External Email - Exercise Caution

Dear Sirs,

Sorry this is a last minute reply but I've just returned from a trip to Europe and only opened my mail this morning.

I have no objection to the relocation of the older building and I've no objection to the construction of the new home. My only concern is I believe there is to be a roof terrace on the new home which if that is correct will look directly over my garden and into my bedroom. My obvious objection is a total lose of privacy. Also as yet I'm unaware of the square footage of the new construction. It seems to me that extremely large houses over 4000 square are being built all around me it's hard not to feel overwhelmed by them.

Looking forward to hearing from you

Janice Slagter
