

## **ZONING CHANGE REVIEW SHEET**

CASE: C14-2023-0006 – Wynne Lane Single Family

DISTRICT: 5

ZONING FROM: MH

TO: SF-3

ADDRESS: 7500 Wynne Lane

SITE AREA: 0.56 acres (24,651 sq. ft.)

PROPERTY OWNER: Jon Conner

AGENT: Thrower Design, LLC (A. Ron Thrower)

CASE MANAGER: Ricky Barba (512-974-7740, [Ricky.Barba@austintexas.gov](mailto:Ricky.Barba@austintexas.gov))

STAFF RECOMMENDATION:

**The Staff recommendation is to grant family residence (SF-3) district zoning.** *For a summary of the basis of Staff's recommendation, see case manager comments.*

ZONING AND PLATTING COMMISSION ACTION / RECOMMENDATION:

**April 4<sup>th</sup>, 2023: APPROVED SF-3 DISTRICT ZONING AS STAFF RECOMMENDED, BY CONSENT** [R. Johnson; J. Flores– 2<sup>ND</sup>] (10-0) C. Acosta – ABSENT]

March 21, 2023: Approved an applicant's Postponement request to April 4<sup>th</sup>, 2023  
[J. Kiolbassa ; A. Flores – 2<sup>ND</sup>] (9-0) C. Acosta – OFF THE DAIS; L. Stern, S. Boone- ABSENT]

CITY COUNCIL ACTION:

**April 20, 2023:**

ORDINANCE NUMBER:

ISSUES:

None at this time.

CASE MANAGER COMMENTS:

The subject lot is within the Brownleaf Estates subdivision, undeveloped and zoned mobile home residence (MH) district. Brownleaf Estates and Greenleaf Estates, the adjacent subdivision to the south are manufactured home subdivisions and were zoned mobile home

residence (MH) districts in the mid-1980s. Many of the lots within this subdivision contain one or more manufactured homes, although a few lots have single-family residence or two-family residence uses (MH; SF-2; SF-3). ***Please refer to Exhibits A (Zoning Map) and A-1 (Aerial Exhibit).***

The Applicant has requested family residence (SF-3) district zoning in order to resubdivide the lot into three lots and build a single-family residence and an accessory dwelling unit on each lot. The proposal would allow for the development of one single-family residence, in addition to a second detached unit that would not exceed 1,100 square feet or a floor-to-area ratio of 0.15:1, whichever is smaller. The detached unit would be limited to two stories, or 30 feet in height, and if a second-story would be constructed for the unit, it would not be permitted to exceed 550 square feet in size.

#### BASIS OF RECOMMENDATION:

1. *The proposed zoning should be consistent with the purpose statement of the district sought.*

The family residence (SF-3) district is the designation for a moderate density single-family residential use and a duplex use on a lot that is a minimum of 5,750 square feet. An SF-3 district designation may be applied to a use in an existing single-family neighborhood with moderate sized lots or to new development of family housing on lots that are 5,750 square feet or more. A duplex use that is designated in an SF-3 district is subject to development standards that maintain single-family neighborhood characteristics.

2. *Zoning changes should promote compatibility with adjacent and nearby uses.*

The requested SF-3 zoning would allow for up to two residential units on the property. Staff supports the Applicant's request because the property is located in an area that is developed with a mixture of manufactured homes and single family residences. The SF-3 zoning district would be compatible and consistent with the surrounding uses, and there are existing SF-2 and SF-3 zoned properties located to the north, south and west that are currently developed with single family residential uses.

#### EXISTING ZONING AND LAND USES:

	ZONING	LAND USES
<i>Site</i>	MH	Undeveloped
<i>North</i>	MH; SF-3	Manufactured home; Two family residence; Undeveloped
<i>South</i>	MH; SF-3	Undeveloped; Manufactured homes
<i>East</i>	SF-2	Single family residences in the Elmwood Estates subdivision
<i>West</i>	MH; SF-3	Manufactured homes; A couple single family residences

### Drainage

The developer is required to submit a pre- and post-development drainage analysis at the subdivision and site plan stage of the development process. The City's Land Development Code and Drainage Criteria Manual require that the Applicant demonstrate through engineering analysis that the proposed development will have no identifiable adverse impact on surrounding properties.

### Environmental

The site is not located over the Edwards Aquifer Recharge Zone. The site is in the South Boggy Creek Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City's Land Development Code. The site is in the Desired Development Zone.

Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<i>Development Classification</i>	<i>% of Gross Site Area</i>	<i>% of Gross Site Area with Transfers</i>
Single-Family (minimum lot size 5750 sq. ft.)	50%	60%
Other Single-Family or Duplex	55%	60%
Multifamily	60%	70%
Commercial	80%	90%

According to floodplain maps there is no floodplain within or adjacent to the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

At this time, site specific information is unavailable regarding vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment requires water quality control with increased capture volume and control of the 2-year storm on site.

#### Impervious Cover

The maximum impervious cover allowed by the SF-3 zoning district would be 45%, which is based on the more restrictive zoning regulations.

#### PARD / Planning & Design Review

Parkland dedication will be required for the new applicable uses proposed by this development, single family with SF-3 zoning, at the time of subdivision or site plan, per City Code § 25-1-601. Should fees in-lieu be required, those fees shall be used toward park investments in the form of land acquisition and/or park amenities within the surrounding area, per the Parkland Dedication Operating Procedures § 14.3.11 and City Code § 25-1-607 (B)(1) & (2).

If the applicant wishes to discuss parkland dedication requirements in advance of site plan or subdivision applications, please contact this reviewer: [thomas.rowlinson@austintexas.gov](mailto:thomas.rowlinson@austintexas.gov). At the applicant's request, PARD can provide an early determination of whether fees in-lieu of land will be allowed.

#### Site Plan and Compatibility Standards

A site plan will be required for any new development other than single-family, two-family or duplex residential.

Any new development is subject to the design standards in Subchapter E of the Land Development Code. Additional comments will be made when the site plan is submitted.

Any development which occurs in an SF-6 or less restrictive zoning district which is located 540 ft. or less from property in an SF-5 or more restrictive zoning district will be subject to compatibility development regulations.

In the event that demolition or relocation of existing buildings is proposed, the applicant is responsible for requesting demolition or relocation permits at the appropriate stage of the development process. The City Historic Preservation Office will review all proposed building demolitions and relocations. If a building meets city historic criteria, the Historic Landmark Commission may initiate a historic zoning case on the property.

Please be aware of the tenant notification requirements in 25-1-712 for any demolition of multifamily buildings with five or more occupied units.

#### Austin Transportation Department – Engineering Review

The Austin Strategic Mobility Plan (ASMP) calls for 58 feet of right-of-way for Sherwood Road. It is recommended that 29 feet of right-of-way from the existing centerline should be dedicated for Sherwood Road according to the Transportation Plan with the first subdivision or site plan application [LDC 25-6-51 and 25-6-55].

The Austin Strategic Mobility Plan (ASMP) calls for 58 feet of right-of-way for Wynne Lane. It is recommended that 29 feet of right-of-way from the existing centerline should be dedicated for Wynne Lane according to the Transportation Plan with the first subdivision or site plan application [LDC 25-6-51 and 25-6-55].

#### Austin Water Utility

No comments on zoning change.

FYI: The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, utility relocations and or abandonments required by the land use. The water and wastewater utility plan must be reviewed and approved by Austin Water for compliance with City criteria and suitability for operation and maintenance.

Depending on the development plans submitted, water and or wastewater service extension requests may be required. All water and wastewater construction must be inspected by the City of Austin.

The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater utility tap permit.
