUD amendment will allow for the construction of additional hospital beds and provide medical services to the Austin area at a regional scale.

**Applicable South Austin Combined Small Area Plan Policies:**

**Vision:** The Hospital Special District recognizes the unique land use requirements of a major medical center and related medical offices and businesses.

**Hospital Special District Actions:**

**T A5:** Create walkable connections to the neighborhood along the railroad tracks (exploring the possibility of a hike and bike train along the unused railroad spur in the South Manchaca neighborhood).

**T A20:** Complete the sidewalk network, prioritizing these segments: Radam Lane (James Casey to S 1st), and James Casey (missing section north of St. Elmo.)

**T A24:** Improve safety for all users at the following unsignalized intersections (e.g., by installing elements such as crosswalks, signage, round-abouts, curb bulb-outs, stop signs): at St. Elmo Rd. and James Casey St. and James Casey St. and Ben White Blvd.

**HA A14:** Work with employers (AISD, ACC, Hospital) to provide workforce housing in neighborhood.

**Drainage**

The developer is required to submit a pre- and post-development drainage analysis at the subdivision and site plan stage of the development process. The City’s Land Development Code and Drainage Criteria Manual require that the Applicant demonstrate through engineering analysis that the proposed development will have no identifiable adverse impact on surrounding properties.

**Environmental Office – Watershed Protection Department**

During the PUD amendment review, the Applicant performed the following work on the new retention ponds at South Austin Medical Center in response to a Staff comment.

- Engaged the original installer of the ponds to come on site and verify that they are working per original design. They stated that it was functioning as designed.
- Engaged a second pond Contractor after a rain and they also stated that it was working properly as designed.
- Cleaned the pond even after these visits per Fernando’s visit with you and the photos are attached.

The City's Environmental Inspector subsequently cleared the Code violation.

Re: Planned Unit Development Amendment to Case No. C814-95-0001 (“South Austin Medical Center PUD Amendment No. 2”)

Dear Mr. Rusthoven:

I am submitting the attached application to update the South Austin Medical Center PUD. The requested PUD amendment would increase the allowable height on a portion of the site and amend the land use plan, facilitating the creation of additional capacity for more than 140 hospital beds.

The South Austin Medical Center PUD is located on a large site on W. Ben White Boulevard, west of S. 1<sup>st</sup> Street. Council initially approved the PUD over two decades ago, in 1996, when the region was smaller and there was less demand for medical services. Since that time, St. David’s HealthCare Partnership has periodically expanded and renovated the South Austin Medical Center (SAMC) to meet the needs of our rapidly-growing community, with only one PUD amendment in 1998 adding three lots to the site.

Our request to amend the PUD would help St. David’s better meet the region’s growing medical needs. Three exhibits are provided as attachments to this letter. Attachment A portrays the area where increased height is requested. Attachment B shows the amended land use plan. Attachment C contains the 1996 PUD ordinance and the 1998 PUD amendment.

