

Hello Planning Commission,

I am an owner at The Westgate tower and in support of zoning historic at the city level. As our building manager has mentioned, we as owners have shouldered increased costs and responsibility to take meticulous care of our building and maintain its historical integrity. There is simply no other building downtown that has taken the extreme care that the Westgate has to maintain our historic integrity. There is also no other residential building downtown that meets the requirements that the Westgate does. I would also argue that assuming that every unit in this building is a million dollar unit and that all unit owners are wealthy individuals who are strictly after the tax break that is offered is presumptuous and incorrect. The Westgate has some of the most modestly sized and affordable units in all of Downtown. We are one of the only buildings downtown to have units that sell for less than the average median home price in Austin.

I was hurt by the Planning Commissions previous comments that seemed to suggest that granting us historic designation should not be offered unless the building was under immediate threat of redevelopment. This is my home. Isn't the planning commission supposed to be sticking up for the old Austin, those of us who can't afford to lose our homes to redevelopment?

My ask is that the Planning Commission does not write off The Westgate as a haven for wealthy individuals and instead views the Westgate as a building that is comprised of owners from all economic backgrounds who have formed a community in the building with the common purpose of maintaining its' historic integrity and accuracy. If we do not get historic zoning, I fear that one day soon this admired building will have no choice but to sell to a developer who will turn it into another overpriced glass box that only the city's elite can afford. I ask that the planning commission think about the owners who chose to live at the Westgate because it's what they could afford. I ask that the Planning Commission thinks about the owners who have dedicated the time and money preserving the Westgate thus far to ensure we keep an old part of Austin still standing for the public to admire. I ask that the Planning Commission thinks of the owners who chose the Westgate as their home because they have admired the building and dreamed about living in this historic residence since they were kids growing up in Austin.

We, as a building, have been doing our part to maintain this building and meet the requirements outlined so I ask that the Planning Commission takes a factual based approach and approves historic zoning.

Planning and Zoning Commission

Thank you for the consideration of the Westgate Tower as a Historical Landmark District. As exemplified in the application and in other correspondence Westgate Tower clearly meets the requirements for this zoning change. I encourage you to follow the recommendations of city staff and the Historic Landmark Commission by voting to approve the requested zoning change.

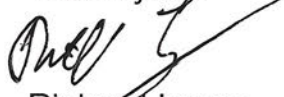

I am an owner of a small residential unit in the Westgate Tower. I owned a small house in the Zilker neighborhood for 30 years until the tax burden became too great. I chose housing in the downtown area to facilitate easy access to public transit. I am blind and unable to drive. I evaluated other downtown residential properties, some located in Austin historic landmark buildings. None met my needs as affordably as my unit in Westgate Tower. I am very fortunate to live here.

I became aware of the Westgate Tower in the early 1970s when a friend from my home town worked for Lumberman's Investment while attending college. I was not aware of the residential aspect of this high rise until one of my bosses bought an efficiency unit to reduce his commuting cost. He loved to share the pictures of the Capitol he took from his condo.

I have been following the board meetings on the internet. I am concerned by comments regarding interior modifications and public access to the building. These have no bearing on historic landmark requirements. Certificates of Appropriateness are only applicable to modifications to the exterior of the landmark structure or site.

The tax incentive program is designed to encourage owners to maintain the historic structure and site by offsetting owner costs with tax exemptions. It is the chief appraiser who evaluates each owners' annual application. The application can be approved, denied or modified. We can estimate the cost of the zoning change based on the program as it exist today. We cannot predict the programatic changes to be made in the future and cannot, therefore, predict cost with certainty beyond the current period.

Thank you

Richard Lyons

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice. Correspondence and information submitted to the City of Austin are subject to the Texas Public Information Act (Chapter 552) and will be published online.

Hello Ms. Contreras,

Thank you for this information and attachment listing “landmarks” by districts. This is most helpful.

I am hopeful that before the next scheduled hearing for Westgate Tower historic zoning designation before Planning Commission, that you or City staff will be able to independently confirm the maximum total tax exemption benefits available to Westgate Tower AND all of the individual condo owners were it to be zoned historic, and those exemptions hypothetically applied for and granted in year 2022.

I do not think that an applicant (in a position of conflict and inexperienced) should be relied upon for that calculation. If City staff has not performed this calculation itself, I will likely ask for a postponement until staff is able to independently verify the potential cost to the taxpayers in the participating taxing authorities.

You indicate below that the information requested in my **question #4**, you have requested from TCAD. Please let me know when that information is made available, I would request a copy of that information. I am certain the total financial cost of this program is relevant not just for Planning Commissioners, but for you and staff, City Council, and the public at large. It is newsworthy. Historic tax exemptions are sizeable sums of tax money diverted into this single program, millions annually and in perpetuity.

When the ordinances governing City historic landmarking were written, and subsequently revised, no one anticipated nor foresaw the prospect of granting historic tax exemptions to hundreds of condominium owners in exclusive restricted access high-rise towers. I believe this would surprise and shock many.

