## Additional Information

The City Council directs the City Manager to review the possibility of publishing an explanatory one-page document online, by mail, or through utility bill inserts that provides greater detail, context, and transparency for the City of Austin's portion of the annual property tax bill and any associated fees. This document may also include information on fee discounts, and how to qualify for a homestead, senior or other tax exemption. This staff review and recommendation should be provided to Council with sufficient time to take action prior to the next tax appraisal and budget cycle.
