David,

Thanks very much for contacting me this morning.

Further to your suggestion about a possible sale of your property, let me know what number works for you. We can quickly decide if we would want to factor that into the planning that we're otherwise doing. If it works, great. If it's too rich then we will simply work on our plans for a repurposing of our property while being sure to keep you and the HOA informed.

I really appreciate your return call. Let's keep in touch.

P.S. – I return from well-deserved time off on 7/30 but, I will be monitoring email and texts periodically while gone.

While I do love an in person meeting it may be easiest to plan this on zoom.

My availability this week is as follows. Eric, I'd love to have you. There as well so please follow up with your workable times.

TU 8/9 - After 10:30 AM

W 8/10 - After 2:30 PM

TH 8/11 - After 10:30 AM

Cheers!

Good morning Eric,

Just a quick follow up. I think I gave you the courtesy last week of setting the date and time for a short meet & greet. Please let me know if you can find 30-mins this week to connect either on site or anywhere of your choice. Additional notes as follows:

- Purpose for the preliminary meet & greet is:
 - You can meet me and I can meet you and Kristen. I'm a believer in personal rapport.
 - I can bring you up to speed briefly on our sob story. – Not that we're asking for any special favors but, we're transparent and you will learn about some of the constraints we're wrestling with. They are relevant from a design development perspective.
 - I can listen. Specifically, your preliminary input will be factored into our design development. – I prefer not to put pen to paper without first getting fundamental input from the neighborhood. Otherwise, we can end up having to make major modifications to concepts that invest a lot of time into developing needlessly (if they are not ultimately endorsable for the neighborhood).
- Our architect is not able to generate sufficient exhibits in time for us to make your August 17th agenda. They would have to come up with concepts, I would have to bless them and in both cases, we have no specific feedback from you and other neighbors yet. With that in mind, can I kindly ask you to pull us from the August 17th agenda, assuming we were on one?
- Since we will not have advanced the ball far enough with neighborhood stakeholders by late August, we will either withdraw our variance request with the city or request a continuance on September 12th. We will not pursue any variance without sufficiently engaging neighborhood stakeholders.

O.k., there's a short update. Please circle back with a meeting date that works for you and Kristen when you can, please.

All the best,

JVCC

Greetings Eric,

I received your contact information from Alecia Mosadomi, Husch Blackwell, who we have retained to assist with redevelopment of the property identified above.

As you probably learned from her, our company is the reluctant owner of the property (we're actually a lender that took possession of the property thru foreclosure). We (I) operating in a way that is very different from the prior owner. We pride ourselves on transparency and collaboration, which explains why you received a call from Alecia and now me.

We are at the front-end of planning work for the property and would like to expand our lines of communication with the neighborhood. With that in mind, would you be willing to meet me briefly so you can get a clear update on both history and our preliminary thinking/plans? Obviously, the more we hear directly from you and neighbors, the better we can produce a project that adds value to the neighborhood. – A goal that is important to me as I'm sure it is to you.

Thanks for volunteering with the neighborhood association. I look forward to your thoughts.

Good morning David,

This is just a quick two-part note:

(a) thanks for calling me back late last week regarding an update on 1401 E. 3rd Street and for your feedback on our plans. We appreciate both very much.

(b) I have a meeting with our architects tomorrow late morning to see their concept plans for the property for the first time. We have been collaborating closely so, I suspect I'll like what I see. – Given our relatively tight schedule prior to the next Board of Adjustment meeting, etc. would you have time either late tomorrow, over the weekend or early next

week where I can show you what the architects have thus far come up with? I don't want to overly impose on your time but, we value your input very much.

Thanks again for working with us on this. We appreciate your input.

My apologies. I forwarded an email that had been previously circulated with the meeting details and it used the word "tomorrow" which caused confusion. The agenda states the correct date of 8/17/2022 which I believe we shared with Cort in our phone call last week. Our general meetings are always the third Wednesday of the month.

We're looking forward to learning more about the projects progress and any specific asks you have of the team In September.

Also of note, we've invited each of the District 3 City Council candidates to introduce themselves at our September 21 general meeting.

If you have not had a chance to visit KMFA's new home, I encourage you to take this opportunity to **visit the studio + engage with ECC neighbors**. The meeting conference room is **788 square feet** and provides ample space for attendance. On the other hand, if you're not a people person or don't have the capacity to attend in person, **the virtual experience is relatively seamless thanks to new technology**.

In either case, **I look forward to seeing everyone tomorrow evening!** Please don't hesitate to contact me if you have any questions.

Re: C15-2020-0020

Dear Jennifer,

Austin Energy (AE) has reviewed your application for the above referenced property, requesting that the Board of Adjustment consider a variance(s) from the following section of the Land Development Code; Section 25-2-492 (*Site Development Regulations*) setback requirements; to decrease the minimum interior side setback from 5 feet (required) to 2.77 feet (requested)

In order to complete a Single-Family residence in an "SF-3-NP", Single-Family Residence-Neighborhood Plan zoning district. (East Cesar Chavez Neighborhood Plan)

Austin Energy does not oppose the above variance request provided any proposed and existing improvements follow Austin Energy's clearance criteria requirements, the National Electric Safety Code and OSHA. Any removal or relocation of existing electric facilities will be at owners /applicants' expense.

Please use this link to be advised of our clearance and safety requirements which are additional conditions of the above review action: <https://austinenergy.com/wcm/connect/8bb4699c-7691-4a74-98e7-56059e9be364/Design+Criteria+Manual+Oct+2015.pdf?MOD=AJPERES>

If you require further information or have any questions regarding the above comments, please contact our office.