I would urge staff to examine this flaw and recommend that the ordinances be revisited and revised to **not allow individual condominium owners** to make application nor to receive historic tax exemptions for those individual condos. I can think of **no public benefit, none**, from this misuse and waste of tax money that could be better used for public health by Travis Central Health, or public education for ACC and AISD, or affordable housing or housing the homeless for Travis County and the City of Austin.

This ordinance loophole could be easily eliminated by ordinance amendment through City staff initiative, City legal drafting, and City Council action approval, prior to a final zoning hearing for this application C14-H-2022-0073. There really is no harm to move forward thoughtfully here, for the benefit of the welfare of the Historic Program, the public trust in that program, and protection and beneficial use of our tax money.

Respectfully,
Richard Hardin

Hello, Mr. Hardin,

We have not yet heard back from TCAD, though I believe the property owner is working on providing those calculations. If possible, we will provide this information as backup material for posting on the Planning Commission site prior to the hearing.

1.How many City designated Historic Landmarks are there today in the City of Austin? In Travis County? There are a total of 660 landmarks, including each individually listed Moonlight Tower.

2.How many City designated Historic Landmarks are there today outside the City of Austin in Travis County? If known please provide. There are no buildings designated per City code outside the City of Austin limits. However, there is a designated steam locomotive that appears to have been moved to Williamson County at some point in the late '90s.

3.Are there any City designated Historic Landmarks in the municipalities of Rollingwood, Westlake, or Manor (each municipality being situated within Travis County)? If known please provide. See above.

4.What is the total dollar amount of all historic tax exemptions for all City of Austin approved Historic Landmarks, which have been given to owners of City designated Historic Landmarks in calendar Year 2022? If known please provide. What are these total tax exemption amounts as broken down between each participating taxing entity (ACC, Travis Central Health, City of Austin, Travis County, AISD)? If known please provide. We do not currently have access to total amounts, but have requested this information from TCAD. Taxing percentages are as follows:

Historic-Owner Occupied Exemptions		
Rebates	Land	Improvements
AISD	25%	50%
COA	50%	100%
TC	100%	100%
TC Health	100%	100%
ACC	0%	0%
Historic-Non-Owner Occupied Exemptions		
Rebates	Land	Improvements
AISD	12.5%	25%
COA	25%	50%
TC	25%	50%
TC Health	25%	50%

ACC	0%	0%
-----	----	----

5.Does the City of Austin Historic Landmark Commission include any commissioners which were appointed specifically by ACC, Travis Central Health, Travis County, AISD, Rollingwood, Manor, or Westlake? If known please detail. Historic Landmark Commissioners are appointed by City of Austin Councilmembers.

6.Is there a map that City staff has prepared or possesses which depicts the location of all City designated Historic Landmarks to date? If so, are the City Council precincts shown on that map? If such a map graphic exists, can it be found online or emailed? An interactive map showing historic properties is located on our website (<https://www.austintexas.gov/department/historic-preservation>). Please find the direct link here: <https://austin.maps.arcgis.com/apps/webappviewer/index.html?id=5251cd8ad3534754ad9a3d6a222c68ec>. Council precincts are not currently included, but I am happy to look into adding them to the basemap. I have also attached a map showing counts of landmarks per district and can provide a similar map with location points if needed.

RE: Case C14-H-2022-0073 - Westgate Tower – Historic Tax Exemptions

Hello Ms. Contreras,

This email is to check back with you to determine whether you have received any information from TCAD as per your request(s) in order to be able to calculate the potential maximum financial impact if the Westgate Tower itself (grounds, building exterior and common areas), as well as each and every individual condominium owner, if every condo owner were to apply for, and receive historic landmark tax exemptions from each of the participating governmental entities, in year 2022 (or 2023 if that TCAD data is available). *If so could you share that information with me prior to the upcoming hearing?*

Separately, could you kindly provide answers to the following questions:

1. How many City designated Historic Landmarks are there today in the City of Austin? In Travis County? *If known please provide.*

RE: Case C14-H-2022-0073 - Westgate Tower – Historic Tax Exemptions

Hello Ms. Contreras,

This email is determine answers to several questions listed below.

1. **Have you, or your staff or colleagues with the City Historic Preservation Office performed an independent calculation as to the maximum potential tax exemptions available to the Westgate Tower ownership if the entire property were to be designated and zoned a historic landmark? *If so, a digital copy of these calculations are requested.***

It appears that with the governing City landmark ordinance in hand, and the TCAD 2022 valuation information available online (<https://stage.travis.prodigycad.com/property-search>) along with the 2022 tax rates for the participating governmental entities, that this should be a calculation that the Historic Preservation Office can accomplish without relying upon an applicant's estimates, which appear to be inaccurate and under estimating the full tax loss impact. <https://travis.trueprodigy-taxtransparency.com/taxTransparency/property/196989>

We are currently attempting to retrieve individual condo information, including information on the application of the homestead exemption, from TCAD to confirm values which the applicant compiled prior to the last meeting. The applicant's estimate used the 2021 TCAD tax rates below; this is also the rate that we use when calculating rough estimates for single-parcel zoning.

