

MEMORANDUM

TO: Mayor and City Council

FROM: Jerry Rusthoven, Chief Zoning Officer
Housing and Planning Department

DATE: November 21, 2022

SUBJECT: C14-2022-0077 – 220 Ralph Ablanedo Rezoning
(District 2)
Valid Petition

The purpose of this memo is to clarify the adjacent residents' opposition to the rezoning request.

Signatures have been submitted in response to the above-referenced rezoning case protesting any change of the Land Development Code which would rezone the property to any classification other than one which would preserve the 300 trip per day conditional overlay currently established on the property. The petition includes 27.69% of eligible signatures and meets the 20% threshold for a valid petition. Petition materials are attached.

If you need additional information, please contact Jerry Rusthoven at 512-974-3207.

PETITION

Date: 10/31/2022
Total Square Footage of Buffer: 457901.4959
Percentage of Square Footage Owned by Petitioners Within Buffer: 27.69%

Calculation: The total square footage is calculated by taking the sum of the area of all TCAD Parcels with valid signatures including one-half of the adjacent right-of-way that fall within 200 feet of the subject tract. Parcels that do not fall within the 200 foot buffer are not used for calculation. When a parcel intersects the edge of the buffer, only the portion of the parcel that falls within the buffer is used. The area of the buffer does not include the subject tract.

Case File Number: C14-2022-0077
Address: 220 Ralph Ablanedo Drive
Rezoning Request: LI-CO to CS-CO with
removal of Conditional Overlay

TO: Austin City Council

We, the undersigned owners of property affected by the requested zoning change described in the referenced file, do hereby protest against any change of the Land Development Code which would zone the property to any classification other than one which would preserve the 300 trip per day conditional overlay currently established on the property.

Stated reasons for protest:

- Ralph Ablanedo Drive ("Ralph") already has 6,000+ VPD OVER the desired level of 1,200 VPD
- Over 3,000 MORE VPD expected when 450 unit multifamily development at 215 Ralph is completed
- The excessive traffic load is unsafe for and delays first responders located on Ralph
- The excessive traffic load is unsafe for children walking to school bus stop on Ralph and Peaceful Hill
- Austin Traffic Department has NO PLANS to improve Ralph from its current 2-lane, substandard condition
- Proposed height of the building is incompatible with surrounding residential uses
- Retail component of development will have unknown tenants with unknown VPD
- Denying this rezoning request is an available option according to the Recommendations/Conclusions section of the Neighborhood Traffic Analysis.
