The contract will provide an alternative medical and pharmacy benefit plan to our post 65 retiree population. The City has sole responsibility for the plan design. The plan year for all services will be January 1, 2024 through December 31, 2024. The City is anticipating an expense reduction to the health plan expenditures upon implementation of this contract. This type of plan offering is not only cost-beneficial to retirees and the City, but also aligns with market benchmarks. Most municipalities and other entities that offer retiree medical benefits, do so through a Medicare Advantage plan.

A new contract must be finalized before September 1, 2023 to allow adequate time for implementation of the services for coverage to begin January 1, 2024 and for the Human Resources Department to develop

materials for Open Enrollment scheduled to begin October 9, 2023.
