November 2022 Financial Results, presented by Rajeev Thomas, Deputy Chief Finance Officer

## MEMORANDUM

TO: Airport Advisory Commissioners

FROM: Rajeev Thomas, Deputy Chief - Finance, Aviation Department

DATE: January 4, 2023

SUBJECT: Austin-Bergstrom International Airport (AUS) Update

## November 2022 Financial Results

Total passenger traffic increased 16% in November 2022 compared to November 2021 and 27% compared to November 2019. Passenger enplanements totaled 925,533 in November 2022, an increase of 25.8% or 189,787 passengers compared to November 2019 (see below chart). Average daily departures have increased from 189 in November 2019 to 257 in November 2022, an increase of 68 daily departures or 36.0%.

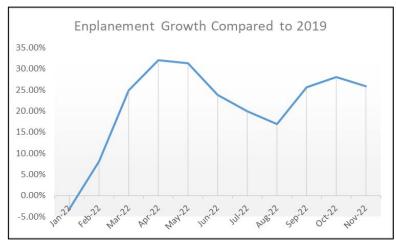

Table #1	FY 2023	FY 2022	Variance	FY 2023	FY 2022	YTD Variance

Table #1 illustrates November 2022's enplanements totaled 925,533 which is 16.3% higher than November 2021, serving an additional 129,697 enplaned passengers. Landing weights totaled 1,116 million pounds in November 2022 representing an increase of 12% compared to November 2021. Cargo volume totaled 12,393 tons in November 2022 representing an increase of 3.5% compared to November 2021.

Monthly operating revenues increased 17.2% or \$3.3M compared to November 2021. Totaling \$22.6M, November 2022 operating revenues reflect the strong passenger traffic in the month. November 2022 operating revenue is composed of 44.4% airline revenue, 54.8% non-airline revenue, and 0.8% interest income.

Airport operating expenses totaled \$8.8M for the month, an increase of 27.8% or \$1.9M compared to November 2021. The increased operating expenses are the result of higher personnel costs resulting from the 4% across the board pay increase and increase in the living wage to \$20 per hour, higher temporary employee and overtime expenses in response to higher passenger traffic, and increased contractual costs including parking services and consulting contracts. As a result of the strong operating performance, AUS reported a \$7.9M surplus (before federal relief funding) in November 2022 compared to a surplus of \$7.1M in November 2021.

## Fiscal Year 2023 Financial Results

Through the second month of Fiscal Year 2023 (FY2023) AUS delivered strong financial performance when compared to the same period in Fiscal Year 2022 (FY2022). FY2023 Year to Date (YTD) Operating Revenue totals \$46.6M compared to \$38.8M in FY2022, a 20.2% increase. Airport Operating Expenses totaled \$16.7M YTD in FY2023 compared to \$15.6M in FY2022, a 6.6% increase. Net income before federal relief funding totals \$18.1M YTD in FY2023 compared to \$12.8M in FY2022, an increase of \$5.3M.

Table #2	Approved Budget - Seasonalized	YTD	\$ Fav (Unfav)	% Fav (Unfav)
Operating Revenue	\$38,621,798	\$46,627,198	\$8,005,399	20.7%
Airport OPEX	\$18,959,426	\$16,667,821	\$2,291,605	12.1%
Total Requirements	\$26,243,751	\$28,494,959	(\$2,251,207)	(8.6%)
Net Income for Debt Service	\$16,949,958	\$27,273,291	(\$10,323,333)	(60.9%)
Net Income Before Federal Relief	\$12,378,047	\$18,132,239	\$5,754,192	46.5%
Federal Relief Reimbursement	\$5,000,000	\$1,486,196	(\$3,513,804)	(70.3%)
Net Income After Federal Relief	\$17,378,047	\$19,618,435	\$2,240,388	12.9%

Through November 2022 AUS delivered favorable YTD financial performance compared to FY2023 budget on a seasonalized basis due to increased revenue and operating expense savings. As presented in Table #2, FY2023 revenues exceed budgeted revenues by 20.7% or \$8M. The increased revenues are the result of passenger traffic in the month that exceeds forecasts used to develop the budget. Airport operating expenses are 12.1% or \$2.3M below budgeted expenses due primarily to higher than budgeted personnel vacancy rates. Before federal relief funding application, AUS reports net income of \$18.1M, which exceeds the seasonalized budget estimate by \$5.8M.

Air Service Update, by Jamy Kazanoff, Air Service Development

## January 2023 Air Service Snapshot

## 2022 Air Service overview snapshot, 2023 focus

- In 2022, AUS witnessed a major investment by American Airlines and Southwest Airlines, increasing capacity (number of seats) and destinations.
- In addition to new domestic routes, AUS enjoyed new service to the Caribbean, Canada and Europe.
- In virtually each quarter in 2022, AUS was the fastest recovering airport by capacity in the U.S., in both the medium-hub and large-hub FAA category of airports.
- AUS in 2022 broke capacity records, and passenger levels for the year will exceed 20 million total passengers.
- In 2023, AUS Air Service focus will be on retention of the incredible capacity increases, and a focus on continued pursuit of new international routes to meet business and tourism demand.

