ZONING AND PLATTING COMMISSION ACTION / RECOMMENDATION:

CITY COUNCIL ACTION:

ORDINANCE NUMBER:

ISSUES: N/A

CASE MANAGER COMMENTS:

The property in question is a vacant suite within a 0.91 acre lot that is currently developed with a commercial retail center (Parmer Ridge Plaza) located at the northwest corner of E. Parmer Lane and Dessau Road. The lots to the north and west are developed with a restaurant uses. To the east, across Dessau Road, and to the south across, Parmer Lane, there are services stations, with accompanying convenience stores. The applicant is requesting a 7,827 footprint area of CS-1 zoning to add a liquor sales use within the existing commercial center development.

The staff recommends Commercial-Liquor Sales district zoning as the property in question meets the intent of the requested district. The site is located within an existing commercial/retail center at the northwest intersection of two arterial roadways, E. Parmer Lane and Dessau Road and the proposed zoning will provide additional commercial services to the surrounding community.

The applicant agrees with the staff's recommendation.

BASIS OF RECOMMENDATION:

1. The proposed zoning should be consistent with the purpose statement of the district sought.

Commercial-Liquor Sales district is intended predominately for commercial and industrial activities of a service nature which typically have operating characteristics or traffic service requirements generally incompatible with residential environments, and specifically includes liquor sales as a permitted use.

2. The proposed zoning should allow for a reasonable use of the property.

The CS-1 zoning district would allow for a fair and reasonable use of the site. A 7,827 footprint of CS-1 zoning is appropriate at this location as it will be part of a larger retail development at the corner of a major intersection. It is consistent with surrounding land uses because of the commercial character of the area. The proposed rezoning will allow for additional retail uses to provide services to the multifamily residential developments to the north, east and south.

3. Zoning should promote the policy of locating retail and more intensive zoning near the intersections of arterial roadways or at the intersections of arterials and major collectors.

This property in question is located at the northwest intersection of two Level 4/major arterial roadways, East Parmer Lane and Dessau Road and is within the Dessau Lane and E. Parmer Lane Activity Corridors, as designated by the Imagine Austin Comprehensive Plan.

EXISTING ZONING AND LAND USES:

	ZONING	LAND USES
