Planning and Zoning Commission

Thank you for the consideration of the Westgate Tower as a Historical Landmark District. As exemplified in the application and in other correspondence Westgate Tower clearly meets the requirements for this zoning change. I encourage you to follow the recommendations of city staff and the Historic Landmark Commission by voting to approve the requested zoning change.

I am an owner of a small residential unit in the Westgate Tower. I owned a small house in the Zilker neighborhood for 30 years until the tax burden became too great. I chose housing in the downtown area to facilitate easy access to public transit. I am blind and unable to drive. I evaluated other downtown residential properties, some located in Austin historic landmark buildings. None met my needs as affordably as my unit in Westgate Tower. I am very fortunate to live here.

I became aware of the Westgate Tower in the early 1970s when a friend from my home town worked for Lumberman's Investment while attending college. I was not aware of the residential aspect of this high rise until one of my bosses bought an efficiency unit to reduce his commuting cost. He loved to share the pictures of the Capitol he took from his condo.

I have been following the board meetings on the internet. I am concerned by comments regarding interior modifications and public access to the building. These have no bearing on historic landmark requirements. Certificates of Appropriateness are only applicable to modifications to the exterior of the landmark structure or site.

The tax incentive program is designed to encourage owners to maintain the historic structure and site by offsetting owner costs with tax exemptions. It is the chief appraiser who evaluates each owners' annual application. The application can be approved, denied or modified. We can estimate the cost of the zoning change based on the program as it exist today. We cannot predict the programatic changes to be made in the future and cannot, therefore, predict cost with certainty beyond the current period.

Thank you

Richard Lyons

### Hello Planning Commission,

I am an owner at The Westgate tower and in support of zoning historic at the city level. As our building manager has mentioned, we as owners have shouldered increased costs and responsibility to take meticulous care of our building and maintain its historical integrity. There is simply no other building downtown that has taken the extreme care that the Westgate has to maintain our historic integrity. There is also no other residential building downtown that meets the requirements that the Westgate does. I would also argue that assuming that every unit in this building is a million dollar unit and that all unit owners are wealthy individuals who are strictly after the tax break that is offered is presumptuous and incorrect. The Westgate has some of the most modestly sized and affordable units in all of Downtown. We are one of the only buildings downtown to have units that sell for less than the average median home price in Austin.

I was hurt by the Planning Commissions previous comments that seemed to suggest that granting us historic designation should not be offered unless the building was under immediate threat of redevelopment. This is my home. Isn't the planning commission supposed to be sticking up for the old Austin, those of us who can't afford to lose our homes to redevelopment?

My ask is that the Planning Commission does not write off The Westgate as a haven for wealthy individuals and instead views the Westgate as a building that is comprised of owners from all economic backgrounds who have formed a community in the building with the common purpose of maintaining its' historic integrity and accuracy. If we do not get historic zoning, I fear that one day soon this admired building will have no choice but to sell to a developer who will turn it into another overpriced glass box that only the city's elite can afford. I ask that the planning commission think about the owners who chose to live at the Westgate because it's what they could afford. I ask that the Planning Commission thinks about the owners who have dedicated the time and money preserving the Westgate thus far to ensure we keep an old part of Austin still standing for the public to admire. I ask that the Planning Commission thinks of the owners who chose the Westgate as their home because they have admired the building and dreamed about living in this historic residence since they were kids growing up in Austin.

We, as a building, have been doing our part to maintain this building and meet the requirements outlined so I ask that the Planning Commission takes a factual based approach and approves historic zoning.

## September 27, 2022

TO: City of Austin Planning Commission [Via Email as Listed on Meeting Notice]

FROM: Bill Aleshire

SUBJECT: September 27, 2022 Meeting, Agenda Item 12; C14H-2022-0073 - Westgate Tower

I was asked by my client, Rick Hardin, to review the application for zoning change for Westgate Tower and to share that analysis with the Planning Commission.

## SUMMARY

The Planning Commission should reject the Westgate Tower application for zoning change because:

(a) the City has failed to comply with Tex. Loc. Gov't Code § 211.0165 (as amended by S.B. 1585, eff. September 1, 2021, and

(b) the application itself is incomplete, contains demonstrably false information, and fails to follow the procedures required using the City's form for Historic Zoning.