TCAD TAX RATES

Taxing Entity	Year 2021	Year 2022 Proposed
City of Austin	0.541000	0.462700
Travis County	0.357365	0.318239
ACC	0.104800	0.092200
AISD	1.061700	0.996600
Travis County Healthcare District	0.111814	0.098684

2. **Do you, or your staff or colleagues with the City Historic Preservation**

Office have in your paper or digital files copies of the Applicants ad valorem tax exemption calculations which the Applicant delivered verbally to the Planning Commission during the August 23, 2022 public hearing? If so, a digital (or scanned if not available in digital format) copy of these calculations are requested.

Yes. Please review the calculations provided as backup on the Planning Commission website at: <https://www.austintexas.gov/edims/document.cfm?id=390298>

- 3. Have you, or your staff or colleagues with the City Historic Preservation Office examined the City Landmark ordinance(s) to determine the ability of the City to zone all or portions of real property as “H” Historic? In the instance of Westgate Tower to zone the land and common areas Historic, but no zone the individual condominiums, which are interior airspace and are conveniently separate TCAD tax parcels. If so, a digital (or scanned if not available in digital format) copy of this determination is requested.**
- 4. Has the City Historic Preservation Office determined whether staff will or will not, recommend Historic zoning for Westgate Tower for the land and common areas only (a separate tax parcel) and not recommend Historic zoning for the 94 individual condominiums (which are conveniently separate TCAD tax parcels)? If so, a digital (or scanned if not available in digital format) copy of any staff determination is requested.**

We will be working with the City’s legal team over the next month to determine whether partial historic zoning is possible, and, if so, the best way to accomplish such zoning. Updates are expected by the next Planning Commission meeting.

Respectfully,

Planning and Zoning Commission:

Thank you for your consideration of making the Westgate Towers a Historical Landmark Combining District. I grew up in nearby Taylor, Texas and have always loved this building. When my mom and I traveled to downtown Austin to shop or visit the capitol we always drove by the Westgate. At that time (early 1970's), there were few buildings that competed with the height and majesty of the Westgate. I was enthralled that people actually live in that building. What a dream! Fifty years later, I'm fortunate enough to have purchased a modest 1,100 square foot home in the amazing building.

It was one of the buildings that inspired me to become an architect. I'm now a practicing architect in downtown Austin and have worked on architectural preservation projects around the country. My work has included the restoration of Radio City Music Hall, the Downtown Los Angeles Main Public Library, the main Cleveland Public Library, and the New Amsterdam Theatre in Manhattan. I'm currently working on historic projects at Texas Tech University, Stephen F. Austin University, and the City of Richardson, Texas.

During my time living in New York City (31 years and moved back to central Texas in 2020), I've worked with the NY Landmarks Preservation Commission on multiple projects. I understand the importance and opportunities of historic buildings in maintaining rich, inviting, amazing neighborhoods and communities. In my 33 years of architectural practice, I believe the Westgate represents an extraordinary candidate as a Historical Landmark Combining District for the City of Austin. It has every component that's important in designating a historic landmark:

1. It's over 50 years old and represents a period of architectural significance.
2. It retains a high degree of architectural integrity.
3. It's listed on the National Register of Historic Places (2010)
4. It's a recorded Texas Landmark (2012)
5. It's a place of historical significance (capital view corridor, LBJ, Headliner Club, etc).
6. And very importantly, it represents an era of Austin-past.

I say this because it's astonishing to me that Planning & Zoning has not already unanimously approved this City of Austin designation. I've been involved in so many projects where building owners were fighting against historic designations and didn't want to maintain the architectural significance of their building. The amount of time, money, and effort focused on maintaining the Westgate is substantial (I'm on the buildings' architectural committee). It's a rarity to have a buildings' ownership and management interested and involved in its historic importance.

I strongly encourage you to support a vote for designating the Westgate a Historical Landmark Combining District.

Thank you,

CASE NUMBER: C14H-2022-0073
WESTGATE CONDOMINIUM ASSOCIATION
1122 COLORADO STREET, AUSTIN, TX
PLANNING COMMISSION – OCTOBER 11, 2022

The current Application is invalid and incomplete. The Planning Commission should reject the Westgate Tower application for zoning change because:

- 1. APPLICATION INACCURATE & INCOMPLETE:** The application is incomplete, contains inaccurate information, and fails to follow procedures required using the City's form for Historic Zoning. The applicant is not the "Owner;" the applicant has not provided proof of each Owner, not the HOA. **The HOA and HOA Board own no real property, only Owners can grant the applicant written permission to seek the zoning change on the Owner's behalf.**
- 2. OWNER SIGNATURES REQUIRED ON APPLICATION:** 1122 Colorado Street, Austin, Texas is owned by 102 individual owners. Contrary to the false assertion in the application that the "Owner" is "Westgate Condominium Association," that association does not own any of the property at that location. **The 102 owners each have a deed, and each own their condominium plus a percentage of the common area.** The land and common area are not owned by a single person, entity, or the HOA. **City staff's Zoning Change Review Sheet falsely says, "PRESENT OWNERS: Westgate Condominium Association." *Not true.***

The ownership list is included in the agenda backup, but there is **no documentation showing which Owners of the 102 individual parcels are applying for zoning**, or in accordance with the City rules, signed an authorization by any one, let alone all, of the Owners for the Association or any agent to seek historic zoning on each of the Owner's behalf. ***This alone is sufficient grounds to deny the application.***

