

Agenda Item 115

C14-2021-0037 (East 12th Street NCCD)

The signees of the attached petition reside and/or own property in the Blackshear-Prospect Hill Neighborhood and do not represent properties within the NCCD's boundary or within 200' of the boundary.

The purpose of the petition is an expression of support of their neighbors living on or adjacent to East 12th Street and to express their opposition to the expansion of cocktail lounges, live music venues, and other, similar uses.

Dear Mayor Adler, Mayor Pro Tem Alter and Council:

We, the following residents of Blackshear-Prospect Hill Neighborhood, stand in support of our neighbors along E. 11th and 12th Street who oppose the expansion of cocktail lounge use permission on the street for the creation of more bars and entertainment venues.

Community planning has always been for more residential density and commercial services that people need every day—not for an entertainment district that undermines the stability and livability of that area.

Please vote 'no' on any changes to the Urban Renewal Plan and E. 12th St NCCD that would permit more bars, clubs, music venues and the like. Please stand with the individuals and families who represent every ethnic and socio-economic background and neighborhood tenancy who signed the zoning protest petition, and with the leaders who actually represent the interests of our community.

Respectfully,