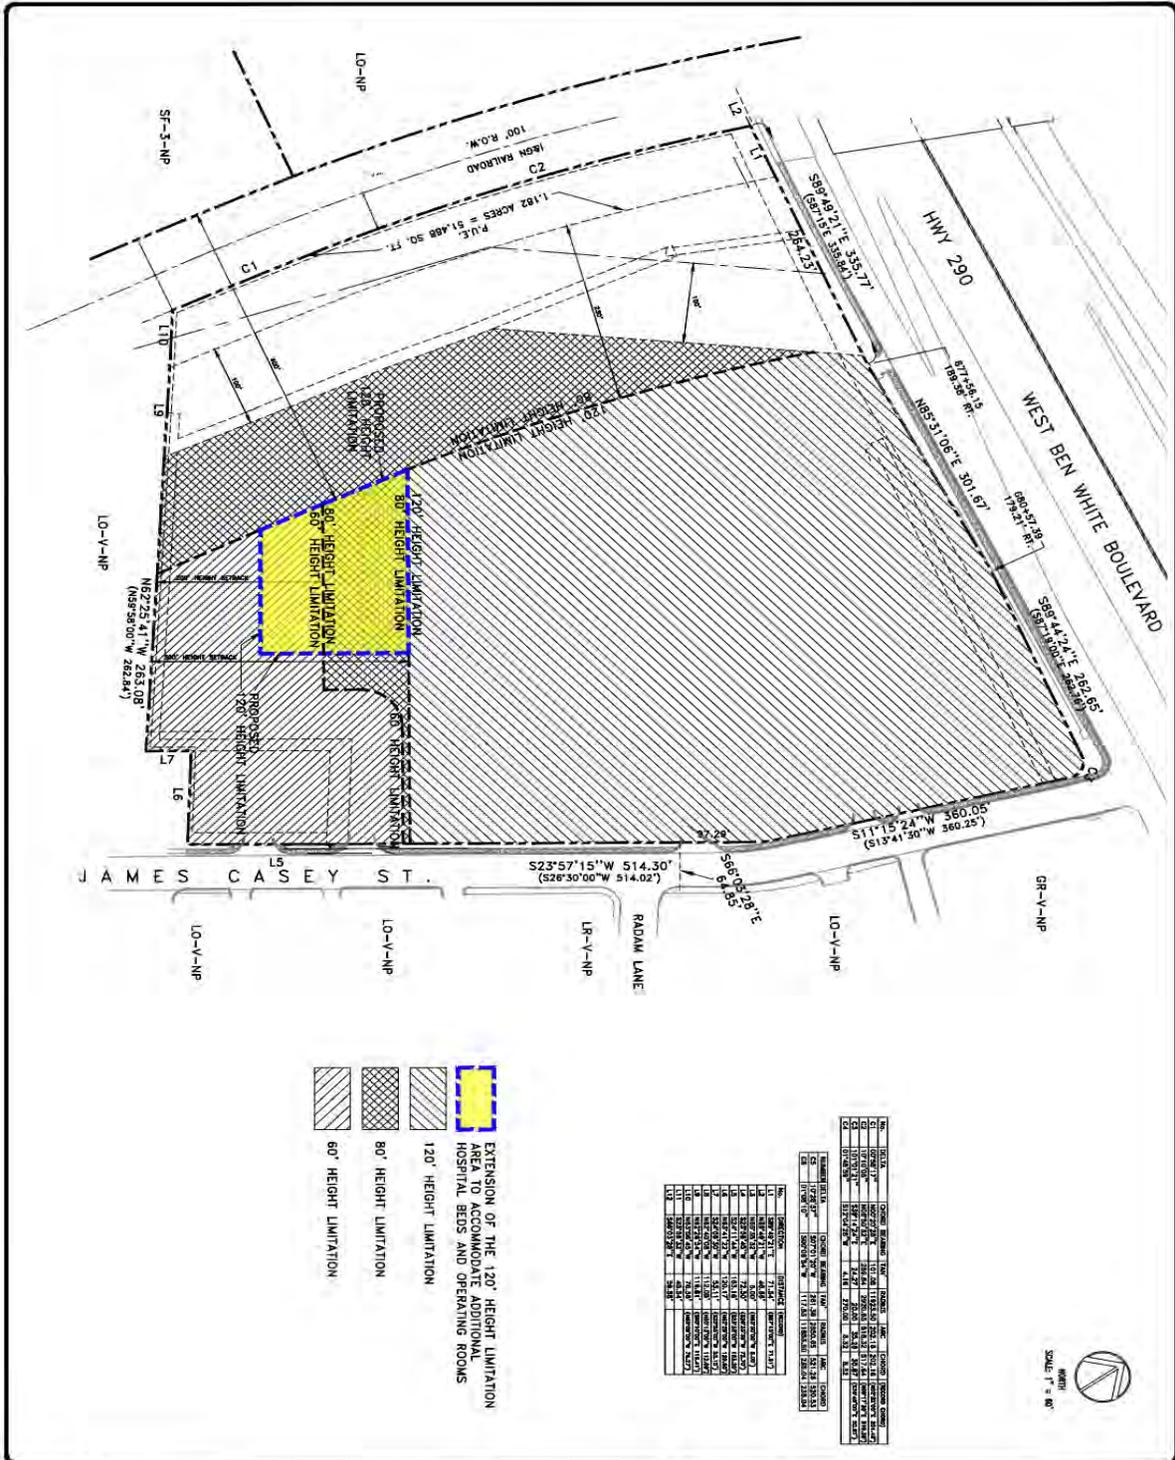

I appreciate your consideration and look forward to answering any questions and providing further details.

Respectfully,

Michael J. Whellan

# ATTACHMENT C. PUD ORDINANCE AND AMENDMENT

## CITY OF AUSTIN, TEXAS

### ORDINANCE NO. 960606-H

**AN ORDINANCE ORDERING A REZONING AND CHANGING THE ZONING MAP ACCOMPANYING CHAPTER 13-2 OF THE AUSTIN CITY CODE OF 1992 TO ESTABLISH A "PUD" PLANNED UNIT DEVELOPMENT ZONING DISTRICT ON APPROXIMATELY 15.546 ACRES OF LAND, GENERALLY KNOWN AS THE SOUTH AUSTIN MEDICAL CENTER P.U.D. DEVELOPMENT PROJECT, LOCALLY KNOWN AS 901 WEST BEN WHITE BOULEVARD IN THE CITY OF AUSTIN, TRAVIS COUNTY, TEXAS; WAIVING THE REQUIREMENTS OF SECTIONS 2-2-3, 2-2-5 AND 2-2-7 OF THE AUSTIN CITY CODE OF 1992; AND PROVIDING AN EFFECTIVE DATE.**

#### **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:**

**Part 1.** That Chapter 13-2 of the Austin City Code of 1992 is amended to establish and define a "PUD" Planned Unit Development zoning district on the property described in City of Austin Development Services Department File No. C814-95-0001 to wit:

Lot 1 of the South Austin Acres Subdivision - Section 3A, a subdivision in Travis County, Texas, according to the map or plat thereof recorded at Volume 86, Pages 50A and 50B of the plat records of Travis County, Texas, and generally known as the South Austin Medical Center Planned Unit Development, being further described in the map attached hereto as Exhibit A,

said property being locally known as 901 West Ben White Boulevard in the City of Austin, Travis County, Texas (hereinafter referred to as the "Property").