As more fully explained below, the basic problem with the application is that the applicant is not the "Owner;" the applicant has not provided necessary or sufficient proof of each Owner giving the applicant written permission to seek the zoning change on the Owner's behalf; and each Owner was not provided a statement, as required by LGC § 211.0165(c) describing the impact that a historic designation of the owner's property may have on the owner or the Owner's property not later than 15<sup>th</sup> day before the initial hearing. The City has also failed to comply with LGC § 211.0165(a-1) which requires the City to "designate <u>one</u>" commission (zoning, planning or historical commission) "with <u>exclusive authority</u> to approve the designations of properties as local historic landmarks...." In other words, since September 1, 2021 no property can be subjected to action on historic zoning by more than one commission, which must be designated, but has not been, by the City Council as the exclusive authority to designate property as historic. In addition, unless "the owner of the property consents," the vote required for such designation by both the "designated" commission and the City Council must be by  $3/4^{th}$  vote.

One must ask why this application, for what could be a tax break, for a building full of wealthy, influential individuals and lobbyists has been processed in violation of State law and

normal application requirements of the City of Austin. The way City staff has handled this Application, not one of those Owner's has had to sign a single piece of paper indicating the Owner wants the historic zoning. This is highly unusual.

## **OWNERSHIP OF WESTGATE TOWER**

The property located at 1122 Colorado Street, Austin, Texas is owned by 102 individual owners. Contrary to the false assertion in the application that the "Owner" is "Westgate Condominium Association," that association does not own any of the property at that location. The 102 owners each own their own condominium plus a percentage of the rest of the property. Neither the land nor common area of the building is owned by any one person or entity. Each of the 102 owners own a piece of the land. Even the staff's Zoning Change Review Sheet falsely says, "PRESENT OWNERS: Westgate Condominium Association."

The ownership list is included in the agenda backup, but there is not any documentation showing which Owners of the 102 individual parcels are applying for zoning or have actually, in accordance with the City rules, signed an authorization by any, let alone all, of the Owners for the Association or anyone else to seek historic zoning on the Owner's behalf. The City's "Application Instructions" for Historic Zoning Section A(1) says "Please indicate name of current owner. The current owner, or authorized agent, may apply for the zoning change." Application Instruction A(16) ("Owner Information" says:

Owner information - Owner information is required. If the owner agrees to be represented by an agent, then please *a written authorization* for the agent to represent the owner's interests. If there is more than one owner, attach additional owner information to application. *Be sure that all signatures are legible* and address information is correct.

Contrary to the instructions, no signatures are included in the application from any of the actual Owners. An undated, unsworn, letter on stationery from "The Westgate," signed by Gordon Johnson as "Westgate President" purports that the "Board of Directors for the Westgate Condominium Association" authorized Brian Evans to serve as "Agent on behalf of all Westgate Owners." The letter does not indicate how the Board of Directors obtained authority to make such a designation, nor does the letter even state the date of any meeting by the Directors at which such vote occurred. Regardless, to be a valid application, either each Owner must sign it or provide a legible signature directly designating an agent to represent that Owner.

The process and application information used by the Westgate Tower application violates state law and the City's own procedures by omitting the Owner's themselves from ever putting in writing, anywhere, that the Owner wants or agrees to the restrictions of historic zoning. This is reason enough for the Planning Commission to reject the application.

## MISSING TAX CERTIFICATE

The Application Instructions Section 1 says, "A Tax Certificate [indicating that not taxes are owed on the property] must be submitted with all zoning applications." The application is

incomplete because it does not contain such a tax certificate, running the risk that the Planning Commission would approve Historic Zoning on a property on which there are delinquent taxes. This is sufficient grounds on which to deny the application.

## MISSING DEED REFERENCE TO THE PRESENT OWNER, OCCUPANCY

The Application Instructions Section 11 requires "The volume and page numbers of the deed conveying the property to the present owner and the total size of the property conveyed shall be shown...." The application does not contain the County Clerk's property record "volume and page numbers" of the deed to "the present owner." The Application contains Standard Form F.1 ("Historical Documentation – Deed Chronology"), but all the applicant did was put the street address on the "example" form, *i.e.*, the form submitted does not contain any deed chronology for the property and ignores the instruction "Continue through the present."

Likewise, the Application does not contain the required Form F.2 ("Historical Documentation – Occupancy History"). The applicant merely inserted the street address on the "example" form and does not comply with the instruction to "provide a chronology of all occupants of the property from its construction to the present."

