Our property is brown in this image. We received signatures of support from 6 nearby neighbors at 5 properties. Those in support are highlighted in green. The house on Texas Ave was originally concerned and asked for a postponement at a previous HOA meeting, but is now in support. The neighbor directly behind the property is still not in support and prefers the property to be subdivided so that both lots front on 38th street (which would not allow the existing house to be saved).

We, the undersigned occupants of the addresses below, support the granting of a 1 foot variance from code section 25-2-492 for the property at 509 E 38th Street so that they can preserve the existing structure with their subdivision.