Each Owner was not provided a statement, as required by Local Govt Code LGC § 211.0165(c) describing the impact that a historic designation of the owner's property may have on the owner or the Owner's property not later than 15th day

before the initial hearing. *This alone is sufficient grounds to deny the application.*

3. **NON-COMPLIANCE WITH STATE LAW – CITY COUNCIL NEEDS TO DESIGNATE COMMISSION WITH SOLE AUTHORITY:** The City must comply with Tex. Loc. Gov't Code § 211.0165 (as amended by S.B. 1585, eff. September 1, 2021), which requires the City to “designate *one*” commission (zoning, planning or historical commission) “with *exclusive authority* to approve the designations of properties as local historic landmarks....” Since September 1, 2021 no property can be subjected to action on historic zoning by more than one commission, which must be designated as the exclusive authority to designate property as historic. Moreover, unless “the owner of the property(s) consents,” the vote required for such designation by both the “designated” commission and the City Council must be by 3/4th vote.

If the Historic Landmark Commission is given “*exclusive authority*”, then the Planning Commission would not have authority on this historic zoning case or any others.

4. **MISSING TAX CERTIFICATES:** There appear to be unpaid taxes on one or more Westgate condominiums. The Application Instructions Section 1 says, “A Tax Certificate [indicating that not taxes are owed on the property] must be submitted with all zoning applications.” The application is incomplete because it does not include 102 tax certificates showing taxes paid current, running the risk that the Planning Commission would approve Historic Zoning on a property on which there are delinquent taxes.

This alone is sufficient grounds to deny the application.

5. **OWNERS OF WESTGATE TOWER HAVE NOT SIGNED THE APPLICATION, NOR AUTHORIZED THE AGENT IN COMPLIANCE WITH CITY APPLICATION INSTRUCTIONS AND STATE LAW:**

The City’s “Application Instructions” for Historic Zoning Section A (1) says “Please indicate name of current owner. The current owner, or authorized agent, may apply for the zoning change.” Application Instruction A (16) (“Owner Information” states: “Owner information - Owner information is required. If the owner agrees to be represented by an agent, then please a written authorization for the agent to represent the owner's interests. If there is more than one owner, attach additional owner information to application. Be sure that all signatures are legible and address information is correct.”

No owner signatures are included in the application. An undated, unsworn, letter on stationery from “*The Westgate*,” signed by Gordon Johnson as “*Westgate President*” purports that the “Board of Directors for the Westgate Condominium Association” authorized Brian Evans to serve as “*Agent on behalf of all Westgate Owners*.” The letter does not indicate how the Board of Directors obtained authority to make such a designation, nor does the letter even state the date of any meeting by the Directors at which such vote occurred. Regardless, to be a valid application, either **each Owner must sign it or provide a legible signature directly designating an agent to represent that, Owner.** The process and application information used by the Westgate Tower application violates state law and the City’s own procedures by omitting the Owner’s themselves from ever putting in writing, anywhere, that the

Owner wants or agrees to the restrictions of historic zoning. *This alone is reason enough for the Planning Commission to reject the application.*

6. **MISSING DEED REFERENCE TO THE PRESENT OWNER, OCCUPANCY:**

The Application Instructions Section 11 requires “The volume and page numbers of the deed conveying the property to the present owner and the total size of the property conveyed shall be shown....” The application does not contain the County Clerk’s property record “volume and page numbers” of the deed to “the present owner.” The Application contains Standard Form F.1 (“Historical Documentation – Deed Chronology”), but all the applicant did was put the street address on the “example” form, *i.e.*, the form submitted does not contain any deed chronology for the property and ignores the instruction “Continue through the present.”

Likewise, the Application does not contain the required Form F.2 (“Historical Documentation – Occupancy History”). The applicant merely inserted the street address on the “example” form and does not comply with the instruction to “provide a chronology of all occupants of the property from its construction to the present.”

7. **SYSTEMIC FAILURE TO COMPLY WITH STATE LAW:**

On March 17, 2022, the City of Austin lost a court challenge to its zoning tactics in *City of Austin v. Acuna*, No. 14-20-00356-CV, 2022 WL 805953, at *2 (Tex. App.—Houston [14th Dist.] Mar. 17, 2022, no pet.). With that fresh slap from the Courts, one might expect the City officials to carefully comply with zoning statutes, including Tex. Loc. Gov’t Code section 211.0165. **Nothing in the application backup demonstrates any compliance with any part of Section 211.0165.**

The Application also violated the Austin City Code. Austin City Code § 25-2-242(3) says zoning may be initiated by the “record owner.” **This application was not initiated by the record owners and no proper designation of an Agent for each Owner has been provided. Austin City Code § 25-2-353(B) says: A record owner or the record owner's agent filing an application for an owner-initiated historic landmark (H) designation shall affirm that no person involved in the matter was or will be compensated on a contingent fee basis or arrangement. *No such affirmation is included in the Application or agenda backup.***

- **Why has this application which is expecting a massive tax break, being processed in violation of State law, and contrary to normal application requirements of the City?**
- **The Landmark Commission should have not approved the Application** without requiring each Owner to sign a designation of agent, and should have required the Application include all of the required information. Likewise, the Planning Commission should reject this application as incomplete, unauthorized by each Owner, and in violation of Tex. Loc. Gov’t Code § 211.0165 and Austin City Code § 25.2-353(B). **At this point, there is a question whether the Historic Landmark or the Planning Commission have jurisdiction.**
- **We have heard no arguments from the either the applicant, nor any condo high-rise owners explaining the public benefit** of giving them a tax windfall of as much as \$675,000 annually away from the City, Travis County, ACC, AISD, and Travis Health. Our needs for affordable housing, our homeless, our school children, our roads, parks,

and health system present a far greater public need.

