

ZONING CHANGE REVIEW SHEET

CASE: C14-2022-0076 – 3100 Guadalupe St

DISTRICT: 9

ADDRESS: 3100 Guadalupe Street

ZONING FROM: CS-CO-NP

ZONING TO: CS-1-CO-NP

TOTAL SITE AREA: 0.075 acres (3,277 square feet)

PROPERTY OWNER: Leigh Family Trust (Alice G. Kaspar, Trustee)

AGENT: Drenner Group, PC (Amanda Swor)

CASE MANAGER: Nancy Estrada (512-974-7617, nancy.estrada@austintexas.gov)

STAFF RECOMMENDATION:

The Staff recommendation is to grant commercial-liquor sales – conditional overlay – neighborhood plan (CS-1-CO-NP) combining district zoning. The Conditional Overlay 1) limits building height to 40 feet, 2) establishes that a drive-in service as an accessory use to a commercial use is a conditional use, 3) prohibits drive-in service as an accessory use to a restaurant (general and limited) use, 4) prohibits Art workshops, Campground, Exterminating services, Kennels, and Vehicle storage, and 5) establishes Automotive repair services, Building maintenance services, Club or lodge, Commercial blood plasma center, Commercial off-street parking, Construction sales and services, Convenience storage, Drop-off recycling collection center, Equipment repair services, Equipment sales, Hospital services (general), Laundry services, Off-site accessory parking, and Service station as conditional uses. For a summary of the basis of Staff's recommendation, see pages 2-3.

PLANNING COMMISSION ACTION / RECOMMENDATION:

January 24, 2023: APPROVED CS-1-CO-NP DISTRICT ZONING AS STAFF RECOMMENDED

[G. Cox; G. Anderson – 2ND] (8-2) J. MUSHTALER, C. LLANES PULIDO – NAY; A. AZHAR, R. SCHNEIDER – ABSENT; ONE VACANCY ON THE DAIS

January 10, 2023: APPROVED A POSTPONEMENT REQUEST BY THE APPLICANT TO JANUARY 24, 2023

[A. AZHAR; J. THOMPSON – 2ND] (11-0) P. HOWARD – ABSENT; ONE VACANCY ON THE DAIS

December 20, 2022: APPROVED A POSTPONEMENT TO JANUARY 10, 2023, BY CONSENT

[A. AZHAR; P. HOWARD – 2ND] (9-0) J. THOMPSON – ABSTAIN; G. COX, J. MUSHTALER, R. SCHNEIDER – ABSENT; ONE VACANCY ON THE DAIS

ABSENT; ONE VACANCY ON THE COMMISSION

October 25, 2022: *APPROVED A POSTPONEMENT REQUEST BY THE*
NEIGHBORHOOD TO NOVEMBER 15, 2022
[J. THOMPSON; R. SCHNEIDER – 2ND] (10-0) C. HEMPEL, T. SHAW – ABSENT;
ONE VACANCY ON THE COMMISSION

CITY COUNCIL ACTION:

March 23, 2023:

ORDINANCE NUMBER:

ISSUES:

On Wednesday, August 24th, the Applicant had a virtual meeting to discuss the case with representatives of the Heritage Neighborhood Association.

CASE MANAGER COMMENTS:

The subject rezoning area contains a 1,000 square foot personal services use within an existing commercial building and an adjacent 2,277 square foot portion of the parking lot extending to West 31st Half Street. The site containing the rezoning area is bounded by West 31st Half Street on the north, Guadalupe Street on the east, and West 31st Street on the south. Driveway access is limited to West 31st Half and West 31st Street. The rezoning area is part of Tract 209 within the West University neighborhood plan approved by Council in September 2004 and has general commercial services – conditional overlay – neighborhood plan CS-CO-NP) district zoning. The conditional overlay establishes a 40-foot height limit, and conditional and prohibited uses, and applies several to other tracts along Guadalupe as well.

