Item 43.

Motion Sheet

Council Member Tovo

Motion 1. Non-Profit Leasing

This policy does not impact long-term leases already approved by the City Council, such as Planned Parenthood, and shall not apply to properties put under the management or control of the Austin Economic Development Corporation

Motion 2.

New leases at a discounted or subsidized rate should incorporate metrics to ensure that City objectives are being achieved and, where appropriate, the process should be structured so that as many nonprofits as possible can benefit.
