Hi Jonathan,

I wanted to submit a comment in support of C14-2022-0174 and C14-2023-0036 that are up for discussion at Planning Commission today, July 25, 2023. I hope it's not too late!

I live at 2717 S Lamar, at the complex across the street from both of the proposed zoning changes. I support the changes as I believe they will allow the neighborhood I love living in to continue to grow, become more walkable, and allow others to enjoy living so close to the amazing restaurants, parks, and transit off South Lamar.

Case Number: C14-2022-0174
