I object to the proposed demolition of the historic home at 409 E. Monroe St. I request time to speak online at the Historic Landmark Commission meeting tomorrow night.

I live at 1509 Newning Ave. approximately 200 feet northeast of the subject property. I have long admired the architecture of this home, which is at a very prominent location in our neighborhood. It would be a significant loss if this home was allowed to be destroyed.

Sincerely,
Clifton Ladd
