## Residential Program Highlights

### ➤ Behavioral education

- Q2 2023 – Conservation and safety tips shared in the May customer newsletter

### ➤ Programmatic growth planning

- LiHeap/Bill Payment Assistance collaboration
- IRA (Inflation Reduction Act 2022) research
- BIL (Bipartisan Infrastructure Law – 2021) research

#### Get Your Natural Gas Appliances in Tip-Top Shape this Summer

Summer is the perfect time to tackle those household chores while the weather is nice. What better way to start than by making sure your natural gas appliances are in tip-top shape? Use these pointers to ensure everything is running safely to prolong the lifespan of your natural gas appliances and save you money through efficient operation.

1. Replace your air filters
2. Deep clean your natural gas stove
3. Inspect and deep clean your outdoor grill
4. Check and clean your dryer ventilation
5. Schedule inspections for your furnace and water heater before winter months

With proper care, efficient natural gas appliances are the building blocks for long-term money and energy savings.

#### Make Budgeting Easier with Average Bill Calculation Plan

Want to see less fluctuation in your monthly natural gas bill throughout the year? We have a solution! Check out our [Average Bill Calculation Plan](#):

- The Average Payment Plan is based on a 12-month rolling average of your natural gas bill.
- This is a way to reduce fluctuations by spreading out the cost throughout the year, making budgeting easier for you.
- Once you enroll, the plan will begin with your next bill.
