

Whereas; the Zoning and Platting Commission shall perform duties relating to land use and development as prescribed by [Title 25](#) (*Land Development*) and other duties as assigned by the city council.

Whereas those duties generally include review and approval of subdivisions and zoning changes within the City of Austin but without a small area or neighborhood plan.

Whereas many of the cases heard by the ZAP include those in suburban or rural areas without sufficient bicycle, trail, or sidewalk accommodations.

Whereas the ZAP is focused on reviewing and approving appropriate land use criteria that meets the Land Development Code requirements and the goals of the Imagine Austin Comprehensive Plan.

Whereas Provision of safe, accessible, active transportation infrastructure throughout the City is vital for the health of our city.

Not therefore be it resolved that:

- The Walk, Bike, Roll collection of planning documents strategically plans how to effectively and equitably distribute active transportation infrastructure throughout the City, requiring installation of this vital infrastructure as redevelopment and reconstruction occurs.
- The Walk, Bike, Roll plans should include Key Performance Indicators for the provision of encouragement and educational programming to create a cultural shift that teaches our community to take advantage of existing and planned active transportation infrastructure.
- The Walk, Bike, Roll plans should include provision of adequate maintenance and lighting so as to permit safe and comfortable use of the existing and planned active transportation infrastructure.