- **Planning Commissioners you have the power to recommend historic zoning and historic tax exemption only for the Common Area (land, landscaping, and building structure and exterior), and exclude the 102 high-rise condos at a cost of over \$650,000 annually, in perpetuity. To include the individual condos in tax exemptions serves absolutely no public benefit, nor any preservation purpose.**

CASE NUMBER: C14H-2022-0073
WESTGATE CONDOMINIUM ASSOCIATION
1122 COLORADO STREET, AUSTIN, TX
PLANNING COMMISSION – OCTOBER 11, 2022

The current Application is invalid and incomplete. The Planning Commission should reject the Westgate Tower application for zoning change because:

1. **APPLICATION INACCURATE & INCOMPLETE:** The application is incomplete, contains inaccurate information, and fails to follow procedures required using the City's form for Historic Zoning. The applicant is not the "Owner;" the applicant has not provided proof of each Owner, not the HOA. The HOA and HOA Board own no real property, only Owners can grant the applicant written permission to seek the zoning change on the Owner's behalf.
2. **OWNER SIGNATURES REQUIRED ON APPLICATION:** 1122 Colorado Street, Austin, Texas is owned by 102 individual owners. Contrary to the false assertion in the application that the "Owner" is "Westgate Condominium Association," that association does not own any of the property at that location. The 102 owners each have a deed, and each own their condominium plus a percentage of the common area. The land and common area are not owned by a single person, entity, or the HOA. City staff's Zoning Change Review Sheet falsely says, "PRESENT OWNERS: Westgate Condominium Association." *Not true.*

The ownership list is included in the agenda backup, but there is no documentation showing which Owners of the 102 individual parcels are applying for zoning, or in accordance with the City rules, signed an authorization by any one, let alone all, of the Owners for the Association or any agent to seek historic zoning on each of the Owner's behalf. *This alone is sufficient grounds to deny the application.*

Each Owner was not provided a statement, as required by Local Govt Code LGC § 211.0165(c) describing the impact that a historic designation of the owner's property may have on the owner or the Owner's property not later than 15th day before the initial hearing. *This alone is sufficient grounds to deny the application.*

3. **NON-COMPLIANCE WITH STATE LAW – CITY COUNCIL NEEDS TO DESIGNATE COMMISSION WITH SOLE AUTHORITY:** The City must comply with Tex. Loc. Gov't Code § 211.0165 (as amended by S.B. 1585, eff. September 1, 2021), which requires the City to "designate *one*" commission (zoning, planning or historical commission) "with *exclusive authority* to approve the designations of properties as local historic landmarks...." Since September 1, 2021 no property can be subjected to action on historic zoning by more than one commission, which must be designated as the exclusive authority to designate property as historic. Moreover, unless "the owner of the property(s) consents," the vote required for such designation by both the "designated" commission and the City Council must be by 3/4th vote.

If the Historic Landmark Commission is given “*exclusive authority*”, then the Planning Commission would not have authority on this historic zoning case or any others.

4. **MISSING TAX CERTIFICATES:** There appear to be unpaid taxes on one or more Westgate condominiums. The Application Instructions Section 1 says, “A Tax Certificate [indicating that not taxes are owed on the property] must be submitted with all zoning applications.” The application is incomplete because it does not include 102 tax certificates showing taxes paid current, running the risk that the Planning Commission would approve Historic Zoning on a property on which there are delinquent taxes.

This alone is sufficient grounds to deny the application.

5. **OWNERS OF WESTGATE TOWER HAVE NOT SIGNED THE APPLICATION, NOR AUTHORIZED THE AGENT IN COMPLIANCE WITH CITY APPLICATION INSTRUCTIONS AND STATE LAW:**

The City’s “Application Instructions” for Historic Zoning Section A (1) says “Please indicate name of current owner. The current owner, or authorized agent, may apply for the zoning change.” Application Instruction A (16) (“Owner Information” states: “Owner information - Owner information is required. If the owner agrees to be represented by an agent, then please a written authorization for the agent to represent the owner's interests. If there is more than one owner, attach additional owner information to application. Be sure that all signatures are legible and address information is correct.”

16. **Owner information** - Owner information is required. If the owner agrees to be represented by an agent, then please a written authorization for the agent to represent the owner's interests. If there is more than one owner, attach additional owner information to application. Be sure that all signatures are legible and address information is correct.

