Subject: Code Variance Request C16-2022-0004
Date: Monday, October 10, 2022 8:50:46 AM

*** External Email - Exercise Caution ***

I am a resident of Delwood 2 and writing to oppose the code variance request to increase the size and height of the billboard. and turn it into a digital sign.

Digital signs are a source of light pollution, and digital signs that change their content are a dangerous distraction for highway drivers.

Increasing the size and height of the board will increase the light pollution in the neighborhood, and act as an unsightly and distracting advertisement on the highway.

thanks,
Clare Glinka