**Part 2.** That this ordinance, along with the attached Exhibits A and B, shall constitute the Land Use Plan of the planned unit development district created herein. The planned unit development created by this ordinance shall conform to the limitations and conditions set forth herein and in the South Austin Medical Center Planned Unit Development General Development Plan (hereinafter referred to as the "PUD General Development Plan"), attached hereto as Exhibit B and on record at the Development Services Department in File No. C814-95-0001. If the text of this ordinance and the exhibits attached hereto conflict, the more restrictive provision shall control. Except as otherwise specifically provided by this ordinance, all other rules, regulations and ordinances of the City of Austin in effect on the effective date of this ordinance shall apply to the South Austin Medical Center Planned Unit Development.

**Part 3.** That the exhibits attached hereto are copies of originals on file with the City of Austin Development Services Department in File No. C814-95-0001 and are incorporated in this ordinance in their entirety as though set forth fully in the text of this ordinance. The exhibits attached hereto are as follows:

- Exhibit A Map showing boundaries of the South Austin Medical Center Planned Unit Development
- Exhibit B South Austin Medical Center Planned Unit Development General Development Plan

**Part 4.** That the land uses on the Property are limited to the permitted and conditional uses allowed within the "GO" General Office Base District as set forth in the Austin City Code on the effective date of this ordinance, except that Hospital Services (General) shall be an additional permitted use. Any use not specifically identified in this Land Use Plan is expressly prohibited.