## SYSTEMIC FAILURE TO COMPLY WITH STATE LAW

On March 17, 2022, the City of Austin lost a court challenge to its zoning tactics in *City of Austin v. Acuna*, No. 14-20-00356-CV, 2022 WL 805953, at \*2 (Tex. App.—Houston [14th Dist.] Mar. 17, 2022, no pet.). With that fresh slap from the Courts, one might expect the City officials to carefully comply with zoning statutes, including Tex. Loc. Gov't Code section 211.0165, which says in pertinent part:

Sec. 211.0165. DESIGNATION OF HISTORIC LANDMARK OR DISTRICT. (a) Except as provided by Subsection (b), a municipality that has established a process for designating places or areas of historical, cultural, or architectural importance and significance through the adoption of zoning regulations or zoning district boundaries may not designate a property as a local historic landmark or include a property within the boundaries of a local historic district unless:

(1) the owner of the property consents to the designation or inclusion; or

(2) <u>if the *owner* does not consent</u>, the designation or inclusion of the owner's property is approved by a three-fourths vote of:

(A) the governing body of the municipality; and

(B) the zoning, planning, or historical commission of the municipality, if any.

(a-1) If a municipality has more than one commission described by Subsection (a)(2)(B), <u>the municipality shall designate one of those commissions as the entity</u> with exclusive authority to approve the designations of properties as local historic <u>landmarks</u> and the inclusion of properties in a local historic district under that paragraph.

(b) [omitted]

(c) <u>The municipality must provide the property owner a statement that describes</u> the impact that a historic designation or inclusion in a local historic district of the owner's property may have on the owner and the owner's property. <u>The</u> municipality must provide the statement to the owner not later than the 15th day before the date of the initial hearing on the historic designation or inclusion in a local historic district of the property of:

(1) the zoning, planning, or historical commission, if any; or

(2) the governing body of the municipality.

(d) The historic designation impact statement must include lists of the:

(1) regulations that may be applied to any structure on the property after the designation;

(2) procedures for the designation;

(3) tax benefits that may be applied to the property after the designation; and

(4) rehabilitation or repair programs that the municipality offers for a property designated as historic.

(e) The municipality must allow an owner to withdraw consent at any time during the designation process.

Nothing in the application backup demonstrates any compliance with any part of Section 211.0165.

The Application also violated the Austin City Code. Austin City Code § 25-2-242(3) says zoning may be initiated by the "record owner." This application was not initiated by the record owners and no proper designation of an Agent for each Owner has been provided. Austin City Code § 25-2-353(B) says:

(B) A record owner or the record owner's agent filing an application for an ownerinitiated historic landmark (H) designation *shall affirm that no person involved in the matter was or will be compensated on a contingent fee basis or arrangement.* 

No such affirmation is included in the Application or agenda backup.

## CONCLUSION

The Historic Landmark Commission should have not approved the Application without requiring each Owner to sign a designation of agent, at least, but should have required the Application include all of the required information. Likewise, the Planning Commission should reject this application as incomplete, unauthorized by each Owner, and in violation of Tex. Loc. Gov't Code § 211.0165 and Austin City Code § 25.2-353(B). At this point, there is a jurisdictional question of whether the Historic Landmark Commission or the Planning Commission have

authority to approve historic designation based on the City's failure to give either commission "exclusive authority" to approve such applications.

Respectfully submitted,

leshire.

## **General Overview**

Historic zoning is a zoning overlay which is added to the base zoning of a specific tract of land (for example CBD-H denotes Central Business District-Historic Zoning). To qualify for City Historic Landmark status, a property must meet one or more (but typically five or more) of the local historic criteria (see criteria below). Applicants need to submit historical documentation demonstrating how the property meets these criteria (see attached submittal requirements).

The City Historic Landmark Commission reviews all applications for City Historic Landmark designation, with the Austin City Council making final decisions on these designations. Please note that at least (3) months is typically required to process a City Historic Landmark designation through the City Council from the time a complete application is received.

Once designated, all proposed exterior site and building changes (other than routine maintenance) to a historically zoned tract require advance review and approval by the City Historic Landmark Commission. A copy of the Historic Landmark Commission's review standards is available from the City Historic Preservation Office. City Historic Landmark properties that are in good repair and in full compliance with the City historic review requirements are eligible to apply annually for a historic property tax exemption. For information on the historic zoning process, refer to Chapter 25-2 of the City Land Development Code.

#### WHERE TO APPLY:

To ensure that the application is complete, an advance review by the City Historic Preservation Office is required. Applications may be submitted at the receptionist's desk, 5th floor, One Texas Center, 505 Barton Springs Road by appointment. Phone (512) 974-2727 for an appointment.

