ORDINANCE NUMBER:

ISSUES: N/A

CASE MANAGER COMMENTS:

The property in question is a 4.75 acre tract of land located at the southeast corner of Metric Boulevard and Cedar Bend Drive. The site is developed with a convenience store use, with gas pumps and a car wash facility. To the north, across Cedar Bend Drive, there is a multifamily use. The lots to the east are developed with duplex residences. To the west, across Metric Boulevard there is a retail strip center, with a convenience store and a service station. The land to the south contains transmission lines and undeveloped area/floodplain for Walnut Creek. The applicant is requesting to rezone the property from LR and GR-CO to LR-MU to redevelop the site with retail/mixed use (*please see Applicant's Amendment Request Letter – Exhibit C*).

The staff is recommending Neighborhood Commercial-Mixed Use Combining District, zoning for the property under consideration. The proposed LR-MU zoning will allow for a mixture of residential, office and commercial uses on a platted lot that is located at the intersection of a minor arterial roadway, Metric Boulevard, and a collector street, Cedar Bend Drive. LR-MU zoning will permit the applicant to redevelop the site with limited commercial uses to provide additional services the residential areas to the north, east and west.

The applicant agrees with the staff's recommendation.

BASIS OF RECOMMENDATION:

1. *The proposed zoning should be consistent with the purpose statement of the district sought.*

Neighborhood Commercial district is intended for neighborhood shopping facilities which provide limited business service and office facilities predominately for the convenience of residents of the neighborhood.

Mixed Use combining district is intended for combination with selected base districts, in order to permit any combination of office, retail, commercial, and residential uses within a single development.

2. *The proposed zoning should promote consistency and orderly planning.*

LR-MU zoning will promote consistency and orderly planning as it will allow for residential, office and commercial uses that will provide additional services to the surrounding residential developments to the north, east and west. There is existing LR and GR-CO zoning to the west, across Metric Boulevard, and multifamily (MF-3-CO) zoning to the north and west of this site.

3. *The proposed zoning should allow for a reasonable use of the property.*

The LR-MU zoning district would allow for a fair and reasonable use of the site as it will permit the applicant to develop a mixture of multifamily residential, office commercial uses on a property that is located adjacent to the North Burnet/Gateway Station Regional Center, as designated by the Imagine Austin Comprehensive Plan. The site under consideration is located within 0.25 miles of public transit stop and/or light rail station. In addition, the proposed zoning is consistent with the North Lamar Area Study that designated this tract of land for commercial uses.

EXISTING ZONING AND LAND USES:

	ZONING	LAND USES

Environmental

The site is not located over the Edwards Aquifer Recharge Zone. The site is in the Walnut Creek Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City's Land Development Code. The site is in the Desired Development Zone.

Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<i>Development Classification</i>	<i>% of Gross Site Area</i>	<i>% of Gross Site Area with Transfers</i>
Single-Family (minimum lot size 5750 sq. ft.)	50%	60%
Other Single-Family or Duplex	55%	60%
Multifamily	60%	70%
Commercial	80%	90%

According to floodplain maps there is a floodplain within or adjacent to the project location. Based upon the location of the floodplain, offsite drainage should be calculated to determine whether a Critical Water Quality Zone exists within the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

At this time, site specific information is unavailable regarding vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment requires water quality control with increased capture volume and control of the 2 year storm on site.

At this time, no information has been provided as to whether this property has any Is that preempt current water quality or Code requirements.

#### Fire

No comments.

#### Site Plan

Site plans will be required for any new development other than single-family, two-family or duplex residential.

Any development which occurs in an SF-6 or less restrictive zoning district which is located 540-feet or less from property in an SF-5 or more restrictive zoning district will be subject to compatibility development regulations. The site is subject to compatibility standards due to the adjacent SF-3 district to the east.

Any new development is subject to Subchapter E. Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted.

This tract is already developed and the proposed zoning change is a footprint within the existing development. The applicant is responsible for requesting relocation and demolition

permits once the site plan is approved. The City Historic Preservation Officer will review all proposed building demolitions and relocations prior to site plan approval. If a building meets city historic criteria, the Historic Landmark Commission may initiate a historic zoning case on the property.

