

**SPECIAL EVENTS TASK FORCE - RECOMMENDATION 20220922-4**

Date: 9/21/2022

Subject: Recommended Changes to the Special Events Ordinance

Motioned By:

Seconded By:

**Recommendation:**

Modify section 4-20-21 (A) (2)

**Description of Recommendation to Council:**

(2) is moving and ~~consists exclusively of people completely contained~~ in a police-escorted bubble; or

**Rationale:**

ACE occasionally receives applications for small parades in which streets are not barricaded, examples include neighborhood 4<sup>th</sup> of July parades and high school homecoming parades. The original Tier 1 definition only includes people escorted in a police bubble. Adding floats will allow for these types of events to be classified as Tier 1, which is appropriate given their scale and impact, and provides greater flexibility for applicants in terms of the application deadline.