#### TIME FRAME FOR PROCESSING HISTORIC ZONING CASES:

Each historic zoning case is reviewed by the Historic Landmark Commission at a regularly scheduled meeting of the Commission approximately four to six weeks after receipt of application. The Historic Landmark Commission meets once a month, typically on the 4th Monday of each month. The case is then heard by either the Zoning and Platting Commission or the Planning Commission approximately three weeks after the Historic Landmark Commission hearing, and then by the City Council approximately six weeks later.

#### SUBMITTAL REQUIREMENTS:

Refer to Instructions and Submittal Checklist. Complete Application Forms, supplemental materials, and Affidavits.

## THE FOLLOWING CITY HISTORIC LANDMARK CRITERIA ARE CONSIDERED WHEN REVIEWING A CITY HISTORIC LANDMARK APPLICATION:

  conveys its historical significance and does not include an addition or alteration which has significantly compromised

A property located within a local historic district is ineligible to be nominated for landmark designation under the criterion for architecture, unless it possesses exceptional significance or is representative of a separate period of significance.
  - (ii) Historical Associations. The property has long-standing significant associations with persons, groups, institutions, businesses, or events of historic importance which contributed significantly to the history of the city, state, or nation; or represents a significant portrayal of the cultural practices or the way of life of a definable group of people in a historic time.
  - (iii) Archeology. The property has, or is expected to yield, significant data concerning the human history or prehistory of the region;

- (iv) Community Value. The property has a unique location, physical characteristic, or significant feature that contributes to the character, image, or cultural identity of the city, a neighborhood, or a particular group.

Planning and Zoning Commission:

Thank you for your consideration of making the Westgate Towers a Historical Landmark Combining District. I grew up in nearby Taylor, Texas and have always loved this building. When my mom and I traveled to downtown Austin to shop or visit the capitol we always drove by the Westgate. At that time (early 1970's), there were few buildings that competed with the height and majesty of the Westgate. I was enthralled that people actually live in that building. What a dream! Fifty years later, I'm fortunate enough to have purchased a modest 1,100 square foot home in the amazing building.

It was one of the buildings that inspired me to become an architect. I'm now a practicing architect in downtown Austin and have worked on architectural preservation projects around the country. My work has included the restoration of Radio City Music Hall, the Downtown Los Angeles Main Public Library, the main Cleveland Public Library, and the New Amsterdam Theatre in Manhattan. I'm currently working on historic projects at Texas Tech University, Stephen F. Austin University, and the City of Richardson, Texas.

During my time living in New York City (31 years and moved back to central Texas in 2020), I've worked with the NY Landmarks Preservation Commission on multiple projects. I understand the importance and opportunities of historic buildings in maintaining rich, inviting, amazing neighborhoods and communities. In my 33 years of architectural practice, I believe the Westgate represents an extraordinary candidate as a Historical Landmark Combining District for the City of Austin. It has every component that's important in designating a historic landmark:

1. It's over 50 years old and a represents a period of architectural significance.

- 2. It retains a high degree of architectural integrity.
- 3. It's listed on the National Register of Historic Places (2010)
- 4. It's a recorded Texas Landmark (2012)
- 5. It's a place of historical significance (capital view corridor, LBJ, Headliner Club, etc).
- 6. And very importantly, it represents an era of Austin-past.

I say this because its astonishing to me that Planning & Zoning has not already unanimously approved this City of Austin designation. I've been involved in so many projects where building owners were fighting against historic designations and didn't want to maintain the architectural significance of their building. The amount of time, money, and effort focused on maintaining the Westgate is substantial (I'm on the buildings' architectural committee). It's a rarity to have a buildings' ownership and management interested and involved in its historic importance.

I strongly encourage you to support a vote for designating the Westgate a Historical Landmark Combining District.

Thank you,

Douglas Moss, AIA, LEED AP, NCARB Partner - Steinberg Hart

Greetings Commissioners and City Staff,

# I am delivering this email so that this email and its 3 attachments <u>are of record</u>, and are made a part of the staff materials regarding the zoning case C14H-2022-0073 - Westgate Tower.

The attachments were intended to be part of my presentation to the Planning Commission at the September 27, 2022 public hearing, during which the applicant was allowed to speak, and I was not afforded that same opportunity to speak and correct the record.

These attachments include my commentary for the Commission and a chart listing Year 2021 Historic Tax Exemptions, the financial impact of those tax exemptions and a calculation of the financial impact to the public, should Westgate Tower along with all 100+ condominiums within the Tower, make application and receive those historic exemption tax benefits.

My estimate of the impact of tax loss to Westgate is over \$675,000 annually – in perpetuity, not \$500,000 as the applicant estimates. I have seen no estimate from City Staff to date. Hopefully the Commission will at most, recommend historic zoning exemptions only be granted to the Common Area (building exterior and land) and not the 100+ internal condominiums.