No owner signatures are included in the application. An undated, unsworn, letter on stationery from “*The Westgate*,” signed by Gordon Johnson as “*Westgate President*” purports that the “Board of Directors for the Westgate Condominium Association” authorized Brian Evans to serve as “*Agent on behalf of all Westgate Owners*.” The letter does not indicate how the Board of Directors obtained authority to make such a designation, nor does the letter even state the date of any meeting by the Directors at which such vote occurred. Regardless, to be a valid application, either each Owner must sign it or provide a legible signature directly designating an agent to represent that, Owner. The process and application information used by the Westgate Tower application violates state law and the City’s own procedures by omitting the Owner’s themselves from ever putting in writing, anywhere, that the Owner wants or agrees to the restrictions of historic zoning. *This alone is reason enough for the Planning Commission to reject the application.*

6. **MISSING DEED REFERENCE TO THE PRESENT OWNER, OCCUPANCY:**

The Application Instructions Section 11 requires “The volume and page numbers of the deed conveying the property to the present owner and the total size of the property conveyed shall be shown....” The application does not contain the County Clerk’s property record “volume and page numbers” of the deed to “the present owner.” The Application contains Standard Form F.1 (“Historical Documentation – Deed Chronology”), but all the applicant did was put the street address on the “example” form, *i.e.*, the form submitted does not contain any deed chronology for the property and ignores the instruction “Continue through the present.”

Likewise, the Application does not contain the required Form F.2 (“Historical Documentation – Occupancy History”). The applicant merely inserted the street address on the “example” form and does not comply with the instruction to “provide a chronology of all occupants of the property from its construction to the present.”

7. SYSTEMIC FAILURE TO COMPLY WITH STATE LAW:

On March 17, 2022, the City of Austin lost a court challenge to its zoning tactics in *City of Austin v. Acuna*, No. 14-20-00356-CV, 2022 WL 805953, at *2 (Tex. App.—Houston [14th Dist.] Mar. 17, 2022, no pet.). With that fresh slap from the Courts, one might expect the City officials to carefully comply with zoning statutes, including Tex. Loc. Gov’t Code section 211.0165. Nothing in the application backup demonstrates any compliance with any part of Section 211.0165.

The Application also violated the Austin City Code. Austin City Code § 25-2-242(3) says zoning may be initiated by the “record owner.” This application was not initiated by the record owners and no proper designation of an Agent for each Owner has been provided. Austin City Code § 25-2-353(B) says: A record owner or the record owner's agent filing an application for an owner-initiated historic landmark (H) designation shall affirm that no person involved in the matter was or will be compensated on a contingent fee basis or arrangement. *No such affirmation is included in the Application or agenda backup.*

-
- **Why has this application which is expecting a massive tax break, being processed in violation of State law, and contrary to normal application requirements of the City?**
 - **The Landmark Commission should have not approved the Application** without requiring each Owner to sign a designation of agent, and should have required the Application include all of the required information. Likewise, the Planning Commission should reject this application as incomplete, unauthorized by each Owner, and in violation of Tex. Loc. Gov’t Code § 211.0165 and Austin City Code § 25.2-353(B). **At this point, there is a question whether the Historic Landmark or the Planning Commission have jurisdiction.**
 - **We have heard no arguments from the either the applicant, nor any condo high-rise owners explaining the public benefit** of giving them a tax windfall of as much as \$675,000 annually away from the City, Travis County, ACC, AISD, and Travis Health. Our needs for affordable housing, our homeless, our school children, our roads, parks, and health system present a far greater public need.
 - **Planning Commissioners you have the power to recommend historic zoning and historic tax exemption only for the Common Area (land, landscaping, and building structure and exterior), and exclude the 102 high-rise condos at a cost of over \$650,000 annually, in perpetuity. To include the individual condos in receiving tax exemptions serves absolutely no public benefit, nor any preservation purpose.**

City of Austin - Historic Preservation Office

Historic Zoning Application Packet

General Overview

Historic zoning is a zoning overlay which is added to the base zoning of a specific tract of land (for example CBD-H denotes Central Business District-Historic Zoning). To qualify for City Historic Landmark status, a property must meet one or more (but typically five or more) of the local historic criteria (see criteria below). Applicants need to submit historical documentation demonstrating how the property meets these criteria (see attached submittal requirements).

The City Historic Landmark Commission reviews all applications for City Historic Landmark designation, with the Austin City Council making final decisions on these designations. Please note that at least (3) months is typically required to process a City Historic Landmark designation through the City Council from the time a complete application is received.

Once designated, all proposed exterior site and building changes (other than routine maintenance) to a historically zoned tract require advance review and approval by the City Historic Landmark Commission. A copy of the Historic Landmark Commission's review standards is available from the City Historic Preservation Office. City Historic Landmark properties that are in good repair and in full compliance with the City historic review requirements are eligible to apply annually for a historic property tax exemption. For information on the historic zoning process, refer to Chapter 25-2 of the City Land Development Code.

WHERE TO APPLY:

To ensure that the application is complete, an advance review by the City Historic Preservation Office is required. Applications may be submitted at the receptionist's desk, 5th floor, One Texas Center, 505 Barton Springs Road by appointment. Phone (512) 974-2727 for an appointment.

