

MOTION SHEET

December 1, 2022

Item 27

Council Member Kelly

I move to amend item 27 to include the following federal legislative priorities:

1. Provide additional resources to ATF to help facilitate efforts of local governments to establish programs that would make it more difficult for criminals to access weapons and ammunition.
2. Support enhanced programs to arrest gun traffickers and shut down the illegal sale and distribution of firearms.
3. Urge the federal government to continue to gather information on hate crimes, family status, education level, and income as well as race in its crime statistics on perpetrators and victims and give the reporting of those variables equal prominence.
4. Congressional action that will provide adequate funding for the Trafficking Victims Protection Reauthorization Act, which gives law enforcement additional tools and resources to prevent human trafficking, investigate human trafficking crimes, and promote increased cooperation among federal agencies, between the U.S. and other countries, and between federal, state and local law enforcement.
5. Urge Congress to improve legislative privacy protections for first responders seeking assistance from peer crisis lines and other peer-support programs.