## AUS monthly seat comparisons to 2019:

## Highlights of recent air service announcements/developments include:

- Air Canada YYZ #2 daily returns on May 1; YVR resumes in April
- Alaska dropped all planned PSP service and will discontinue LAX eff. Jan. 10; BOI returns on June 15; added 1 LAS roundtrip for CES in Jan
- Allegiant has discontinued service to ABQ, AMA, PBI, PGD, SGF & TUL; IND resumed in March, MEM suspended Nov onwards; 17 markets will be served in Summer 2023
- American will serve EGE, PSP, & RSW this Winter season; IAD suspended Jan-Apr; MEM service starts on Jan 10; PSP will be served daily Jan-Apr; SJD will be served daily now; RSW service will start Feb. 3; weekly service to ECP starts on Feb. 4 and loaded through summer; seasonal service to VPS resumes on Feb. 4 and loaded through summer, will increase to daily for June-August; SMF daily service starts May 5
- Delta will serve LAS for Consumer Electronics Show in January with two roundtrips
- JetBlue has indefinitely suspended EWR & LAX service, FLL suspended again February onwards
- KLM started AMS service on March 28, 2022 with three weekly flights

- Lufthansa reinstated FRA service on April 8, 2022 with three weekly flights
- **Southwest** will serve BOS, PIT & SRQ this Winter season; New destination Montrose, CO (MTJ) starts Jan. 7; CHS, CZM, ECP, & PVR resume in March; VPS resumes in June

### Posting Language :

Authorize negotiation and execution of a contract to provide communications, community engagement and marketing support with Eis Design Inc., for a term of five years in an amount not to exceed \$2,500,000.

[Note: This solicitation was reviewed for subcontracting opportunities in accordance with City Code Chapter 2-9C (Minority Owned and Women Owned Business Enterprise Procurement Program) and subcontractor goals were applied to the solicitation. The subcontracting goals were exceeded, and the resulting contract will include 20.00% MBE and 7.25% WBE participation].

### Lead Department :

Financial Services Department.

### Client Department(s) :

Department of Aviation.

### Fiscal Note:

Funding in the amount of \$292,000 is available in the Fiscal Year 2022-2023 Operating Budget of the Department of Aviation. Funding for the remaining contract term is contingent upon available funding in future budgets.

### Purchasing Language:

The Financial Services Department issued a Request for Qualification Statements (RFQS) 8100 ALD4005REBID for these services. The solicitation was issued on August 1, 2022 and closed on September 1, 2022. Of the seven offers received; the recommended contractor submitted the best evaluated responsive offer. A complete solicitation package, including a log of offers received, is available for viewing on the City's Financial Services website, Austin Finance Online. Link: <u>Solicitation Documents</u> <<u>https://financeonline.austintexas.gov/afo/account\_services/solicitation/solicitation\_details.cfm?sid=137382></u>.

### Council Committee, Boards and Commission Action:

January 10, 2023 - To be reviewed by the Airport Advisory Commission.

### Additional Backup Information:

The contract will provide advertising, marketing, communications, and community engagement to the public regarding the Airport Expansion and Development Program (AEDP) and other airport improvement projects and will include the initial market research necessary to determine a baseline of travelers and community sentiments about the Austin-Bergstrom International Airport (AUS) and future plans for capital improvements.

### File #: 22-3774, Agenda Item #:

The contractor will be responsible for increasing passenger and community understanding of ongoing construction and airport improvements through strategy development, market research, creative, graphics and website support, social media, and digital content creation. The contractor will work with the Department of Aviation (Aviation) to create and execute the airport's community engagement and public outreach plan and outreach deliverables to support an overall strategic approach to timely and transparent community engagement. The contractor will assist the Aviation's Public Information and Marketing team to identify and gauge target audiences, adjust and evolve campaign goals strategy and messaging.

The message and vision must be delivered with compelling, timely and relevant updates while effectively communicating anticipated disruptions to the passenger experience. Additionally, this contract will help to ensure airport-adjacent neighbors and the Austin and Central Texas community are aware of changes and improvements coming to AUSustin-Bergstrom International Airport.

If this contract is not approved then Aviation will not be able to effectively provide the required advertising, marketing, communications, community engagement and public outreach to the public regarding airport improvements and construction impacts.

An evaluation team with expertise in this area evaluated the offers and scored Eis Design Inc. as the best to provide these services based on qualifications requirements, communications and marketing support professional experience, community engagement and public outreach professional experience, business organization and history, personnel qualifications, and experience.

### Strategic Outcome(s):

Mobility, Government that Works for All.

### ITEM 10 – DISCUSSION AND ACTION ITEM

### Council Committee, Boards and Commission Action:

January 11, 2023 - To be reviewed by the Airport Advisory Commission.

### Additional Backup Information:

The contact is for the support, maintenance, and expansion of Austin-Bergstrom International Airport's checkpoint queue monitoring system. The services will include installation of the system at checkpoints, additional sensors in the ticket lobbies to capture movement and utilization information, and of hardware to support restroom use monitoring throughout the terminal. These additions to the system will provide Airport operational staff with real time information to assist with crowd control and restroom cleanliness and provide the traveling public with real time wait status for security lines.

The solutions in the proposal are based on technology developed by WirelessWerx Inc. The contracting entity from Skyfii's side is CrowdVision Inc. - the parent company of WirelessWerx Inc. Skyfii/CrowdVision is the sole provider of support and maintenance for the installed system and the additional services outlined in the proposal.

Strategic Outcome(s): Mobility, Safety.
