FY 2024/2025 Service & Assessment Plan

INTRODUCTION

In 2004, property owners on East Sixth Street petitioned the City Council to establish the East Sixth Street Public Improvement District (PID). Owners incorporated as the non-profit 501(c)(6) organization, the Pecan Street Owners Association, and contracted with the City of Austin to manage the PID. In January 2008, the association began doing business as the Sixth Street Austin Association (Sixth). In 2019, more than 60 percent of property owners representing 90 percent of the property valuation signed petitions to reauthorize the PID.

During the Fiscal Year 2024/2025, Sixth will continue with its work guided by the mission to make the East Sixth Street National Register Historic District a source of pride to the Austin community while not duplicating the services provided by the Downtown Public Improvement District through the following:

- Educating and communicating for the preservation and enhancement of the district's unique historic character
- Creating a vibrant mixed-use district so that locals and visitors alike will utilize its diverse offerings; and
- Making Sixth Street an important economic and cultural asset to the community for today and future generations.

SUMMARY

The East Sixth Street Public Improvement District is a professionally managed area of downtown Austin that continues to face a myriad of challenges that are common in many similar entertainment districts. The area is well branded, even internationally. However, in recent years, the brand has been severely tarnished due to issues involving a notable increase in street violence causing a serious decline in both daytime and nighttime business. With the focused efforts proposed in this service plan East Sixth Street will continue progress toward realizing the vision of a vibrant, mixed-use historic district offering live music and entertainment that is a source of cultural and economic pride for Austinites.
