

AMENDMENT

I move to amend Item No. 40 to read as follows:

- Insert underlined text at line 34:

Ways to alleviate any uncertainty within the populations served by extreme weather shelters with registering and staying sheltered, including earlier activation of the shelters, working with community advocates to provide more notice opportunities to the public of shelter activation, expanding registration hours and location and overall shelter registration operations, and pausing encampment cleanups until shelters are deactivated.

- Insert underlined text at line 46:

The City Manager will report back to the Council by June 15, 2023, on (1) recommendations to expand the City's weather sheltering plan to include all extreme weather events and (2) the feedback and suggestions from the stakeholders and subject matter experts to address activation, registration, transportation and other issues related to the City's response to sheltering during extreme weather events. (3) recommendations on how best to accommodate on-site and remote shelter registration (4) recommendations on how to implement a waiver of the shelter registration requirement in the case of a State of Disaster declaration from the City or Travis County.