### Transportation

The Austin Strategic Mobility Plan (ASMP) calls for 78 feet of right-of-way for Cedar Bend Drive. It is recommended that 10 feet of right-of-way from the existing centerline should be dedicated for Cedar Bend Drive according to the Transportation Plan with the first subdivision or site plan application. [LDC 25-6-51 and 25-6-55].

### Water Utility

The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, utility relocations and or abandonments required by the land use. The water and wastewater utility plan must be reviewed and approved by Austin Water for compliance with City criteria and suitability for operation and maintenance.

Depending on the development plans submitted, water and or wastewater service extension requests may be required. All water and wastewater construction must be inspected by the City of Austin.

The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater utility tap permit.

OWNER: Texan Markets, Inc., a Texas corporation

ADDRESS: 1100 Gattis School Rd., Suite 300-C, Round Rock, Texas 78664

CONSIDERATION: Ten and No/100 Dollars (\$10.00) and other good and valuable consideration paid by the City of Austin to the Owner, the receipt and sufficiency of which is acknowledged.

PROPERTY: A 0.13 acre tract of land (5850 square feet), more or less, out of Lot 1, Block A, Village at Walnut Creek Phase 2, Section 11 Subdivision, the tract of land being more particularly described by metes and bounds in Exhibit "A" attached and incorporated into this covenant.

WHEREAS, the Owner of the Property and the City of Austin have agreed that the Property should be impressed with certain covenants and restrictions;

NOW, THEREFORE, it is declared that the Owner of the Property, for the consideration, shall hold, sell and convey the Property, subject to the following covenants and restrictions impressed upon the Property by this restrictive covenant. These covenants and restrictions shall run with the land, and shall be binding on the Owner of the Property, its heirs, successors, and assigns.

1. Hours of operation for a business located on the Property are limited to the hours of 6:00 a.m. to 10:00 p.m.
2. An eight-foot high masonry wall shall be provided and maintained east of the improvements in a location beginning at the pavement area and continuing approximately 49 feet in a southerly direction as shown on the attached Exhibit "B".
3. If any person or entity shall violate or attempt to violate this agreement and covenant, it shall be lawful for the City of Austin to prosecute proceedings at law or in equity against such person or entity violating or attempting to violate such agreement or covenant, to prevent the person or entity from such actions, and to collect damages for such actions.
4. If any part of this agreement or covenant is declared invalid, by judgment or court order, the same shall in no way affect any of the other provisions of this agreement, and such remaining portion of this agreement shall remain in full effect.
5. If at any time the City of Austin fails to enforce this agreement, whether or not any violations of it are known, such failure shall not constitute a waiver or estoppel of the right to enforce it.
6. This agreement may be modified, amended, or terminated only by joint action of both (a) a majority of the members of the City Council of the City of Austin, and (b) by the owner(s) of the Property subject to the modification, amendment or termination at the time of such modification, amendment or termination.

In Favor

I am glad to see applications for MU zoning coming forward, this will be a great change to see all over the city as MU Residential/Commercial has been shown to have a significantly higher Return on Investment per acre compared to suburban sprawl. While it may be a bit late to address the national housing crisis I'm still more than happy to see at least some change now, and hopefully much more in the future in this more efficiently dense style.

## PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to participate in a public hearing, you are not required to participate. This meeting will be conducted both online and in-person at which you will have the opportunity to speak FOR or AGAINST the proposed development or change. Contact the case manager for further information on how to participate in the public hearings. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

Staff is conducting a pilot program to receive case-related comments online which can be accessed through this link or QR code:  
<https://bit.ly/ATXZoningComment>.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website: [www.austintexas.gov/planning](http://www.austintexas.gov/planning).

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before the public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice. Correspondence and information submitted to the City of Austin are subject to the Texas Public Information Act (Chapter 552) and will be published online.

Comments: I don't see the need for another of these. There is one across Metrc, another 3 blks south on Metrc, all of the shops on W Parmer 3 blks north of the location. Seems that there may be other options such as a park or recreation area.
