[Correction to Applicants documentation submission - this is the correct representation of neighbors OPPOSED.pptx](#)

*** External Email - Exercise Caution ***

Hello Sherri,

The neighborhood has been going thru the applicants application for rezoning and we have been made aware of some inaccuracies/misrepresentations.

<https://services.austintexas.gov/edims/document.cfm?id=402898>

The attached slide shows the correct number of neighbors who are OPPOSED to rezoning (see pg. 33 of applicants submission)

Additionally, the applicant has stated that there is public access to the storage units which is inaccurate (see pg. 36 of applicants submission) We have attached slides documenting that there has NEVER been public access from S. Sioux.

Let me know if you have any questions.

Thanks,

Francine

This is a false representation.

There is no public access into or out of the neighborhood from the Storage property. The gate is locked and its usage strictly limited to emergency vehicles.