There are restaurants and personal improvement services uses across West 31st Half to the north, a one-story commercial building, food sales, personal services uses, and single family residences across Guadalupe Street uses to the east (CS-CO-NP; SF-3-HD-NCCD-NP; SF-3-H-HD-NCCD-NP), and restaurant, personal services, pet services, with apartments on the upper floors to the south (CS-MU-CO-NP); and single family residences and apartments on West 31st Half and West 31st Streets to the west (SF-3-CO-NP; MF-1-CO-NP). ***Please refer to Exhibits A (Zoning Map) and A-1 (Aerial View).***

The Applicant proposes to rezone the existing building and a 2,277 square foot portion of the parking lot extending to West 31st Half Street to the commercial-liquor sales – conditional overlay – neighborhood plan (CS-1-CO-NP) district. The Applicant does not propose to change the existing Conditional Overlay that was established by the West University Plan. The intent is to repurpose the building and an adjacent area for patio seating to the service of onsite alcoholic beverages, which is a cocktail lounge use. As information, a conditional use

permit (CUP) for the cocktail lounge will also be required prior to establishing the use. The CUP is a type of site plan application that requires review by the Planning Commission.

The land use character of this segment of Guadalupe Street is comprised of both commercial and residential land uses. Areas north of the subject property are commercial while the area south of the property has a mix of uses that consist of both residential and commercial. Staff believes the zoning request is appropriate in terms of its location on an arterial roadway. As information, the closest residence is located approximately 70 feet to the west (SF-3-CO-NP). The closest cocktail lounge to the subject property is approximately 1,200 linear feet to the north on West 35th Street, just off its intersection with Guadalupe.

BASIS OF RECOMMENDATION:

1. *The proposed zoning should be consistent with the purpose statement of the district sought.*

The commercial - liquor sales (CS-1) zoning district is intended for commercial and industrial activities of a service nature which typically have operating characteristics or traffic service requirements generally incompatible with residential environments, and specifically includes liquor sales as a permitted use. The Conditional Overlay (-CO) combining district may be applied in combination with any base district. The district is intended to provide flexible and adaptable use or site development regulations by requiring standards tailored to individual properties. The neighborhood plan (NP) district denotes a tract located within the boundaries of an adopted Neighborhood Plan.

The property fronts on Guadalupe Street, an arterial and established mobility corridor.

2. *The proposed zoning should allow for a reasonable use of the property.*
3. *Zoning should promote the policy of locating retail and more intensive zoning near the intersections of arterial roadways or at the intersections of arterials and major collectors.*

Staff recommends CS-1-CO-NP zoning given its location on an arterial road and adjacency to commercial properties in all directions. The land use character of this segment of Guadalupe Street is predominantly commercial and Staff believes the rezoning request is appropriate in terms of its location on an arterial roadway and mobility corridor. CS-1-CO-NP zoning would permit a broad set of commercial uses, including the intended cocktail lounge, but continue the set of conditional and prohibited uses established by the West University Neighborhood Plan due to the proximity to residential uses to the east and west.

EXISTING ZONING AND LAND USES:

| | ZONING | LAND USES |
|--------------|---|--|
| <i>Site</i> | CS-CO-NP | Dry cleaning and alterations business (a Personal services use) |
| <i>North</i> | CS-CO-NP | Restaurants (general); Personal improvement services |
| <i>South</i> | CS-MU-CO-NP | Residential; Restaurant (general); Pet services; Personal services; Multifamily residential, Parking |
| <i>East</i> | CS-CO-NP; SF-3-HD-NCCD-NP; SF-3-H-HD-NCCD-NP | Parking; Single family residences in the North University NCCD; Food sales; Personal services |
| <i>West</i> | CS-CO-NP; SF-3-CO-NP; MF-1-CO-NP; MF-3-NP; MF-2-CO-NP | Rear parking area; Single family residences; Apartments |

NEIGHBORHOOD PLANNING AREA: Central Austin Combined (West University)

RELATED CASES:

The subject property is located within the boundaries of the Central Austin Combined (West University) Neighborhood Planning Area (NP-04-0019). The property is designated as Tract 209 and the CS base district was rezoned to CS-CO-NP district. The Conditional Overlay 1) limits height to 40 feet from ground level, 2) establishes drive-in service as an accessory use to a commercial use as a conditional use, 3) prohibits drive-in service as an accessory use to a restaurant (general and limited) use, 4) prohibits certain uses, and 5) makes certain uses conditional (C14-04-0021 – Ordinance No. 20040826-057).

On November 15, 2005, a Transportation administrative site plan for off-site parking was approved (SP-05-1540T – 3110 Guadalupe Street Off-Site Parking Plan). There is an administrative off-site / shared parking site plan in review for the property (SP-2022-0405T – 3110 Guadalupe) and if approved, it would replace the 2005 plan.

