HISTORIC LANDMARK COMMISSION DEMOLITION AND RELOCATION PERMITS FEBRUARY 1, 2022 PR-2022-185768; GF-2023-002752 707 MERIDEN LANE

PROPOSAL

Demolish a ca. 1931 residence and detached garage.

ARCHITECTURE

707 Meriden Lane is a one- and one-half-story Craftsman house with a partial-width porch sheltered by a clipped gable, horizontal wood siding, and paired 1:1 wood windows with 3:1 wood screens. Decorative details include exposed rafter tails and triangular brackets at the gable end. The detached garage is a simple structure of board-and-batten with exposed rafter tails.

RESEARCH

The house at 707 Meriden Lane, first addressed as 707 Deep Eddy, was constructed in 1931 by R. C. Stovall, a real estate agent. His family lived in the home until they rented it to the hill family in 1935. By 1937, Devrix and Nettie Galloway had purchased the house. The Galloways owned and operated a sandwich shop on Congress Avenue. Their son, Devrix Jr., also worked at the shop while he lived at home. The Galloways divorced in the mid-1940s and sold the house to taxi company operator Carl E. Van Landingham and his wife, Elrena, who worked as a seamstress at Yaring's Department Store. The Van Landinghams divorced in 1954, and the house became a rental property for mostly short-term occupants.

PROPERTY EVALUATION

Designation Criteria—Historic Landmark

- 1) The building is more than 50 years old.
- 2) The building appears to retain high integrity. Some screens appear to have gone missing during 2022. Porch posts were replaced during the historic period.
- 3) Properties must meet two criteria for landmark designation (LDC §25-2-352). Staff has evaluated the property and determined that it does not meet two criteria:
 - *a*. Architecture. The building is a good example of a modest Craftsman bungalow.
 - *b.* Historical association. The property does not appear to have significant historical associations.
 - *c*. Archaeology. The property was not evaluated for its potential to yield significant data concerning the human history or prehistory of the region.
 - *d*. Community value. The property does not possess a unique location, physical characteristic, or significant feature that contributes to the character, image, or cultural identity of the city, the neighborhood, or a particular demographic group.
 - *e*. Landscape feature. The property is not a significant natural or designed landscape with artistic, aesthetic, cultural, or historical value to the city.

STAFF RECOMMENDATION

Strongly recommend rehabilitation and adaptive reuse, then relocation over demolition, but release the demolition permit upon completion of a City of Austin Documentation Package.
