Thank you, Heather.

We have resolved our SMART housing issues and are preparing to update materials. We'll have that information for you wrapped in a bow by Friday.

I believe the Contact Team is also meeting on the 8th and will be able to have a recommendation for that August 9th meeting, so that should be the right meeting for us.

Thank you,
Conor

Conor, Fayeze--

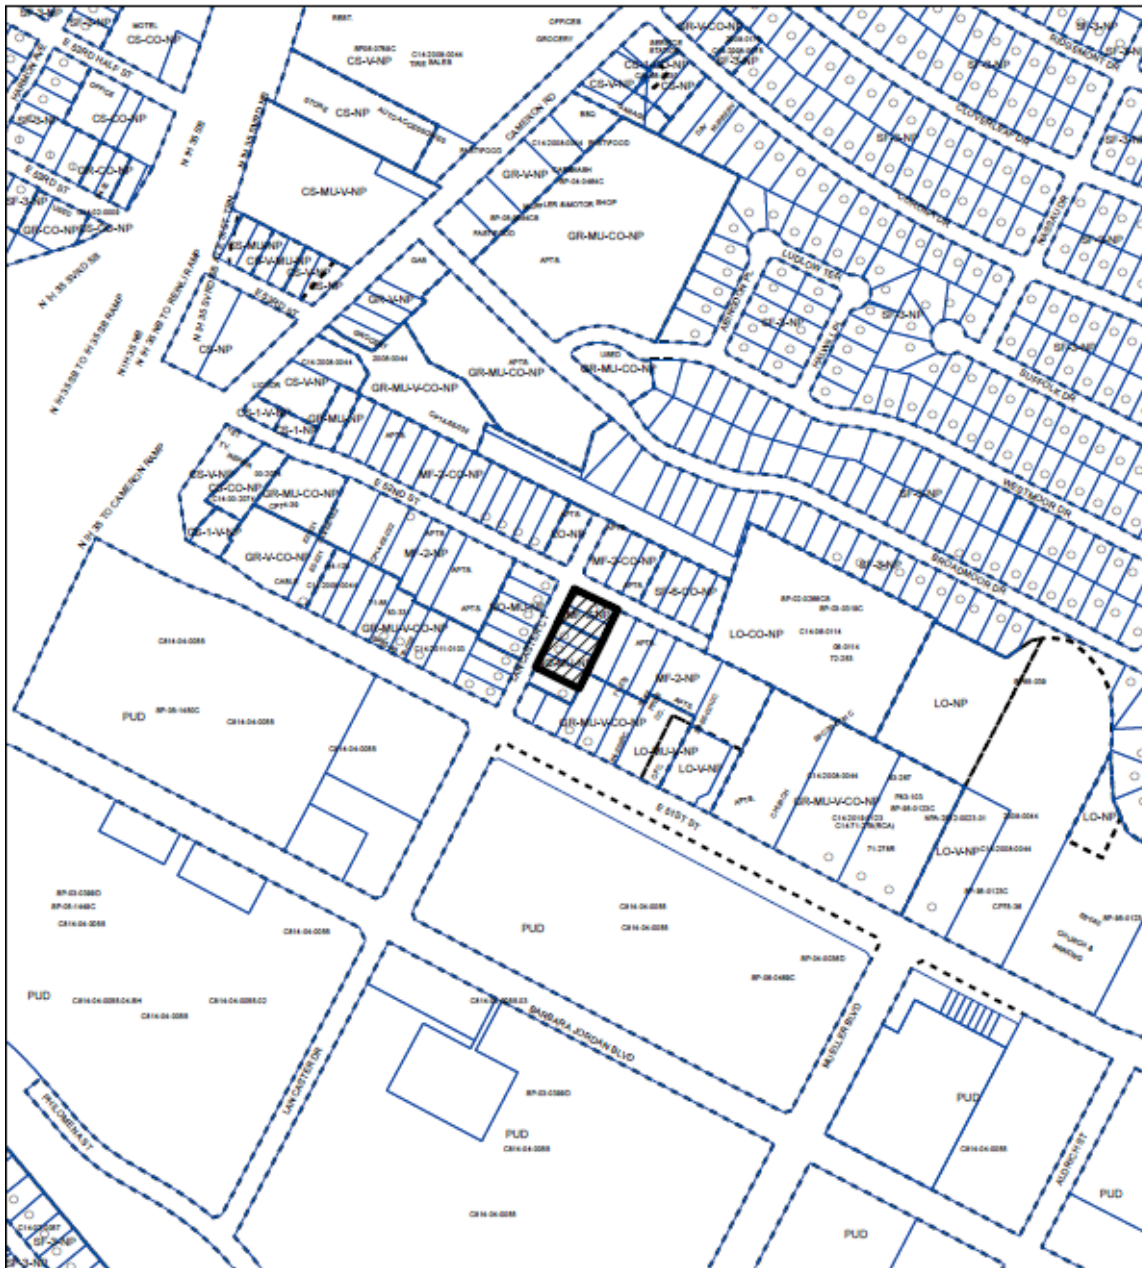

Staff wanted to give you an update on the status of the Lancaster Court cases. Staff reports and related backup are now due for the July 26, 2022 Planning Commission agenda. Staff is requesting a postponement to the next Planning Commission meeting, August 9, 2022.

This will be the third postponement request by Staff because we have not received the information from you that is necessary to complete our reviews and make a recommendation. Staff has not received a SMART Housing letter for the five lots or detailed information about the proposed project. It is our understanding that the SMART Housing letter is pending because HPD Staff in that division has requested additional information from you that has not been submitted. Additionally, Staff needs more detailed information about the proposed development and any conditional overlays or public restrictive covenants requested. These are necessary to prepare a complete and appropriate recommendation.

Again, this will be postponed to the August 9, 2022, Planning Commission agenda. Prior to that meeting Staff will determine if we have received the information needed to prepare our reports and proceed on that date. If we have not, Staff may need to consider an indefinite postponement.

Please reach out to Joi Harden if you have additional information or wish to discuss this case.
