

MOTION SHEET TO AMEND ITEM 45

Amend the Resolution to add a new “Be It Further Resolved” Clause that reads:

BE IT FURTHER RESOLVED:

The City Manager is directed to explore the practical and legal feasibility of creating an administrative process that would allow owners of a property subject to Compatibility Standards to request a waiver to Compatibility Standards if agreed to by owners of triggering properties. If the City Manager determines that this kind of process is feasible, the City Manager is directed to prepare any amendments necessary to create the process.
