

Motion Sheet #1 re: Castleman-Bull House Study

Subject to Council Member Tovo accepting or otherwise providing for the concerns at issue (and we appreciate the consideration she is giving), I move to amend Item 54 labeled “Version 2”, posted September 15, 2022, with the following edits:

BE IT FURTHER RESOLVED:

The City Council, by separate action, reserve \$10 million from the Austin Convention Center funds so funds are available for interior restoration ~~and~~ with such renovations ~~as are to be~~ consistent with the Secretary of the Interior Standards for the Treatment of Historic Properties, should the Council choose to authorize moving forward after having received the City Manager recommendations on possible uses, restoration, and location.
