

## PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, **you are not required to attend**. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (*it may be delivered to the contact person listed on a notice*); or
  - appearing and speaking for the record at the public hearing;
- and:
- occupies a primary residence that is within 500 feet of the subject property or proposed development;
  - is the record owner of property within 500 feet of the subject property or proposed development; or
  - is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 10 days after the decision. An appeal form may be available from the responsible department.

For additional information on the City of Austin's land development process, visit our web site: [www.austintexas.gov/devservices](http://www.austintexas.gov/devservices).

Written comments must be submitted to the contact person listed on the notice before 9 a.m. the day of the public hearing to be added to the Late Back-up and viewed by the Board the night of the meeting. Your comments should include the name of the board or commission, or Council; the scheduled date of the public hearing; the Case Number; and the contact person listed on the notice. All comments received will become part of the public record of this case.

Comments:

I think the 5' barrier is important for most homeowners. I believe letting one home avoid that barrier allows certain homeowners to evade their restriction while everyone else ignores that restriction. A garage is not a valid reason to ignore the rule.

Comments: My objection stays the same as 6-9-23. The buildings on this lot are already sitting on the property lines. The requested variance would put buildings up to the property lines on three sides. This would further increase the impervious cover and how it would effect run off into Blum Creek & the surrounding to be

Comments: AS STATED IN MY 6.9.2023  
OBJECTION, THE CURRENT STRUCTURES  
ENVELOACHING ON THE SOUTH & EAST  
PROPERTY LINES - WITH A VARIANCE - 3  
PROPERTY LINES ARE TOUCHED. HOW/WHY  
WOULD THE CURRENT LAND DEVELOPMENT CODE  
ALLOW THIS? ALONG W/ INCREASED IMPERVIOUS  
COVER? SETS A BAD PRECEDENT.
