Case # HR 22-070860

The building itself at 407 E. Monroe appears to me to be beyond historic status.

HOWEVER, it contains at least 6 affordable living spaces which are in very short supply in this area. The occupants are probably workers at local businesses. I hate to see more of this valuable labor force be displaced in favor of a McMansion housing 2 wealthy people, or condos that are incompatible with the historic district & UNaffordable by these workers.

Therefore, I will OBJECT to this demolition & new unaffordable construction.