EXISTING STREET CHARACTERISTICS:

| Name | ASMP Required ROW / Existing ROW | Pavement | ASMP Classification | Sidewalks | Bicycle Route | Capital Metro (within ¼ mile) |
|---|---|----------|-----------------------------------|---|---|--|
| West 31 st Street (proposed access) | 64 feet recommended (58 feet – constrained); 40 feet | 24 feet | Local Mobility – Level 1 | Damaged / incomplete; recommended 5 feet | None | Yes |
| West 31 st and ½ Street (proposed access) | 64 feet recommended (58 feet – constrained); 50 feet | 30 feet | Local Mobility – Level 1 | 5 feet existing | None | Yes |
| Guadalupe Street (no proposed access) | 116 feet recommended (98 feet – constrained); 78 feet | 58 feet | Corridor Mobility – Level 3 | 5 feet existing | On street bike path, recommended protected one-way bike lane | 2 transit stops on Guadalupe |

| Workforce Development, the Economy and Education: Promotes educational opportunities or workforce development training. | |
| 7 | Total Number of "Yes's" from Up Top and Under Bonus Features |

Applicable Small Area Plan Policies:

Goal 3: Allow mixed-use development along the existing commercial corridors that is pedestrian oriented, neighborhood friendly, neighborhood scaled, and serves neighborhood needs (p. 74)

Goal 4: The West University planning area should become a dense, vibrant, mixed-use and pedestrian oriented community (p. 83)

Objective 4.1: Promote quality, higher density mixed use and multi-family development in the West University planning area while preserving nearby single-family neighborhoods. (p. 85)

Drainage

The developer is required to submit a pre- and post-development drainage analysis at the subdivision and site plan stage of the development process. The City's Land Development Code and Drainage Criteria Manual require that the Applicant demonstrate through engineering analysis that the proposed development will have no identifiable adverse impact on surrounding properties.

Environmental

The site is not located over the Edwards Aquifer Recharge Zone. The site is located in the Waller Creek Watershed of the Colorado River Basin, which is classified as an Urban Watershed by Chapter 25-8 of the City's Land Development Code. It is in the Desired Development Zone.

Zoning district impervious cover limits apply in the Urban Watershed classification.

According to floodplain maps there is no floodplain within or adjacent to the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

At this time, site specific information is unavailable regarding vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

This site is required to provide on-site water quality controls (or payment in lieu of) for all development and/or redevelopment when 8,000 s.f. cumulative is exceeded, and on-site control for the two-year storm.

Impervious Cover

Within the Waller Creek watershed, the maximum impervious cover allowed by the *CS-1 zoning district* is 95%, which is based on the *zoning* regulations.

PARD – Planning & Design Review

There are currently no parkland dedication requirements for the proposed use, cocktail lounge. Parkland dedication may be required for commercial developments in the future based on City Council direction.

Site Plan and Compatibility Standards

NIGHTCLUBS / COCKTAIL LOUNGES

Cocktail Lounges are conditionally permitted in the CS-1 zoning district. A conditional use site plan will be required for a proposed cocktail lounge.

A cocktail lounge use or any business with alcohol sales may not operate within 300 feet of a church, public school or public hospital except as provided by the Texas Alcoholic Beverage Code, or within 300 feet of a daycare/childcare facility without a food & beverage certificate (§ 4-9-4). Upon submission of site plan, ensure that all existing land uses within this vicinity are shown.

Please be aware of regulations pertaining to cocktail lounges within § 25-2-808 (*Restaurants and Cocktail Lounges*) and 25-5-146 (*Conditions of Approval*).

FYI: A cocktail lounge must be separated from a property used or zoned townhouse and condominium residence (SF-6) district or more restrictive by not less than 200 feet unless:

- The lounge is within an enclosed shopping center; or,
- The Land Use Commission grants a variance from this requirement when the Land Use Commission approves the conditional use permit site plan application [LDC 25-5-146(B) (*Conditions of Approval*)].

Any new development is subject to Subchapter E. (*Design Standards and Mixed-Use*). Additional comments will be made when the site plan is submitted.

This site is subject to the Compatibility Standards in § 25-2 Article 10 due to adjacent SF-3-CO-NP zoning to the west and additional single-family zoning and land uses within 540 feet of the site. A late-hours permit associated with the cocktail lounge use would be expressly prohibited without a waiver of the Compatibility Standards from the Land Use Commission.

Define area of cocktail lounge by shaded area on site plan. Refer to certified field notes and define boundaries of CS-1 zoning footprint.

Please show all uses within 200 feet and within 300 feet of the property lines to support the conditional use determination by land use commission.