Thank you for contacting Austin Energy.

Zoning District: SF3

I/We JENNIFER HANLEN on behalf of myself/ourselves as
authorized agent for OWNER - DURHAM TRADING PARTNERS XII LLC affirm that on
Month March, Day 10, Year 2020, hereby apply for a hearing before the
Board of Adjustment for consideration to (select appropriate option below):

☐ Erect ☐ Attach ☐ Complete ☐ Remodel ☒ Maintain ☐ Other: See Page 5

Type of Structure: SF RESIDENTIAL HOUSE ENCROACHING IN 2.77 FEET OF 5 FT SIDE SET

Portion of the City of Austin Land Development Code applicant is seeking a variance from:

VARIANCE FROM 25-2-492 TO ALLOW A 2.77 ENCROACHMENT INTO THE REQUIRED 5' SIDE SETBACK FOR EXISTING SINGLE FAMILY RESIDENCE.

Section 2: Variance Findings

The Board must determine the existence of, sufficiency of, and weight of evidence supporting the findings described below. Therefore, you must complete each of the applicable Findings Statements as part of your application. Failure to do so may result in your application being rejected as incomplete. Please attach any additional supporting documents.

NOTE: The Board cannot grant a variance that would provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated.

I contend that my entitlement to the requested variance is based on the following findings:

Reasonable Use

The zoning regulations applicable to the property do not allow for a reasonable use because:

SE-3 ZONING PROMOTES SINGLE FAMILY USES. THIS LOT IS 4852 SF AND LOCATED AT THE SW CORNER OF NAVASOTA ST. AND EAST 3RD. THE STREET SIDE SETBACK ALONG NAVASOTA IS 15 FT. THE CURRENT HOUSE IS PUSHED BETWEEN THE STREET SIDE SETBACK AND INTERIOR 5' SETBACK. A 1,985 SF HOUSE WAS PERMITTED BY COA. CONSTRUCTION OF THE HOUSE RESULTED IN A 2.77 FOOT SETBACK. THE HOUSE CAN NOT EXIST AS PERMITTED WITHOUT A VARIANCE.

Hardship

a) The hardship for which the variance is requested is unique to the property in that:

THE 4,852 SF LOT IS A CORNER LOT. THE 15' STREET SIDE SETBACK REQUIRES 2,000 OF THE 4,852 SF LOT, ROUGHLY 40% OF THE LOT. THE REMAINING PORTION OF THE LOT HAS AN EXISTING SF RESIDENCE PERMITTED IN 2017. THE OWNER IS SEEKING A VARIANCE TO ALLOW THE 2.77 SETBACK ALONG THE 5' SIDE SETBACK.

b) The hardship is not general to the area in which the property is located because:

THERE ARE NO KNOWN SITES WITH THIS ISSUE IN THE AREA.

Area Character

The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

ALLOWING THE SF RESIDENCE TO REMAIN AS PERMITTED WILL NOT ALTER THE CHARACTER OF THE AREA, WILL NOT IMPAIR USE OF THE ADJACENT PROPERTY, NOR IMPAIR PUPOSE OF THE REGULATIONS. THERE ARE A VARIETY OF ZONING ISSUES FOUND THROUGHOUT EAST AUSTIN.

Parking (additional criteria for parking variances only)

Request for a parking variance requires the Board to make additional findings. The Board may grant a variance to a regulation prescribed in the City of Austin Land Development Code Chapter 25-6, Appendix A with respect to the number of off-street parking spaces or loading facilities required if it makes findings of fact that the following additional circumstances also apply:

1. Neither present nor anticipated future traffic volumes generated by the use of the site or the uses of sites in the vicinity reasonably require strict or literal interpretation and enforcement of the specific regulation because:

N/A

2. The granting of this variance will not result in the parking or loading of vehicles on public streets in such a manner as to interfere with the free flow of traffic of the streets because:

N/A

3. The granting of this variance will not create a safety hazard or any other condition inconsistent with the objectives of this Ordinance because:

N/A

4. The variance will run with the use or uses to which it pertains and shall not run with the site because:

N/A

One Texas Center
505 Barton Springs
Austin, Texas 78704

BOA request for 1401 E 3rd St. to allow a 2.77' setback in the required 5' side setback

- Legal tract located at 1401 E. 3rd St. is 4,852 SF; has had on-site utility service since 1926.
- Original residence was demolished in 2017 and a new residential permit application was submitted to city of Austin.
- Application was approved by city of Austin; new single-family residence constructed in accordance with plans.
- The plot plan was accurate and was based on the accurate survey; however, an incorrect version of the survey was used to set the construction forms.
- A survey error based on confusing ROW widths in the adjacent alley created a 2.7' side yard setback during construction of the SFR & accessory apartment.
- This was not known until contractor called for final inspection and certificate of occupancy and preparation of the owner occupying the residence.
- Surveyor then surveyed entire block alley in order to understand where error was created.
- The intersection of the rear public alley and intersecting Navasota Street have varying widths. These intersecting ROWs allowed multiple opportunities for error.
- The new single-family residence has a varying encroachment into the 5' side yard setback, creating a side yard setback ranging from 2.77' to 4.0'.
- There are no known examples like this in the immediate area, but is probable in the larger east Austin geography.
- This small setback encroachment does not impair the intent of the zoning regulations, nor does it have any adverse impact on adjacent or surrounding properties.
- All inspections have passed except the building permit's final inspection. The Certificate of Occupancy can be granted if the variance is approved.

Sincerely,

David C. Cancialosi, Agent for Owner
