

Annual Internal Review

This report covers the time period of 7/1/2021 to 6/30/2022

City of Austin/Travis County Sustainable Food Policy Board

The Board/Commission mission statement (per the City Code) **is:** to serve as an advisory body to the City Council and Travis County Commissioners Court concerning the need to improve the availability of safe, nutritious, locally, and sustainably-grown food at reasonable prices for all residents, particularly those in need, by coordinating the relevant activities of city and county government, as well as nonprofit organizations, and food and farming businesses.

The Board shall:

- a) monitor the availability, price and quality of food throughout the Austin and Travis County areas;
- b) collect data on the food security (i.e., access to an affordable, diversified local food supply) and the nutritional status of city residents;
- c) inform city and county policy makers, administrators, and the public at large about the status of the region's food system and food security;
- d) monitor and analyze the administration of city and county food and nutrition programs;
- e) explore new means for the city and county to improve the local food economy, the availability, sustainability, accessibility, and quality of food and our environment, and assist city and county departments in the coordination of their efforts;
- f) review availability and recommend measures to promote the preservation of agricultural land in the City of Austin and Travis County; and
- g) recommend to the city and county adoption of measures that will improve existing local food production and add new programs, incentives, projects, regulations, or services.

1. **Describe the board's actions supporting their mission during the previous calendar year. Address all elements of the board's mission statement as provided in the relevant sections of the City Code.**

2. Determine if the board's actions throughout the year comply with the mission statement.

(If any of the board's actions were outside the scope of the mission statement, the report should explain the non-compliance issues.)

The board's actions complied with their mission statement in that it focused on all aspects of the food system, and how to improve it for all Austin and Travis County residents.

3. List the board's goals and objectives for the new calendar year.

(Make sure the goals and objectives fall within the mission statement of the board/commission.)

The board's priorities for 2022-2023 include:

- Supporting the Office of Sustainability with the City of Austin Food System Plan work
- Create a working group dedicated to supporting and increasing community agriculture in Austin/Travis County
- Getting more involved with the local business community related to our Food System and supporting their efforts to become more resilient
- Identifying priorities of the Board and metrics to demonstrate success.