Also attached is the email from TCAD, wherein we finally received this TCAD information, which we had been requesting since at least September 21<sup>st</sup>, on September <u>27<sup>th</sup>, the same day of the Planning Commission hearing</u>. Testimony from the applicant that I intentionally waited until the last minute to deliver our arguments is unfounded and without merit. I hope the upcoming public hearing will remain on topic and the Commission will help speakers to maintain a factual focus on the relevant issues.

I look forward to discussing what appears to be an **incomplete and invalid zoning application**, tomorrow at the October 11<sup>th</sup> Commission public hearing.

Respectfully, Richard Hardin

### Marya,

Dusty suggested I let you know about this request made to the Travis County Tax Office. See email string below. My client, Rick Hardin, is trying to find out what the total tax savings/lost revenue is for Historic Tax Exemptions in 2021 for each Travis County taxing entity, particularly for the City of Austin. Mr. Hardin is making a presentation tomorrow and was hoping to include such information. Since tax bills are not out yet, we assume that the information is not available for 2022.

Basically, Mr. Hardin is looking for:

On properties receiving HT (Historic Tax) Exemption in 2021, what would have been the tax levy (for each taxing entity) on those properties if the HT exemption did not exist versus what was the actual tax

levy. The difference would be the tax savings for the owners, or, another way to view, the lost tax levy for the taxing entity.

## Ms. Ruiz,

We are hoping that tax office can show for properties that have received the historic exemption in 2021, how much the taxes (total) on those properties would be (for each taxing entity) without the historic exemption and how much the taxes were (total) with the historic exemption, for each taxing entity.

Hello Ms. Ruiz,

My property is not historic.

Mr. Aleshire is requesting ALL properties in Travis County that received historic tax exemptions, and specifically we want to know the total amount of ALL tax dollars given to ALL of those properties, via historic tax exemptions with those totals by EACH taxing entity for Tax Year 2021.

Hope this helps. Thank You!

## This application must be rejected and begin again. Please refer to AleshireLAW Memo dated September 27, 2022.

As an aside, there are currently 660 city designated "landmarks" in Austin. In year 2021 TCAD estimates total tax revenues lost to Historic Tax Exemptions to participating taxing entities totaled **\$16,635,474.22**<sup>1</sup>

In that same year 2021, TCAD estimates total tax revenues lost to Historic Tax Exemptions just to the **City of Austin** totaled **\$3,500,941.20**<sup>1</sup>

Let's examine the impact to Austin's tax revenue were all of the land, building, common areas, and each of Westgate Tower's 101 individual condominiums<sup>2</sup> were to be granted historic designation and each allowed and made application to receive Historic Tax Exemptions. Using the citywide average percentage of tax reduction as shown on the 2021 TCAD chart, a 54% reduction would be applicable. The Applicants *Westgate Ownership Chart*<sup>2</sup> indicates total tax revenue for Westgate Tower to be \$1,262,514. ## If this property with its 100+ condos, were to be given HT tax exemption, it would result in an almost 20% increase in tax loss to Austin and its taxpayers. 20%

In completing Form 50-122 the **Application for Historic or Archaeological Site Tax Exemption**, to claim a tax exemption under **Section 11.24 of the Tax Code**, the applicant is asked: *"Has the property been designated as a historically or archeologically significant site in need of tax relief to encourage its preservation pursuant to an ordinance of other law adopted by the governing body of the unit?"<sup>4</sup>* 

## How can any applicant as to their ownership of condo "air rights" sign an application swearing their condo air rights are *in need tax relief to encourage preservation*?

There is no public benefit to taking tax revenues from the City of Austin, Travis County, ACC, AISD, and Travis County Health District, to instead give those moneys to wealthy high-rise condo owners. Our homeless, our school children, our roads, parks, and health system deserve our attention and present a far greater public need.

What is the public interest in granting tens of thousands of dollars to the owners of these non-public condos? In perpetuity.

Our current program of runaway landmark designations and giveaways diminish what being a Landmark means. We waste precious tax revenue and erode public trust and support for Austin's historic program. We need to examine our historic ordinances and the duration of those benefits.

[I am re-sending this information because I notice that the agenda backup for Item 19 on your October 11<sup>th</sup> meeting agenda does not include this correspondence provided to you on September 27, 2022]

Dear Planning Commission:

Although I have not been able to research all relevant accounts, one reason the required Tax Certificate was not included in the Westgate Tower application is because there is one or more units with delinquent taxes. See attached.
