

## Recommendation for Action

---

**File #:** 23-1639, **Agenda Item #:** 4.

5/4/2023

---

### **Posting Language**

Authorize negotiation and execution of a contract for energy management system maintenance, support, and related parts with Honeywell International, Inc. d/b/a Honeywell Int'l, for a term of five years in an amount not to exceed \$653,400.

[Note: Sole source contracts are exempt from the City Code Chapter 2-9C (Minority Owned and Women Owned Business Enterprise Procurement Program); therefore, no subcontracting goals were established].

### **Lead Department**

Financial Services Department.

### **Client Department(s)**

All City Departments.

### **Fiscal Note**

Funding in the amount of \$41,250 is available in the Fiscal Year 2022-2023 Operating Budget of various City departments. Funding for the remaining contract term is contingent upon available funding in future budgets.

### **Purchasing Language:**

Sole Source.

### **For More Information:**

Direct questions regarding this Recommendation for Council Action to the Financial Services Department - Central Procurement at: [FSDCentralProcurementRCAs@austintexas.gov](mailto:FSDCentralProcurementRCAs@austintexas.gov) or at 512-974-2500.

### **Additional Backup Information:**

The contract will provide maintenance, support, and related parts for the Honeywell energy management system for all City departments. The Honeywell energy management system is a building automation system used in facilities throughout the City. The solution is used to monitor and control facilities heating, ventilation, and air conditioning systems (HVAC) as well as domestic hot water systems and fire and life safety systems.

Honeywell International, Inc. is the sole provider of the Honeywell energy management system, which can only be supported, maintained, and serviced by factory trained and certified technicians under the direct employment of Honeywell International, Inc. This system is critical to the continued operations of HVAC systems around the City to maintain indoor air quality.