This site is located in the West University Neighborhood Plan. Please see the City's [Neighborhood Plans and Resources webpage](#) for a copy of the recommended design guidelines.

Austin Transportation Department – Engineering Review

Transportation Assessment

Assessment of required transportation mitigation, including the potential dedication of right of way and easements and participation in roadway and other multi-modal improvements, will occur at the time of site plan application. A traffic impact analysis shall be required at the time of site plan if triggered per LDC 25-6-113.

The parking space ratio for a cocktail lounge use is as follows:

- 1 space for every 100 square feet if the cocktail lounge is less than 2,500 sf;
- 1 space for every 50 square feet if the cocktail lounge is between 2,500 and 10,000 sf (as info, the existing two-story building is 4,060 sf (2,030 sf on each floor)
- 1 space for every 25 square feet if the cocktail lounge is over 10,000 square feet

The Austin Strategic Mobility Plan (ASMP) calls for 50 feet of right-of-way for W 31st Street. It is recommended that 2 feet of right-of-way from the existing centerline should be dedicated for W 31st Street according to the Transportation Plan with the first subdivision or site plan application [LDC 25-6-51 and 25-6-55].

A traffic impact analysis is not required as the proposal does not exceed the thresholds established in the Land Development Code.

Austin Water Utility

The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, utility relocations and or abandonments required by the land use. The water and wastewater utility plan must be reviewed and approved by Austin Water for compliance with City criteria and suitability for operation and maintenance.

Depending on the development plans submitted, water and or wastewater service extension requests may be required. All water and wastewater construction must be inspected by the City of Austin.

The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater utility tap permit.

*** External Email - Exercise Caution ***

Planning Commissioners,

Tonight, you will be considering adding CS-1 on the lot located at 3100 Guadalupe.

I'm writing on behalf of some of the members of the Heritage Neighborhood Association.

As the backup mentions, the City Council recently took action identifying corridors like Guadalupe as critical locations to add transit-supportive density. With two Project Connect stops and a street network that is already walkable and bikeable with relative ease, a use that might conflict with the quality of residential living should take a pause. **An action to extend cocktail lounge zoning, without simple constraints to ensure the quality of life for residents along these corridors, is counterproductive to this prioritization of the corridors.**

We had hoped that we could be presenting you with an agreement tonight that would have left this case on the consent agenda. While the neighborhood was not thrilled with the request for a cocktail lounge to replace one of its last remaining neighborhood service use, they were willing to work with the owner of the property on a compromise. Unfortunately, the owner of the property (different than the tenant applicant) will not agree to sign that agreement so that it runs with the land.

Additionally, we had also proposed a conditional overlay for review by City Legal that would have conditioned the approval of CUP for a cocktail lounge use on the basis of there being no amplified sound and a midnight restriction on the hours of operation. The conditional overlay was styled after Section 25-2-786 pertaining to Bed & Breakfast uses, with almost identical restrictions. We have been told that City Legal has advised that such a condition cannot be placed on the property through zoning, despite this parallel practice for a similar conditional use and despite other precedent within Chapter 25-2 such as 25-2-818(F)(4), stating that a person cannot operate a mobile food establishment between the hours of 11pm and 6am.

I mention all of this, because I want to emphasize that the neighborhood and the tenant-applicant have been striving to reach a reasonable solution.

But, **without restrictions on the hours of operation and amplified sound, this simply is not a suitable location for a 2am cocktail lounge.** I am attaching a photo that shows how close the site (which will have all outdoor seating) is to the adjacent residents.

And, because this case has not reached agreement, I must reiterate some of the earliest concerns from the residents about this proposed use. "What happens to the dry cleaners?" While cocktail lounges are fantastic and useful in their own light, retaining zoning prioritization for retail space and neighborhood-based services is also really important. Likewise, so is prioritizing these corridors for transit-supportive density.

For all of the above, we ask that you **VOTE NO on Item 4.** In the meantime, we will continue to meet with the applicant and city staff on trying to come up with an agreement that would be enforceable.

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to participate in a public hearing, you are not required to participate. This meeting will be conducted both online and in-person at which you will have the opportunity to speak FOR or AGAINST the proposed development or change. Contact the case manager for further information on how to participate in the public hearings. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

Staff is conducting a pilot program to receive case-related comments online which can be accessed through this link or QR code: <https://bit.ly/ATXZoningComment>.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website: www.austintexas.gov/planning.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before the public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice. Correspondence and information submitted to the City of Austin are subject to the Texas Public Information Act (Chapter 552) and will be published online.