**Part 5.** That the locations of all areas where uses are restricted are shown on the PUD General Development Plan attached as Exhibit B.

CITY OF AUSTIN, TEXAS

**Part 6.** That development on the Property shall comply with the site development standards set forth in this ordinance and in the PUD General Development Plan attached as Exhibit B.

**Part 7.** That development on the Property shall be restricted to a maximum floor to area ratio of 1:1.

**Part 8.** That the maximum building height is limited to the heights identified for each area of the Property as shown on Exhibit B.

**Part 9.** That overall impervious cover on the Property shall not exceed 76% of the gross site area.

**Part 10.** That the maximum building coverage on the Property shall be 60% of the gross site area.

**Part 11.** That the minimum lot size on the Property shall be 5,750 feet and that the minimum lot width on the Property shall be 50 feet.

**Part 12.** That development on the Property shall comply with the standards for the "PUD" Planned Unit Development base district as set forth in the Austin City Code on the effective date of this ordinance, except as modified in Part 13.

**Part 13.** That in accordance with Section 13-2-683(I) of the Austin City Code of 1992, Sections 13-2-734(b)(3), 13-2-734(b)(4), and 13-3-734(b)(5) of the Austin City Code of 1992 shall not apply to this South Austin Medical Center Planned Unit Development, and that for the purposes of this planned unit development only, the following is substituted therefor:

- (3) Any structure on the Property that is 100 feet or less from a property used or zoned SF-5 of more restrictive may not exceed the maximum height limitation identified in the PUD General Development Plan for the area in which the structure is located.
- (4) Any structure on the Property that is greater than 100 feet and less than 300 feet from a property used or zoned SF-5 or more restrictive may not exceed the maximum height limitation identified in the PUD General Development Plan for the area in which the structure is located.
- (5) Any structure on the Property that is 300 feet to 540 feet from a property used or zoned SF-5 or more restrictive may not exceed the maximum height limitation identified in the PUD Development Plan for the area in which the structure is located.

**Part 14.** That all improvements within 50 feet of the single family and duplex uses located within the Casey Estates Subdivision - Section 1 shall fully comply with the compatibility standards set forth in the Austin City Code on the effective date of this ordinance.

**Part 15.** That on-site structural water quality controls shall be provided in accordance with the regulations set forth in the City of Austin Environmental Criteria Manual on the effective date of this ordinance for new development and redevelopment within the Property that creates impervious cover. No such water quality controls shall be required for the development currently existing on the Property.

**Part 16.** That nothing in this Ordinance shall be construed to limit or prohibit the exercise by the City of its police powers or authority under the Austin City Code and other applicable law, or to limit or prohibit the right of the Owner to seek an amendment to any provision of this ordinance or the Land Use Plan or any variance or waiver from any City ordinances or regulations applicable to development with the South Austin Medical Center Planned Unit Development.

Dear Ms. Rhoades,

Please accept this letter from the Southwood Neighborhood Association (which represents some 2,000 households in south-central Austin, Texas) in support of the update to the South Austin Medical Center PUD for the construction of an expansion to add additional hospital rooms and operating rooms. The neighborhood recognized the importance of adding additional hospital rooms and agreed to support the increased height to 120' on a small portion of the existing St. David's Medical Center parking lot to build the expansion with the expectation that St. David's would continue to discuss parking and traffic as the development proceeds.

Members of Southwood Neighborhood Association voted unanimously to submit this letter in support of St. David's Medical Center's application at our March 30, 2022 regular meeting.

Thank you for your service.

Respectfully,

Anna Pittala  
President, Southwood Neighborhood Association

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

Comments: The South Menchaca Neighborhood Plan  
Contact team met jointly with the Southwood  
Neighborhood Association & approved this PUD  
amendment. As a former SMNP chair, this change  
conforms to our neighborhood plan. I'm not sure  
why the SMNP Secretary didn't submit a letter of  
support, but the SMNP/SIA vote was unanimous  
in favor.

I am in favor  
 I object