TIME FRAME FOR PROCESSING HISTORIC ZONING CASES:

Each historic zoning case is reviewed by the Historic Landmark Commission at a regularly scheduled meeting of the Commission approximately four to six weeks after receipt of application. The Historic Landmark Commission meets once a month, typically on the 4th Monday of each month. The case is then heard by either the Zoning and Platting Commission or the Planning Commission approximately three weeks after the Historic Landmark Commission hearing, and then by the City Council approximately six weeks later.

SUBMITTAL REQUIREMENTS:

Refer to Instructions and Submittal Checklist. Complete Application Forms, supplemental materials, and Affidavits.

THE FOLLOWING CITY HISTORIC LANDMARK CRITERIA ARE CONSIDERED WHEN REVIEWING A CITY HISTORIC LANDMARK APPLICATION:

- The property is at least 50 years old and represents a period of significance of at least 50 years ago, unless the property is of exceptional importance as defined by National Register Bulletin 22, National Park Service (1996); and
- The property retains a high degree of integrity, as defined by the National Register of Historic Places, that clearly conveys its historical significance and does not include an addition or alteration which has significantly compromised its integrity; and
- The property is individually listed in the National Register of Historic Places; or is designated as a Recorded Texas Historic Landmark, State Archeological Landmark, or National Historic Landmark OR demonstrates significance in at least two of the following categories:
 - (i) Architecture. The property embodies the distinguishing characteristics of a recognized architectural style, type, or method of construction; exemplifies technological innovation in design or construction; displays high artistic value in representing ethnic or folk art, architecture, or construction; represents a rare example of an architectural style in the city; serves as an outstanding example of the work of an architect, builder, or artisan who significantly contributed to the development of the city, state, or nation; possesses cultural, historical, or architectural value as a particularly fine or unique example of a utilitarian or vernacular structure; or represents an architectural curiosity or one-of-a-kind building. A property located within a local historic district is ineligible to be nominated for landmark designation under the criterion for architecture, unless it possesses exceptional significance or is representative of a separate period of significance.
 - (ii) Historical Associations. The property has long-standing significant associations with persons, groups, institutions, businesses, or events of historic importance which contributed significantly to the history of the city, state, or nation; or represents a significant portrayal of the cultural practices or the way of life of a definable group of people in a historic time.
 - (iii) Archeology. The property has, or is expected to yield, significant data concerning the human history or prehistory of the region;

(4) rehabilitation or repair programs that the municipality offers for a property designated as historic.

(e) The municipality must allow an owner to withdraw consent at any time during the designation process.

COUNCIL DISTRICT: 9

STAFF RECOMMENDATION: Staff recommends the proposed zoning change from Central Business District (CBD) zoning to Central Business District – Historic Landmark (CBD-H) combining district zoning.

QUALIFICATIONS FOR LANDMARK DESIGNATION: Architecture and historical associations: The Westgate Tower is an excellent example of New Formalism, is the only building in Austin designed by architect Edward Durell Stone, and has served as a model for mixed-use building.¹

HISTORIC LANDMARK COMMISSION ACTION: 2012 – recommend historic zoning; 2022 – recommend historic zoning

PLANNING COMMISSION ACTION: August 9, 2022 – postpone to August 23, 2022 per neighborhood request. August 23, 2022 – postpone to September 27. September 27, 2022 – postpone to October 11 per staff request.

DEPARTMENT COMMENTS: The building was listed on the National Register of Historic Places in 2010. Land Development Code §25-2-352(A)(3)(a) states that City Council may designate a historic landmark if it retains integrity, is over 50 years old, and is individually listed in the National Register of Historic Places.

The Historic Landmark Commission recommended historic zoning in 2012; however, the application was withdrawn by the applicant prior to Planning Commission hearing.

BASIS FOR RECOMMENDATION:

§25-2-352(A)(3)(a) The property is individually listed in the National Register of Historic Places; or is designated as a Recorded Texas Historic Landmark, State Archeological Landmark, or National Historic Landmark.

The building was listed on the National Register of Historic Places in 2010.

§25-2-352(A)(3)(b)(i) Architecture. The property embodies the distinguishing characteristics of a recognized architectural style, type, or method of construction; exemplifies technological innovation in design or construction; displays high artistic value in representing ethnic or folk art, architecture, or construction; represents a rare example of an architectural style in the city; serves as an outstanding example of the work of an architect, builder, or artisan who significantly contributed to the development of the city, state, or nation; possesses cultural, historical, or architectural value as a particularly fine or unique example of a utilitarian or vernacular structure; or represents an architectural curiosity or one-of-a-kind building.

*** External Email - Exercise Caution ***

Greetings Commissioners and City Staff,

I am delivering this email so that this email and its 3 attachments are of record, and are made a part of the staff materials regarding the zoning case C14H-2022-0073 - Westgate Tower.

The attachments were intended to be part of my presentation to the Planning Commission at the September 27, 2022 public hearing, during which the applicant was allowed to speak, and I was not afforded that same opportunity to speak and correct the record.

These attachments include my commentary for the Commission and a chart listing Year 2021 Historic Tax Exemptions, the financial impact of those tax exemptions and a calculation of the financial impact to the public, should Westgate Tower along with all 100+ condominiums within the Tower, make application and receive those historic exemption tax benefits.

