

**What's one thing the City needs to do better?**

upgrade on computer chairs in senior center  
"affordable" housing is an ongoing issue

appraisal of property that is a realistic property tax valuation that does not negatively impact elderly individuals. Currently fixed income tax payers are being taxed out of their homes.  
be more considerate of long time Austinites

share community resources

getting rid of the homeless - not give them everything

deal with the homeless more effectively and control over building in the neighborhoods. Better traffic flow.  
fix the AC at Conley Guerrero center  
more housing  
pot holes

help with educating police officers - training with mental health roads  
traffic

give information out to all not a select group  
better roads  
traffic  
traffic control  
control and regulate traffic  
better transportation for seniors  
lower utility rate  
lower utility bill prices  
quit letting more people move to Austin  
better people to love one another  
lower prices  
computer classes for seniors  
more health care clinics and city streets repaired  
transportation

**What City service is most useful to older adults?**

food pantries  
Health and Resource fairs

The electrical cables in our neighborhoods needs to go underground/on the grid. The city should do annual assessments and cut the tree branches off electrical wires.  
transportation and security

metro access

senior centers

city centers  
all services - ceramics, health info, tax  
health care  
food and transportation

using 311 services  
help  
health  
would have bus service to all neighborhoods. Not over a mile away. Do not only serve Mueller serve the neighbors  
metro access  
meals on wheels, metro access  
meals, transportation  
transportation  
capmetro  
elder care transportation  
senior citizen food availability  
senior cuts  
caring more, food, travel  
metro  
meals on wheels  
neighborhood centers  
transportation

**What do you feel is not being done, that the Commission could help with?**

more communication between organizations  
do town halls

There is no value in living in East Austin because of the new development and property taxes. I am required to pay for trash, street cleaning, tree branch cutting, sewer connection to the city's sewer system, street lights, and sidewalks. New development cost/prices negatively affects my ability to get these same services at a reasonable cost if at all. My taxes are prohibitive and I dont even get the services that new development impacts (rising taxes) on "our" neighborhood.  
be more considerate of the disadvantage and elderly population  
more events shared into the community and marketing to those senior communities  
enforcing laws to keep homeless from being where it is against ordinance that passed year ago

provide more resources for keeping older citizens up to technology needs  
help with AC issue Conley Guerrero  
legal help  
help with legal and medical services  
stop protolling east austinites, black and brown citizens, patrol all of austin equally  
don't clean the streets  
physical activities

serve all  
none at this time  
crime  
taxes, affordable housing  
help stop crime  
provide better services for the homeless  
n/a  
make residents more aware  
lower taxes  
strop raising rent  
satisfied  
help seniors to understand property taxes  
n/a  
transportation

street cleaning  
handicap services  
build sidewalks  
pay a lot on my electric bill  
more side walks, better bus service  
take care of me more  
give transportation for people who don't drive to the airport,  
from southeast austin to the airport without going back to  
riverside  
have better transportation, more little buses than vans  
the streets  
senior services  
shelter for the homeless  
traffic  
more access to sidewalk for people with walker. So many  
businesses do not have any walkways  
notify the elderly  
traffic  
more reliable wheel chair accesible transportation  
sidewalks  
trust  
affordable housing  
enforcing parking regulations  
have info for senior, advertise on this committee. Didn't know  
Austin had commission on aging. Its work.  
low cost living for ages  
more handicap space, more transportation

potholes. Outreach. I am an adult caregiver to my 80+ mom.  
Harsh learning curve.  
extending of additional resources  
streets  
more recycle places  
have groups like this  
more spaces for elders

supply trash cans on the streets, increase transportation routes  
do better on taxes  
resources

transportation  
helping disabled people  
meals on wheels

senior porgrams

I am learning to apply my mom for discounts like  
Homestead Excemptions. Utility and repairs help.  
transportation  
bus  
uber or citizen pickup, dropoff  
transportation and health  
more rides to stores and centers

metro access  
buses  
riding transportation

everything  
with disability  
advertize more activities and places to get together  
transportation  
cooling centers  
more doctor options

CK transportation (AC)  
better vehicles for metro access  
more information  
medicine  
so far so good

more resources for seniors  
recognizing the elder who are unable to come out anymore  
rent low income  
services provided in the evenings  
better meals on wheels  
cops  
lowering taxes

what is the commissions job. Seniors have been left out for services in  
austin  
cost of living for apartments livings  
transportation  
having people park in front of your home

advocacy, Ombudsman. Designated "hand-holder" for me-her  
identification of rural community needs  
better housing  
cleaning streets

we need more for our elders some of work long and hard

taxes  
more resources and funding for elderly