My estimate of the impact of tax loss to Westgate is over \$675,000 annually – in perpetuity, not \$500,000 as the applicant estimates. I have seen no estimate from City Staff to date. Hopefully the Commission will at most, recommend historic zoning exemptions only be granted to the Common Area (building exterior and land) and not the 100+ internal condominiums.

Also **attached is the email from TCAD, wherein we finally received this TCAD information, which we had been requesting since at least September 21st, on September 27th, the same day of the Planning Commission hearing**. Testimony from the applicant that I intentionally waited until the last minute to deliver our arguments is unfounded and without merit. I hope the upcoming public hearing will remain on topic and the Commission will help speakers to maintain a factual focus on the relevant issues.

I look forward to discussing what appears to be an **incomplete and invalid zoning application**, tomorrow at the October 11th Commission public hearing.

Respectfully,
Richard Hardin

For a quick back of the envelope calculation, you can use the total report (attached) and the total amount exempted for each taxing unit. The historical exemptions are the HT in the totals report (see highlighted in the screenshot below). I've also attached the spreadsheet we provided the tax office.

Marya,

Dusty suggested I let you know about this request made to the Travis County Tax Office. See email string below. My client, Rick Hardin, is trying to find out what the total tax savings/lost revenue is for Historic Tax Exemptions in 2021 for each Travis County taxing entity, particularly for the City of Austin. Mr. Hardin is making a presentation tomorrow and was hoping to include such information. Since tax bills are not out yet, we assume that the information is not available for 2022.

Basically, Mr. Hardin is looking for:

On properties receiving HT (Historic Tax) Exemption in 2021, what would have been the tax levy (for each taxing entity) on those properties if the HT exemption did not exist versus what was the actual tax

levy. The difference would be the tax savings for the owners, or, another way to view, the lost tax levy for the taxing entity.

Ms. Ruiz,

Is there any chance Mr. Hardin will be able to get that information (total tax revenue impact of the Historic Tax Exemption for each taxing entity) today, or at least for the City of Austin? He is making a presentation tomorrow and wanted to include that information.

Ms. Ruiz,

We are hoping that tax office can show for properties that have received the historic exemption in 2021, how much the taxes (total) on those properties would be (for each taxing entity) without the historic exemption and how much the taxes were (total) with the historic exemption, for each taxing entity.

Hello Ms. Ruiz,

My property is not historic.

Mr. Aleshire is requesting ALL properties in Travis County that received historic tax exemptions, and specifically we want to know the total amount of ALL tax dollars given to ALL of those properties, via historic tax exemptions with those totals by EACH taxing entity for Tax Year 2021.

Hope this helps.

CASE NUMBER: C14H-2022-0073
WESTGATE CONDOMINIUM ASSOCIATION
1122 COLORADO STREET, AUSTIN, TX
PLANNING COMMISSION – SEPTEMBER 27, 2022

This application must be rejected and begin again. Please refer to AleshireLAW Memo dated September 27, 2022.

As an aside, there are currently 660 city designated “landmarks” in Austin. In year 2021 TCAD estimates total tax revenues lost to Historic Tax Exemptions to participating taxing entities totaled **\$16,635,474.22** ¹

In that same year 2021, TCAD estimates total tax revenues lost to Historic Tax Exemptions just to the **City of Austin** totaled **\$3,500,941.20** ¹

Let’s examine the impact to Austin’s tax revenue were all of the land, building, common areas, and each of Westgate Tower’s 101 individual condominiums² were to be granted historic designation and each allowed and made application to receive Historic Tax Exemptions. Using the citywide average percentage of tax reduction as shown on the 2021 TCAD chart, a 54% reduction would be applicable. The Applicants *Westgate Ownership Chart* ² indicates total tax revenue for Westgate Tower to be \$1,262,514. By applying the 54% average HT exemption tax reduction results in a **tax loss to the City of Austin of \$681,757.82 for Westgate Tower alone** ³.

If this property with its 100+ condos, were to be given HT tax exemption, it would result in an almost 20% increase in tax loss to Austin and its taxpayers. 20%

In completing Form 50-122 the **Application for Historic or Archaeological Site Tax Exemption**, to claim a tax exemption under **Section 11.24 of the Tax Code**, the applicant is asked: *“Has the property been designated as a historically or archeologically significant **site in need of tax relief to encourage its preservation** pursuant to an ordinance of other law adopted by the governing body of the unit?”* ⁴

How can any applicant as to their ownership of condo “air rights” sign an application swearing their condo air rights are *in need tax relief to encourage preservation*?

There is no public benefit to taking tax revenues from the City of Austin, Travis County, ACC, AISD, and Travis County Health District, to instead give those moneys to wealthy high-rise condo owners. Our homeless, our school children, our roads, parks, and health system deserve our attention and present a far greater public need.

What is the public interest in granting tens of thousands of dollars to the owners of these non-public condos? **In perpetuity.**

Our current program of runaway landmark designations and giveaways diminish what being a Landmark means. We waste precious tax revenue and erode public trust and support for Austin’s historic program. We need to examine our historic ordinances and the duration of those benefits.
